MEDFORD WIRES GUARANTEE FOR NEW YEAR'S CONTEST

Medford has wired a \$1500 guarantee for a post season game with Scott high school, Toledo, Ohio, the contest to be played on the Medford field. The game will probably be played at the Jackson county fair grounds.

During the illness of Coach Eddie Durno, who was recently operated on for appendicitis, Coach "Shy" Huntington, football mentor of the University of Oregon, will have charge of the red and black team.

Corvallis, Or., and Aberdeen, Wash., were anxious to play the eastern aggregation, but as Medford had submitted the first bid for the game, and was the first to post a guarantee, the game was set for southern Oregon. Washington high, of Portland, will also play the Ohio eleven.

**Gives Americans Chance To
Save Russians from Aftermath
of Starvation and Epidemics**

That the lack of clothing in Russia now is as acute today as was the scarcity of food there a year ago, and that millions of children and adults are unspeakably ragged, is the consensus of several reports made to Herbert Hoover, head of the American Relief Administration, by workers in the field. With the descent of a winter more severe than that of Canada and the northernmost United States, large numbers of those saved by food and medicine from America will die from exposure, it is predicted.

In the institutions where children have been cared for, few children have more than a single garment, consisting of flour sacking or other coarse material. And in the case of children living outside these places their plight is even more desperate, for few of them have any footwear to wear when they go through the snow to the American Relief Administration kitchens where they have been fed for more than a year. To ameliorate this, and to obviate the need of providing shoes in the clothing packages, 250,000 pairs of children's shoes with 250,000 pairs of stockings to match, were shipped in November. Few homes have any heat, Colonel William N. Haskell, head of the Russian A. R. A. work, reports. This will increase the suffering tremendously, and will swell the death toll.

Adults are fully as badly off, for their clothing has long since been worn far beyond its usefulness, and there has been little for sale until recently. And Russian clothing stores are asking 90,000,000 rubles for a pair of shoes, 100,000,000 rubles for a second-hand suit of clothing and 500,000,000 rubles for a poor-grade overcoat, while the pay of the average workman is 50,000,000 rubles a month!

To forestall this grim aftermath of famine and epidemic horrors, the American Relief Administration has put into effect a Clothing Remittance, modeled after the famous Hoover Food Remittance. By sending \$20.00 to the headquarters of the A. R. A., 42 Broadway, New York City, a package will be delivered to any special beneficiary designated by the sender. In each \$20 package there will be approximately the following clothing material: 4 2-3 yards of 56-inch, 20-ounce dark blue wool cloth sufficient for a suit of clothes for an adult or for outer garments for two children; 4 yards of black cotton lining, 16 yards of muslin sufficient to make four suits of underwear, 8 yards of bannette sufficient for two men's shirts or women's shirt-waists, and buttons and thread enough to make up the goods.

Any packages that are purchased for "general relief", with no specific beneficiary named, will be distributed among the most urgent cases by the American Relief Administration. Several hundred banks in the United States have consented to receive and forward funds for Clothing Remittances.

MACCABEE LADIES ELECT OFFICERS FOR NEXT YEAR

Margaret Review No. 22, W. B. A. of the Maccabee Ladies, held election of officers for 1923, at the last regular meeting. The following will hold office next year:

Frances Hobbs, commander; Josephine Wallace, collector; Hazel Haberly, lieutenant commander; Mabel Moor, past commander; Dora Payne, chaplain; Nina Carter, record keeper; Ida Fay Hull, sergeant; Maud Livingston, sentinel; Elsie Crowson, lady-at-arms; and Lena Nelson, picket.

MEDFORD MAN PARDONED BY ACTING GOVERNOR

SALEM, Dec. 13.—Two more men were released from the state prison here by Acting Governor Ritner—Winter Willis of Portland on a parole, and R. J. Rowen of Medford on a conditional pardon.

Rowen has served seven months on a three year term for the forgery of a deed. His pardon was recommended by Circuit Judge F. M. Calkins and District Attorney W. T. Miller of Josephine county.

YOU TELL 'EM, Mr. Carter—
"It's a bit crimping down our way, and it isn't sweltering in Portland," declared E. V. Carter, banker of Ashland, former member of the game commission, and one of the best-known citizens of southern Oregon. Mr. Carter bought a new sedan automobile and expected to drive it to his Ashland home, but the weather he considers, is too chilly even for an enclosed car during such a long ride. It is the intention of Mr. Carter to visit California this winter, but before going he wants to look around the lobby of the state house during the legislature. Mr. Carter was formerly a member of the state senate, and he has been speaker of the house, and the trip to the legislature would be just to see how the old place looks.—Morning Oregonian

Startling.
An East-end mignon got the shock of her life over the telephone the other day. The lady in question is extremely dignified, and conducts her whole life in keeping with a calm stateliness that is increasing with the whitening of her hair. In her quiet, slow, perfectly self-possessed manner and tone of voice, she called "Information," and from the person at the other end of the wire inquired concerning trains to a certain town. Imagine her emotions when said voice flippantly rasped out: "What time of the day do you want to go, girlie?"—Pittsburgh Chronicle-Telegraph.

Early Record of New York Brokers.
Among the records of the New York Stock exchange, the earliest, which bears the date of May 17, 1792, is as follows: "We, the subscribing brokers for the purchase and sale of public stocks, do hereby solemnly promise and pledge ourselves to each other that we will not buy or sell from this day for any person whatsoever, any kind of public stock at a less rate than ¼ per cent commission on the specie value, and we will give a preference to each other in our negotiations." This agreement was the foundation on which the great financial fabric of the new York Stock exchange has been reared. For a quarter of a century the brokers of the United States metropolis carried on their activities under this compact, and held their meetings in a Wall street coffee house, and under a buttonwood tree at 68 Wall street.
