Domestic Science Schools Use Calumet

Where baking is done scientifically—where ingredients stand or fall under exacting tests, you find Calumet Baking Powder used more often than any other brand.

—the choice of over hundreds of brands—the perfect leavener—pure—uniform.

Keep this in mind when you buy baking powder, because it is of vital importance to successful—dependable baking.

The purchase price of baking powder does not determine its economical merits—results tell the story.

That's why the sale of Calumet is 2 1/2 times as much as that of any other baking powder.

A pound can of Calumet contains full 16 ounces. Some baking powders come in 12 ounce instead of 16 ounce cans. Be sure you get a pound when you want it.

THE CLEARING HOUSE OF NATIONAL THOUGHT

Do you know that Uncle Sam conducts the largest printing-plant in the world? It requires five thousand people and a plant worth five million dollars to produce the printing utilized in operating the government.

Then there is the seven million dollar building—one of the most beautiful in the world—housing the Library of Congress.

The story of the small beginnings of these two great institutions, their steady growth, and their present importance in the work of the nation, is told in an attractively illustrated folder of the series on Our Government now being issued by this Institution.

There has been a great demand for these stories and it is evident that they have been doing a valuable work in informing the people of this community about our government.
