27 PASSENGERS CREW BELIEVED LOST IN STORM

GREAT LAKES TUG STRIKES ROCKS DURING RAGING BLIZZARD

LIFEBOATS DISCOVERED FLOATING OVERTURNED

Two boats from "Reliance" Carried Members of Crew; Eight Thought To Have Been Saved; Captain on Way for Supplies.

SAULT STE. MARIE, Mich., Dec. 18.—The lives of 27 passengers and crew members of the tug "Reliance" are almost certain to be lost with the finding of two overturned life boats known to have carried the party. The tug dashed against hidden rocks off Lizard island last Wednesday.

Eight were saved from the wreck, is the report of the tug "Favorite" going out to rescue the vessel, but it is believed the men are dead from exposure, since the island is wind-swept.

The boat was picking up lumber jacks from camps along Lake Superior, and was forced by the fierce gale to seek shelter. Food and fuel were giving out. The captain was forced to choose between death there or making a run for port to secure supplies.

The craft fought its way through the blizzard until it smashed on the hidden rocks.

I.W.W.'S AGGRIEVE GENERAL STRIKE

CHICAGO, Dec. 18.—An agitation for a general strike of all workers in the principal cities in the principal industries of the United States to force the release of the 64 remaining war espionage prisoners is being planned by the general defense committee of the Industrial Workers of the World.

New tactics were mapped out at a special meeting of the delegates in convention here.

RABIES ARE SUSPECTED OF CAUSING DEATH OF RANCHER

ONTARIO, Or., Dec. 18.—Rufus Ward, a rancher whose home was near New Plymouth, Idaho, died at the Holy Rosary hospital under circumstances which have baffled the physicians called to care for him. Ward was found unconscious at his home and New Plymouth physicians brought him to Ontario, where Dr. W. J. Reese was consulted.

Ward never regained consciousness and from his actions the physicians decided that he was suffering from rabies. A postmortem examination was made today and still the cause was not determined. Samples of his brain were sent to the state bacteriologist for examination. Ward was a bachelor.

REINHART WINS CASE IN LOCAL JUSTICE COURT

The case of Reinhart vs. Mitchell was tried in Justice Gowdy's court Saturday afternoon, and resulted in a verdict for the plaintiff in the sum of \$189, the full amount asked for in the complaint.

The case grew out of an auto accident which occurred several months ago at the corner of North Main and Granite streets, when the Reinhart car, driven by Mr. Reinhart's daughter, was struck full in the side by a car driven and owned by J. W. Mitchell, of Medford.

The Reinhart car had only been used 16 days at the time of the accident, and was so damaged that in order to remove all marks of the smashup, an entire new body would have to be placed on the car.

The defence offered no evidence in the case, as they expected to appeal from the justice court.

Attorneys Briggs and Briggs represented the plaintiff, while Attorney Porter J. Neff was Mr. Mitchell's lawyer.

SPLENDID PROGRAM NOW ARRANGED FOR CIVIC CLUB MEETING

At the Civic club meeting on Tuesday, December 19, at 2:30 o'clock, Mr. J. H. Doran will throw on the screen over 60 colored slides of southern Oregon. The program for the coming year is in the hands of the printer, but will not be ready for distribution until January.

Among noted speakers who will be present will be Miss Anne Shannon Monroe, of Portland, author and lecturer; Judge F. M. Calkins, of Medford, who will speak on "Women as Jurors"; Prof. Sweetser, of the University of Oregon, with his interesting lecture and pictures of Oregon wild flowers; Prof. I. E. Vining, of Ashland, in one of his vital lectures; Mrs. Carter (Susanne Homes), Jackson county school superintendent; and Mrs. Gailey each speak on educational problems of Jackson county and Ashland, and there will be several excellent musical programs.

Hostesses for the year have been appointed, and a social hour will follow each program. Admittance to these lectures will be by membership ticket, price \$1. A charge of 25 cents will be made to non-members, and both men and women are cordially invited to attend.

Thanks to Mr. Winburn, the club house is free from debt. The entire support now rests upon the Civic club. Thus far, the building has been rented to cover all running expenses. Through the courtesy of the city council in granting land, free water and lights, the Civic club is able to assist with Miss Fallidine's work and extend certain courtesies to the Red Cross. The Civic club needs the support of every public-spirited woman in Ashland. With a large membership the Civic club will be able to continue its old-time program of service, for Ashland, and pleasure and education for every individual member.

GUARD SERVES 12,000 MEALS DURING WEEK AT ASTORIA

SALEM, Dec. 18.—More than 12,000 meals were served by the Oregon national guard detachment at Astoria during the last week. Last Saturday immediately after the fire, 519 were fed. Sunday the total jumped to 1743. Wednesday was the largest day of the week, when 2142 people were served.

The cold weather has caused an increased demand for woolen army blankets from the National Guard stores shipped to Astoria. More than 900 blankets and several hundred coats were issued the latter part of the week.

The Salem Kiwanis club sent \$106 to Astoria to be used for the relief of fire victims there. A telegram also was sent to President Harding urging congress to appropriate \$3,000,000 for the relief of the stricken city.

The town of Willowa, eastern Oregon, is planning a community house.

HARDING TELLS GOVERNORS TO BEAR DOWN HARD

DISCUSSES MEANS OF CLAMPING DOWN THE LID ON DRY ENFORCEMENT

CLOSEST CO-OPERATION IS DEEMED NECESSARY

President Declares State and Federal Men Must Work Together in Harmony to Obtain Best Possible Results; Olcott Is Present.

WASHINGTON, Dec. 18.—Governors of 15 states will meet the president here to discuss ways and means of clamping down the prohibition enforcement lid. Harding says that dry agents, federal and state, must work in closest co-operation and only in this way can the "national scandal" of prohibition laxity be dealt with.

The question of the propriety and expediency of the dry law is not an issue of this conference. President Harding is concerned with effective enforcement. He says the enforcement task is hopeless unless state officials co-operate.

Governor Olcott, of Oregon, and Governor Davis, of Idaho, are among those present.

DAIRY COURSE WILL BE OFFERED AT O.A.C.

Learning to take full charge of a high class dairy herd either for breeding or milk production takes a long time at best, but this time is materially reduced in a new course for dairy herdsmen offered at O. A. C. January 2 to June 10.

"The herdsmen's course seems just suited to my condition," writes a young man from central Oregon to P. M. Brandt, chief of the dairy department. "I have not finished the high school and could not take the full four year work in dairy husbandry. If any room is still left, make me a reservation."

Care of the herd in pasture, lot and barn, handling, grooming, milking, feeding and breeding, will be taught by instruction, laboratory training, and experience with purebred college herds. Some of the college cows are on test and must have skillful care, and when students get far enough into the department confidence to take over the care of these champion cows, they will have some recommendations that other dairymen will be interested in.

FRANCE NEEDS 12 NEW SUBMARINES, IS CLAIM

PARIS, Dec. 18.—France requires 12 new submarines of at least 1200 tons each, declares Le Matin, which warns the government that the present fleet of submarines is not sufficient protection for the French coasts. Of the fifteen reliable submarines in the French fleet now five were received from Germany at the time of the armistice.

WALLACE REID SUFFERING FROM ATTACK OF "FLU"

SYSTEM WEAKENED BY EFFORT TO BREAK NARCOTIC HABIT

BLOOD PRESSURE IS REPORTED ABNORMAL

Movie Actor Fights Drug Grip Through Individual Efforts; Will Hays Views Condition of Star with Pity, Not Scorn.

LOS ANGELES, Dec. 18.—Wallace Reid, motion picture star, is suffering from a severe case of influenza, rather than an over indulgence in alcoholics or the use of narcotics, two physicians told the International News Service today. He is suffering from intestinal trouble and an abnormal blood pressure. Doctors believe he has passed the crisis, although he is still very weak.

The actor's condition is declared to be the direct result of his individual efforts some months ago of breaking himself of using various narcotics. Although succeeding, his system was in such a condition that he collapsed.

Will Hays, czar of the movies, assumed an air of pity rather than of scorn when he was informed of Reid's condition.

CORVALLIS HIGH TO PLAY OHIO EVENING

Scott high school, of Toledo, O., claimants of the national scholastic gridiron championship, has accepted an offer to play the Corvallis high school eleven at Corvallis New Year's day, says the Portland Journal. This will be the only game the Ohioans will play on their trip to the Pacific coast.

The following message was received by W. P. McMasters, principal of the Corvallis high school, Saturday night: "Scott accepts your offer of \$4000 for only game on Pacific coast New Year's day. Officials must be acceptable to both schools and list submitted by Monday." The message was sent by Fred L. Seiberts, manager of the Scott team.

Washington high school, of Portland, Medford high school, and Aberdeen, Wash., sought games with the eastern champions. Business men of Corvallis raised the \$4000 guarantee in less than two hours, according to a long distance call from Corvallis Saturday night.

WEATHER FOR THE WEEK

WASHINGTON, Dec. 18.—Weather outlook for the period of December 18 to December 23, inclusive, is forecast as follows: Pacific Coast States—Considerable cloudiness with occasional rains. Temperature near normal. Northern Rocky Mountain and Plateau Regions—Generally fair and cold, but with probability of snows middle of week.

ELMO S. NEIL DROPS DEAD AT HIS HOME SATURDAY EVENING

Elmo S. Neil dropped dead Saturday night at his home east of the city, as he was changing his clothes preparatory to coming to Ashland.

Mr. Neil had been out all day riding the range and came home in the late evening, took a bath and changed his clothes. He sat down by the stove to put his shoes on and died without a word to anyone. He was alone in the house with his wife who called his brother as soon as she saw that something was wrong, but all life had left him long before the brother or the doctor who was also called, arrived at his bedside.

Mr. Neil was born in the valley and had spent all of his 41 years in and about Ashland. His parents, Mr. and Mrs. L. A. Neil, came to this vicinity in the 50's and pioneered in the valley.

Mr. Neil's parents both preceded him in death, and he is survived by his wife, Mrs. Pearl (Parker) Neil, one brother, Jesse Neil, and two sisters, Mrs. King and Mrs. Gerald Torrence. Jesse Neil lives on the old home place while the sisters are both residents of the eastern part of the country.

Funeral services will be conducted from the Elks' temple at 2:30 o'clock Wednesday afternoon, with interment at Hargadine cemetery.

DENVER MINT IS OBJECT OF RAID BY HIGHWAYMEN

DARING DAYLIGHT ROBBERY NETS BANDITS \$200,000 IN LOOT

ROBBERY SAID FIRST IN HISTORY OF U. S.

Heavy Rifle Fire Exchanged Between Outlaws and Guards; One Is Killed; Escape in Machine After Down-Town Batt'e.

DENVER, Colo., Dec. 18.—Staging one of the most daring daylight robberies since the days of the old west, four heavily armed bandits held up a United States mint automobile and escaped with three sacks of money containing \$200,000.

The bandits drove up to the mint when the machine carrying the money left the institution. They opened fire when the guards resisted. Charles Lenton, a guard, was knocked from his seat with a bullet in his stomach, and later died.

Fifty employes of the mint, hearing the shooting, opened fire with shotguns and rifles from the windows of the mint. One of the bandits fell, but his companions picked him up and escaped in the machine.

The robbery was in the business section of the city and scores of people looked on. The gunmen dared a terrifying rain of bullets fired by the mint guards in getting the money.

It is declared to be the first incident of its kind in the history of the United States mint.

PIERCE DISLIKES ROAD CONDITIONS

PORTLAND, Dec. 18.—Governor-elect Pierce, insisting that the highway commission is in a deplorable condition, suggests that the time has come for a paid highway commission to be appointed by the governor is at hand.

He says the highways are unfinished and some of them are breaking down. He will recommend such a commission to the legislature.

ELAINE OLIVE FREELAND AND OMAR REITMANN MARRY

Omar Reitmann and Elaine Olive Freeland were quietly married Sunday afternoon at the home of Mr. and Mrs. George P. King, at 6 Beech avenue.

Mr. Reitmann is a civil engineer and has been employed for some time on the Crater Lake highway through the northern part of the county and during the past few weeks has been engaged in bridge work on the highway. Mrs. Reitmann is the daughter of Mrs. Freeland, who lives near Trail, and a cousin of Mrs. King, at whose home the wedding occurred.

The young people expect to take a wedding trip of a few weeks, after which they will return to the northern part of the county until the work in which Mr. Reitmann is engaged there is completed.

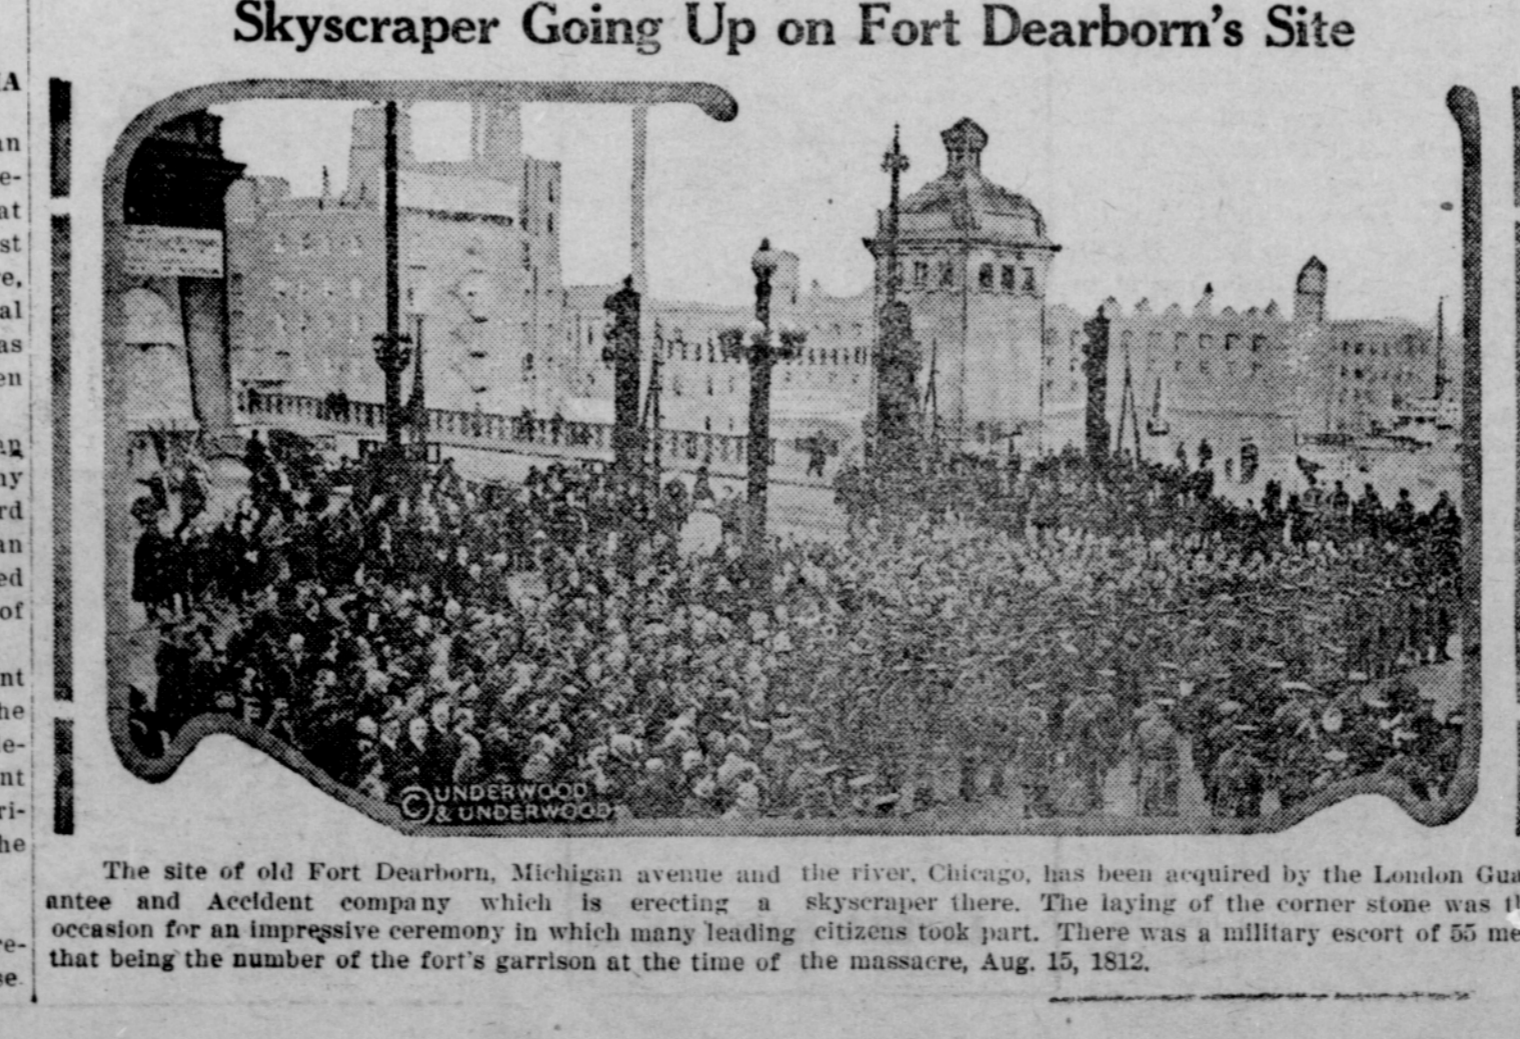

Only immediate members of the bride's family were present at the wedding among who was a brother, Eugene L. Freeland and wife, her mother, Mrs. Freeland and Mr. and Mrs. George P. King.

HAPPY FEET SECRET OF DANCING, SAYS DANSEUSE

CHICAGO, Dec. 18.—"Happy, contented feet," are the secret of beautiful dancing, according to Madame Anna Ludmila, 18 years old, premier danseuse of the Chicago Civic Opera association, which has just opened the season here.

"The one thing a dancer must forget is her feet," said Madame Ludmila. "This is possible only when they are comfortably, correctly and beautifully clothed as well as perfectly trained. Only when a dancer's feet are happy and contented is good dancing possible on or off the stage."

A want ad will sell it.

The site of old Fort Dearborn, Michigan avenue and the river, Chicago, has been acquired by the London Guarantee and Accident company which is erecting a skyscraper there. The laying of the corner stone was the occasion for an impressive ceremony in which many leading citizens took part. There was a military escort of 55 men, that being the number of the fort's garrison at the time of the massacre, Aug. 15, 1812.
