CHILD WELFARE MEETING AT MARYVILLE, MO.

Mr. Toy, who is a personal friend of Mr. Weaver, writes as follows:

"It has come to my attention the last few days that the people of Oregon and Washington cannot understand why the California highway commission has not finished that principal road—the Pacific highway—which continues the Oregon-Pacific highway."

"This is one matter that the California highway commission would like to finish at once. This road was provided for in the first bond issue; it was also provided for in the second bond issue. The third bond issue of \$40,000,000 provided that \$20,000,000 should be spent in finishing the first and second bond issue highways."

"When we took office under Governor Richardson, on January 9 of this year, all of these moneys, provided to finish this main and most important road, had been spent. We are now in the position of being unable to spend any bond issue money on this road, and will not be able to do anything much on it until the next legislature meets and provides funds."

"You will see from the facts as stated in the foregoing that we are in a deplorable position."

RHEUMATISM LEAVES YOU FOREVER

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-four Hours.

Every Druggist in this country is authorized to say to every rheumatic sufferer that if a full pint bottle of Allenru, the sure conqueror of rheumatism, does not show the way to stop the agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

Allenru has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and pitious and where the patient was helpless.

Mr. James H. Allen, the discoverer of Allenru, who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenru decisively conquers this worst of all diseases, and he has instructed druggists to guarantee it as above in every instance. (East Side Pharmacy can supply you).

LOS ANGELES NEAR MILLION POPULATION

LOS ANGELES, Aug. 15.—Declaring in his annual report that the population of Los Angeles is now 900,000 residents and that more requests for street and other civic improvements have showered his office than at any other time. City Engineer Griffin has bared surprising figures to the Board of Public Works.

The population of Los Angeles has increased 20 per cent during the last year and has grown from 575,450 in 1920, to 900,000 or an increase in that short time of 57 per cent. Griffin's report stated:

Engineer Griffin summarized the past year's business in his department as follows:
Square miles annexed to city, 24.75.
Plans, maps and profiles filed, 2,345.
Miles scaffolding and oiling of streets asked, 3,82.
Miles street pavement asked, 129.74.
Miles grading and oiling asked, 34.95.
Miles curbs, sidewalks and gutters asked, 18.40.
Street improvement ordinances submitted, 191 (132 during 1922).
Street improvements completed during 1922, \$3,608,752.36.
Miles of streets improved, 33.13.
Miles improved with curbs, sidewalks, etc., 44.41.
Of the city's 3,261 miles of streets, 1,823.68 miles remain unimproved.
In 1922 5.6 miles of storm drain, costing \$121,438, was built.
Miles of sanitary sewers built, 83.1, costing \$802,884.63.

VETERANS' HOSPITALS BEING BUILT RAPIDLY

WASHINGTON, D. C., Aug. 15.—Construction of hospitals for disabled war veterans is progressing in a far more satisfactory manner to the American Legion than heretofore, according to Legion officials in Washington. Efforts are being redoubled to secure a general surgical hospital at Portland, Oregon for disabled men.

FRENCH REVOLUTIONARY SOLDIERS GET MONUMENT

NORFOLK, Va., Aug. 15.—Erection of a national monument in memory of French soldiers and sailors buried at Yorktown who were killed during the Revolutionary War is proposed by Col. E. E. Goodwyn, commander of the Virginia Department, American Legion, and other legionnaires, who will bring up the matter at state and national conventions of the organization. One plan proposed is for the legion to obtain an appropriation from Congress for the construction of the memorial.

KLAMATH CHAMBER WORKS ON PICNIC

The Klamath Falls Chamber of Commerce is making every effort to assure the success of the big southern Oregon picnic at Crater Lake planned for Sunday, August 19th, according to the Medford Mail-Tribune, and there seems to be very indication that there will be a generous representation from their city. The Klamath Falls committee is anxious that Medford be well represented and their invitation to local people is most cordial. A good turn out from every community of southern Oregon will spell success for the proposed plan of a regular annual get-together which will enable these communities to better cooperate in developing southern Oregon as a whole.

When the people from various points in this section assemble a week from tomorrow, spokesmen from each district will voice the ideas and views of their towns. These exchanges of opinions and ideas will be of mutual benefit to everyone who attends, it is believed by those who are sponsoring the picnic. Louis Ulrich, one of Medford's best known and best liked citizens will represent the Medford Chamber at the southern Oregon picnic, according to Volney Dixon, chairman of the Medford picnic committee.

There will be the social side, of course, to next Sunday's picnic. All who attend will furnish their own lunches and those in charge of arrangements will spare no effort to show the ma good time.

Eugene—Carload canned goods being shipped out every day from Eugene Fruit Growers' association plant.

Union Pacific System expects to extend its line from Crane to Burns.

ATTEMPT TO PAVE CALIFORNIA ROAD

ROSEBURG, Ore., Aug. 15.—The California Highway commission at the next session of the California legislature will endeavor to obtain funds to pave the Pacific highway in the northern part of that state, according to a letter received by W. J. Weaver of the Umpqua hotel of this city, from Harvey M. Toy, chairman of the California highway commission.

Deep-sea creatures depend on those at the surface for their food.

IT IS FUNNY

The way some minds work. Take for instance the mental attitude of the man who, hides a \$30.00 watch under his pillow at night, yet he parks his car on a dark street for hours at a time with a \$30.00 spare tire that has no protection.

The number of tires stolen is said to be appalling. The appalling thing is that so few are stolen when the opportunity is so great.

Considerably more than half the cars that pass you daily are carrying spare tires and wheels that have no protection!

Every car owner should have at least two pad locks, one for his garage or tool box and one for his tire carrier. We have a full line of the Celebrated

YALE and TOWNE PAD LOCKS
