PRESENTING EARLE WILLIAMS IN THE BEST ROLE OF HIS CAREER

After twelve years as a Vitagraph star, Earle Williams has left that organization to be featured under Metro-Louis B. Mayer auspices in the Reginald Barker production of "The Master of Women."

Earle Williams is the gallant Sergeant Neil Tempest in the massive Reginald Barker spectacle drama, "The Master of Women."

In these days of constantly changing studio personnel, when casts are assembled anew for each picture and the average film player works in from ten to twenty studios during the course of a year, Earle Williams' affiliation of a dozen years with the Vitagraph Company stands out as an enviable long-distance contract record.

Mr. Williams has already worked into his characterization of the courageous Sergeant Tempest, and regally in the Royal Northwest Mounted Police about Athabasca Landing, Alberta, Canada, where Mr. Barker is filming many of the outdoor scenes for "The Master of Women." Among the others in the cast are Renee Adoree, Barbara La Marr, Pat O'Malley, Wallace Beery, Josef Swickard, Pat Harmon, George Kuwa, Robert Anderson, Ed J. Brady and Joan Lowell.

SOME superior people pretend to despise money. The only people who can afford to despise money are those that take care of it properly. This bank is here to enable you to do that.

IT IS FUNNY

The way some minds work. Take for instance the mental attitude of the man who, hides a \$30.00 watch under his pillow at night, yet he parks his car on a dark street for hours at a time with a \$30.00 spare tire that has no protection.

The number of tires stolen is said to be appalling. The appalling thing is that so few are stolen when the opportunity is so great.

Considerably more than half the cars that pass you daily are carrying spare tires and wheels that have no protection.

Every car owner should have at least two pad locks, one for his garage or tool box and one for his tire carrier. We have a full line of the Celebrated

THE PRINCIPLE IS THE SAME

The dollar sent out of town for dry goods, groceries, or other articles used in the home or on the farm is a dollar placed in circulation in the money channels of another town.

Likewise, the dollar sent out of Ashland for

JOB PRINTING

is a dollar that never returns—the principle involved is the same.

Ashland firms are entitled to Ashland printing, even though they do not compete with cut-throat firms. We ask only a living price, for which we give high grade stock and first quality printing.

The cut-price firm is here awhile, then gone. It is our desire to remain in business permanently and remain a permanent fixture of your town.
