

### LOCAL AND PERSONAL NOTES

A Daily Chronicle of those who come and go, and events of local interest.

**Mrs. Sugg Entertains**—Dr. Gildersleeve and wife visited at the home of Mrs. J. H. Sugg this week. Dr. Gildersleeve and wife have motored from Eldon, Iowa, which was their home, but are en route to Southern California where they will look for a permanent location. Mrs. Gildersleeve is a niece of Mrs. Sugg.

**Business in Medford**—E. O. Smith, local poultry man, motored to Medford today on a business trip.

**Miss Detrick Home**—Mrs. Helen Detrick has returned to her home after visiting with the Schwein family at Lake of the Woods. Miss Detrick thoroughly enjoyed her vacation. The Schwein's will probably be at the lake ten days before returning to their home.

**Ashland Attractions**—Mrs. Patterson, accompanied by her children, Edith, Ted and Harold, are home from an extended visit at Roseburg. Mrs. Jones, a daughter of Mrs. Patterson was visited while there.

**Successful Hunting Trip**—Mr. and Mrs. F. D. Swingle and son have returned home from a hunting, camping and motor trip. The territory in Eastern Oregon as far as Deschutes River was visited by the Swingles, who are well versed in Oregon's famous hunting places. Mr. Swingle was able to bring home the limit of deer, which is saying more than the ordinary hunter has done this season.

**Here from Washington**—Mr. and Mrs. J. L. Phillips and son spent last evening at the home of R. P. Porter. Mr. and Mrs. Phillips are very old friends of the Porter family and have been living at Montezano, Washington. They were en route to Long Beach, California.

**Will Arrive Tonight**—Mr. and Mrs. and Miss Harris from Gazelle, California were expected to arrive in Ashland to visit at the home of Mr. and Mrs. A. Butler, and other Ashland friends. The Harris family were expected a few weeks ago, but were unable to come to Ashland on account of sickness.

**Mrs. Wick Leaves**—Mrs. J. R. Wick left today for Portland, where she will visit her son, Ernest. From Portland, she will go east to New York and other states to visit before going on to Florida to spend the coming winter with her mother. Mrs. Wick is one of the most charming Ashland matrons and her popularity can be vouched for in other cities.

**Here from Portland**—Mr. and Mrs. H. V. Smith, accompanied by Donald and Margaret Smith, are in Ashland this week visiting at the home of Mr. and Mrs. A. P. Abbott. Miss Margaret Smith is a well known Portland girl and became acquainted with Etha Abbott the past winter. Their visit in Ashland is being a pleasant one and they will return to Portland early next week. The trip is being made by motor.

**Larkin Grubb Please Notice**—Miss Lilly Grubb and sister, Mrs. Kollopp, who have been visiting at the home of Mrs. J. E. and Millard Grubb, left yesterday for the south. They have been in Ashland a few days, having come from Chicago, Illinois.

**Departing for Drain**—Miss Mildred Beeson left today for Drain, Oregon, where she will teach school this winter. Miss Beeson has the pleasure of taking the school Miss Mabel Trott taught last year. She will probably return to Ashland at Thanksgiving to visit her parents and friends.

**Mrs. Dennis to Come Home**—Mrs. J. N. Dennis is expected home tonight from Buckhorn Lodge, where she has been vacationing for the past month. Mrs. Dennis no doubt has been benefited by the change of surroundings.

**Gregg Entertains**—Rue Mowrey, accompanied by his mother and sister, stopped in Ashland a few hours last night to visit Dwight Gregg. Mowrey is a fraternity brother of Gregg's and comes from Portland, but was en route to San Francisco.

**Other Campers**—Ira Smith and Bert King, both former Ashland residents, with their families are camping in the park a few days. Both men are well known in Ashland as Mr. King at one time worked on the railroad and Mr. Smith was employed in Vaupel's store. Mr. Smith is in business in Tillamook

as he is the proprietor of Smithy's Store. Bert King and family also live in Tillamook. They expect to go south before returning to Tillamook.

**Labor Day Visitors**—Mrs. Docia Willett Pindall of Portland is expected in Ashland to visit at the home of Mrs. Waldo Klum. Mrs. Pindall is well known in Ashland and will probably be entertained extensively before returning to Portland.

**Ashland Visitor**—Mrs. Jennie Hurn is visiting at the home of her aunt, Mrs. Walker on Second street a few days. Mrs. Hurn comes from Klamath Falls and has visited Ashland several times previous.

**Business Man in Portland**—A. G. Moss left Wednesday evening for Portland on a business trip. He is expected home today.

**Mr. Miller Migrates**—W. Y. Miller and son returned to Paisley today to join the remainder of his family, who are moving to Ashland as soon as convenient for the winter. Mr. Miller will go by motor.

**Visiting from Sisson**—Mr. Alice Simcox and son Earl, from Sisson, California, arrived in Ashland Wednesday morning to visit at the home of Mrs. Simcox's father, Charles Haight on East Main street. They expect to return to their home tomorrow.

**Building Being Remodeled**—The building to be occupied by the Lithia Bakery, formerly occupied by Orres Tailor shop, is being thoroughly renovated and re-decorated before the new parties will move into it. W. S. Stennett is taking care of the improvements which will add much to the attractiveness of the eastern end of the business district.

**Mining Enthusiasts**—A. E. Hildreth and J. S. Mattos, who lives in Oakland, were in Ashland last night visiting local friends. The men plan to go to Quincy on Feather river, where they have mining interests. Crater Lake was visited before they came to Ashland.

**Oldfields Return**—Rev. W. Judson and Mrs. Oldfield returned to Ashland Wednesday from their two week's vacation. Mr. and Mrs. Oldfield visited at Nye Beach during the entire time they were away and were thoroughly pleased with their outing. Mr. Oldfield says there is no better place on the coast than Nye Beach for tourists who desire rest and quiet. Many interesting events happened to make their stay delightful and long remembered. The accident of the ill-fated aeroplane that fell into the sea happened during the two weeks the local vacationists were at the beach. Many well-read people were visiting the same period the Oldfields were near the ocean, so that their two weeks were filled to the brim and running over with pleasure.

**Visit Coos County**—L. A. Roberts and daughter, Rowena, expect to leave Sunday for Coos County, where they will visit relatives and friends during the coming week. The Coos County Fair will be held at Myrtle Point during the week the local people are there and owing to the fact that the Roberts family have lived in Coos county many years, scores of friends will be seen that would otherwise not be met. Bandon, Coquille, Myrtle Point, Marshfield and many other towns will be included in their itinerary.

**Prominent Man Appreciates Band**—A. S. Rosebaum, District Passenger and Freight Agent of the Southern Pacific with offices located at Medford, called in Ashland Wednesday on business. He, and a party of friends, attended the band concert in the evening, and were loud in their praise for the variety of numbers given and the agility with which the members played. Mr. Rosebaum expressed himself as highly pleased and would bend every effort to be present at the next concert, Wednesday evening.

**RIVER JUNGLES FIRED TO GET RID OF HOBOES**—YUBA CITY, Calif., Aug. 31.—Many hoboes lost their "happy homes" when City Marshal Masten decided upon fire as a method of ridding the jungles of Feather River, north of Yuba City, of the "Weary Willies."

A drunken orgy of several days ago determined the marshal on his course. Improvised shacks of old tin, sacks, shingles and rags went up in smoke as a hint to the undesirables that their room is preferable to their company.

### SEASIDE IDEAL FOR CONVENTION

SEASIDE, Aug. 31.—Convention at Seaside, the Trail's End City, September 6, 7 and 8 will give to the legionnaires of Oregon the open sesame to the states playground, rich in its natural beauty, historical setting, and varied amusements.

The 7th Infantry Band of the United States Army will be one of the big features of the convention. Ranking as equal to the U. S. Marine Band, the organization will undoubtedly prove its outstanding ability in delighting its listeners during the three days with concerts every evening.

Vacation—a convention vacation, without perspiration is the promise for this year. No brow-mopping parades, no mosquito-tortured street corner watchful waiting! Everything will be "forward march on the double quick" with no "taps" where the cool breeze carries the salt tang of the Pacific.

Historical charm lingers about the city. Now officially designated as the end of the Lewis and Clark Trail, and the terminus of the famous Columbia River Highway of which Oregon is so justly proud.

One of the most famous historical spots related to the story of the exploration of the Northwest is the Salt Cahn which is located near the south end of the Promenade. Here is one of the few actual evidences that one hundred and eighteen years ago, the Lewis and Clark expedition established their last permanent camp in order to salt down meats for their long trek back to civilization. Over their camp, a flag was raised, thus claiming for the United States, the wonderful state of which this modern health resort and vacationists' mecca is a part. Seaside, has the distinction, also of being the end of the Old Oregon Trail.

To make ready for the legionnaires of Oregon—to make their plans now to come to the city who wants them—Seaside, by the Sea, and give the climate and superb environment of that city a chance to re-stock their heart-warmed "pep."

### PLACER COUNTY BAND WILL ATTEND REUNION

AUBURN, Calif., Aug. 31.—The Placer County Band will be taken to the Seventh Annual Placer County re-union at Mosswood Park, Oakland, September 16th, according to the plans of W. A. Shepard, president of the re-union, and James E. Walsh, local banker.

### EAGLE POINT MAN COMMITS SUICIDE

Benjamin H. Brophy, 40, Eagle Point rancher, committed suicide Wednesday morning by shooting himself. It is said that the act was prompted by worry over financial difficulties.

Fred McPherson, a brother-in-law of the principal in the tragedy, called at the Brophy home yesterday morning to borrow a dog with which to go hunting. Wondering whether the dog would stay in the car or not, he asked Brophy, who answered by saying he would go and get a rope to tie the dog in the car. He went into the basement of his residence and a moment later the fatal shot was heard.

Brophy had placed the muzzle of a .22 Hi-Power rifle against his chest and had shot himself through the heart. The arteries were severed from the heart and the heart was shattered, according to the coroner, who states that death was instantaneous. Dr. W. W. P. Holt was called and later Coroner John Perl was summoned.

It is said that while on his Butte Falls ranch about a week ago Brophy, in conversation with Dave Rummell, had voiced his intention of taking his life. Later he is said to have told Rummell that he had changed his mind and had asked him to speak to one of his former intentions. Brophy had been a resident of different parts of Jackson county for a period of 25 years. He is survived by his widow, Annie, and two daughters, Gwinn and one son, John, all of whom live on the ranch near Eagle Point. Funeral services will be held at the grave in the Central Point cemetery this afternoon at four o'clock. Rev. E. P. Lawrence of Medford officiating. The services are in charge of the Perl Funeral home.

Douglas county has organized a rural credits union.

### CALIFORNIA REAL ESTATE MEN MEET

SACRAMENTO, Aug. 31.—Lewis P. Eppich, national president of the National Association of Real Estate boards, will be one of the many distinguished visitors to the State Convention of the California Real Estate Association when it meets in Sacramento October 10 to 13.

Word has just been received by President E. J. Morrissey of the Sacramento Realtors Association and general convention chairman to this effect. President Eppich, one of the outstanding figures in national real estate circles during the past few years, will come from his home in Denver especially for this convention.

Elaborate plans for a reception to Eppich, as well as to the 1,000 or more real estate brokers and salesmen and their wives who are expected for the state gathering, have been made by the Sacramento Realtors Association. This will begin on the night of October 10th with the President's ball over which Eppich and Frazier O. Reed, state president, will preside.

Word from 101 real estate boards of the state show that Sacramento will be the converging point for special trains, automobile caravans and boat excursions when the convention comes.

The largest delegation is expected to come from southern California, where the forty-five boards of the south will join in an auto caravan of from 100 to 200 cars, leaving the Ambassador Hotel on the morning of October 9th and going to Sacramento via the Ridge route and the San Joaquin valley.

San Francisco will send a big delegation on a river steamer. It has been announced by L. W. Carmichael, past State President, who has been placed in charge of the Bay City's convention plans.

Another auto caravan will come from the Santa Clara—East Bay districts. This caravan will start at San Luis Obispo, and gather strength at San Jose, continuing up to Oakland and thence to Sacramento.

### KLAMATH RAILROAD NEARLY COMPLETED

The Strahorn railway is substantially completed to Sprague river, and rails will probably be laid to that point this week, according to Mayor Arthur K. Wilson, of Klamath Falls.

Although the railway company's contract with the city expired today, no extension was asked. Three previous extensions had been granted by the city. Wilson said the work was being rushed to completion, and that it was hoped by the railroad company to complete the work today, but that it was certain of completion this week.

### NEW YORK NEWS LETTER

by Carol Colbourne

New York—The Reverend Dr. M. G. C. Scherer, secretary of the United Lutheran Church of America, the largest Lutheran body in the country, comprising about 1,500,000 church members, has some original ideas on political accord in the world today.

"To rise above political considerations is the chief need in world politics today," said Dr. Scherer. "Physical growth and improvement inside before we can expect a harmonious outside. As soon as the nations reach a spiritual accord—definitely adopt for the first time the principles of Christianity—political accord and harmony must follow. But always we seem to begin at the wrong end. We attempt to force physical changes in order to achieve a spiritual result. Physical things are effects and are temporal; spiritual things are causes and are eternal. Let us correct the evil in our hearts toward men, then amelioration in our actions toward them will inevitably follow."

"Do you see any hopeful sign in this direction?" we asked. "Yes, the World Convention of Lutherans held in Eisenach, August 10-26, in which representatives of forty nations will take part, including nearly all the countries involved in the recent war. Wartburg Castle, the Diet of Worms in 1521, is near Eisenach, and will be the scene of many of the Convention meetings. This gathering of Lutherans from many of the world, meeting in harmony and good will, is particularly significant at this time of bitterness and suspicion between nations. This Convention is entirely non-political. Its attempt is to promote good feeling among men of all nations, and to bring a little closer to the modern world the living principles for which Christ lived and died."

### JOINT ROAD MEETING IS HELD AT SISSON

SISSON, Calif., Aug. 31.—At a joint meeting here of the Dunsmuir Chamber of Commerce, McCloud representatives and the local chamber of commerce ways and means of improving the McCloud road to the Shasta county line were discussed.

J. N. Nixon, president of the local chamber, named two committees, one to work in this county and the other to work with the parties interested in Shasta county.

Supervisor Lee spoke. He has been making improvements on this road and for several miles east of McCloud has an excellent thoroughfare.

E. H. Kaupp will head the committee to work in this county and Dr. Malone of Dunsmuir will head the Shasta county committee.

### PARAMOUNT WEEK TO BE OBSERVED HERE

Local theatres, together with thousands of other theatres throughout the country, will observe the week of September 2 to 8, as Paramount Week.

Paramount Week, the first week in each theatrical season, has come to be established in the motion picture trade as marking the industry's best effort, and this year it is expected by motion picture people that this Paramount Week will be more successful than ever held heretofore. The purpose of each Paramount Week is to focus the attention of the public on the advances made during the year in the motion picture art and to show that during the coming season the theatres playing the better type of pictures will warrant the patronage of their public.

With the beginning of Paramount Week, motion picture patrons hereabout will have put before them a fare of motion picture entertainment surpassing that ever before shown upon the screen. Advances from producing centers states that never before in the history of motion pictures have there been so many big and really worth while film productions waiting for release as there are at this time. Critics of motion pictures who have been demanding that film studios develop their opportunities, are promised satisfaction this year in prospectuses issued by producing companies.

More time, effort and actual money have been spent on the production of pictures this summer than ever before, according to reports, and producers are anxiously awaiting the new season in the hope that attendance at motion picture theatres will justify the tremendous effort which has been expended to improve the artistic standard of their films.

**Here for Re-union**—A. M. Beaver Jr., of Portland, will arrive this evening in time for a family re-union in the park, including the families of Walker, Stannard, Herndon and Beaver.

### INCREASE IN USE OF LUXURIES

**Census of 1921 shows gains in output of luxuries while most other manufactures show declines. Newspapers, both a necessity and luxury, show big gains, as do also the chief requirements in building and road construction.**

Economy is apparently a forgotten word in the lexicon of American users of luxuries. An analysis of the recent census of manufactures, made by the Trade Record of The National City Bank of New York, shows that while the value of all manufactures produced in the United States in 1921 fell 30% below that of 1919 a large share of the articles classed as luxuries in many instances showed an actual increase. Out of the 450 articles or groups of articles enumerated by the census about 400 showed a decline in the value of the 1921 output when compared with that of 1919, and of the 50 articles which showed an increase about 60% were articles which were classed as luxuries, while most of the remainder were articles required in the construction of new homes. Even among the

articles which show an actual decline the fall off in articles of luxuries is less pronounced than in those of the ordinary requirements of daily life or industries of the country.

Just a few examples will show the contrast between the growth in the output of luxuries and the fall off in the total output in which there was a decline of 30% in value in 1921 compared with 1919. The value of tobacco manufactures increased from \$1,013,000,000 in 1919 to \$1,048,000,000 in 1921, an increase of 3.5%, while contrasting with this food products as a whole showed a fall of 37%, iron and steel manufactures as a whole 4%, other metals and metal products 43%, textiles 24%, and leather and its products 41% reduction. Not only did the tobacco manufactures show an actual increase of \$35,000,000 when comparing 1921 with 1919 but cigar boxes also showed an increase of \$1,000,000, and matches, which are in these days of the cigarette much more in demand than formerly, increased from \$18,000,000 in 1919 to \$30,000,000 in 1921. Other increases in articles which may be properly classed as luxuries include perfumery and cosmetics, an advance of from \$60,000,000 in 1919 to \$72,000,000 in 1921; millinery and face goods from \$255,000,000 to \$269,000,000; hair work an increase of \$4,000,000; having extracts an increase

of \$3,000,000; statuary and art goods 1 1/2 million dollars; artists materials an increase of 1 1/2 million dollars; gold and silver leaf 2 1/2 million dollars; organs \$4,000,000; soda water apparatus \$1,000,000; umbrellas and canes \$1,000,000; signs and advertising notices \$10,000,000; show cases \$2,000,000; and sporting goods an increase of \$8,000,000. Other articles which belong to the luxury class and which show small increases include regalia, theatrical scenery, and fireworks.

The chief increases outside of the luxury class occur in newspaper and magazine publishing, which advanced from \$24,153,000 in 1919 to \$1,123,700,000 in 1921, and in building materials and supplies, cement alone an increase of \$28,000,000; wall plaster and floor composition \$6,000,000 increase; paving materials \$16,000,000 increase; doors and shutters 1 1/2 million dollars; and gas and electric fixtures a half million dollars increase.

Manufactured ice, no longer considered a luxury, increased \$21,000,000 in the manufactured output in the two year period. Pottery showed an increase of \$10,000,000, while gas for illuminating and heating advanced from \$329,000,000 in 1919 to \$411,000,000 in 1921.

### BIG DANCE TO OPEN DIAMOND LAKE LODGE

A special dance Saturday evening and a big Sunday dinner the following day will mark the opening of the new lodge at Diamond lake and several carloads of people from the Rogue River valley are planning on driving there for their Labor Day vacation, says the Mail Tribune.

Herb Launspach and three other musicians will supply the melody for the dance and a special supply of provisions for a big Sunday chicken dinner left early this week for the lake. "Every possible arrangement has been made to show our guests a good time at our opening celebration," says George Howard, general manager of the Diamond Lake Improvement company.

There have been many improvements in the accommodations of Diamond lake, according to Mr. Howard. Perhaps the most important has been the completion of the new lodge, built of logs with the floor space twenty-five

by one hundred feet, which houses the parlor, dining room and kitchen. There are now eight individual cottages with fifteen beds available. An unusually good

camp ground has been provided and a new water system costing over \$1,000 installed, which supplies water from a nearby mountain spring.

### August Sale of Furs SATURDAY THE LAST DAY TO BUY YOUR NEW FUR COAT OR NECK PIECE and SAVE

33 1/3%
