SEPTEMBER 6.

AS MOTHER'S COMFORT:—As one who his mother comforteth, so will I comfort you.—Isaiah 66:13.

THE ETERNAL TRIANGLE

The eternal triangle has been claiming increased attention in the news and editorial columns of the nation's papers, but it is doubtful if ever the tragedy of it has ever been brought to public attention as forcibly as the double suicide of father and daughter reported in Portland.

Police immediately detained the wife and mother and her "lover," John Kulo, but it was established that it was a case of double suicide and the wayward couple was absolved of murder. But were not the woman and sneak who claimed her attentions indirectly responsible for the tragedy?

It is true, no doubt that the morbid husband and father, exerted some influence on the actions of the little daughter, but irrespective of the fact, that both saw the affections of wife and mother being given to another was directly responsible for the claiming of both lives.

A WORLD CLAMITY

Nature, irresistible, unfettered in power, independent of mankind and all other forces, except possibly that of God Almighty, has visited Japan and wrought havoc to an extent that it furnishes the world's greatest calamity.

Out of the ashes of the centuries of the past, Japan arose to might and power among the nations of the world. Japan claimed, and not without foundation, to be the fourth power of the world.

Lack of communication, and lack of power of description have prevented giving the world all the facts, or of even half way portraying the awful havoc wrought by the earthquake, the tidal wave and the typhoon.

In attempting to realize and comprehend

in our limited way, the extent of the disaster one can not help but reason why. It is perhaps folly for man, small and weak as he is, to give the disaster a thought yet man's brain will not be quited by the thought "it's no use." One can not help but wonder whether or not God, in His infinite mercy, had not some direct object in view.

Japan is a nation teeming with millions. It is overcrowded to a point where that nation has been considering extreme measures to attain territorial expansion.

It is perhaps futile for man to contemplate the reason for the terrible calamity. "God moves in a mysterious manner, His wondrous works to perform."

AD WRITING REQUIRES TIME

There are a lot of business men who believe in advertising, and who are liberal in their appropriations for that commodity, who are not getting the results they deserve.

No successful merchant buys his stock in a half hearted, haphazard manner. No successful merchant displays his stock with no thought of its appearance.

Why not give the same good business attention to advertising? It is at your command to increase sales. It is one of the foundation stones in stock turnovers.

It requires only a little more time to write copy for a good newspaper ad than it does for the poor one.

Carelessness in preparing advertising copy is responsible for the dissatisfaction that exist among some merchants, and it never fails to react on the newspapers of the country.

A New Yorker was offered a rare old violin for \$2. Since it was worth \$5,000 and the buyer was an honest man, he offered the owner \$5.00.

Any more regulations ought to include a stop ordinance for the pedestrian who tries to slip through moving traffic like an eel.

Once in every four years we become greatly alarmed over our country's future. Then for another four years we entrust it to the care of others.

Discontent is a lot better than some other things. Who ever heard of anyone getting anywhere who was not discontented?

It is claimed that women are better adapted for banking. They have the reputation of being excellent receiving tellers.

A dispatch from Atlanta says the year's peanut crop will be below normal, which is understood to refer to the edible variety.

No one speaks of summers backbone being broken. A broken collarbone in the first scrub game is the infallible sign of fall.

While France has its own host in Germany, it can not expect Germany cheerfully to play the host.

Suing for a divorce, a Nebraska woman wants the custody of the family cow. Well, that's all right, it leaves him the pump.

Bobbed hair has had a falling out—with fashion.

Daily News Letter

LOS ANGELES, Sept. 6.—Camp Kearney, once the center of interest and excitement when ground-armed rifles rattled and gruff commands were barked during the days America flamed with World War interest and friendly aliens were trained there, has forged to the front again in another warlike atmosphere.

SOCIETY

MRS. GRACE E. ANDREWS, Editor

Phone items to her at 345-R, between 10 A. M. and 2 P. M. and evenings.

Here From Portland

Mrs. Upton is in Ashland this week presenting the work and needs of the Louise and the Albertina Kerr Homes and Elizabeth Cottage.

Mrs. Upton has been in the work for a number of years and is thoroughly conversant with the work being done and the needs of these different institutions.

In the Interest of S. S.

Rev. Mr. Randall, who made an address at the Union meeting a few weeks ago, is in Ashland this week in the interest of S. S. work, accompanied by Mr. G. C. Griffin, who will be pleasantly remembered as a former worker in Jackson County for the S. S. Union.

Guests at the Harris Dean's

Miss Donelson and her sister Miss Zena Donelson, are guests of Mr. and Mrs. Harris Dean at the Park Cottage.

Mrs. Dean's sister, Mrs. Weeks, who has been spending some time with her, returned to her home in Portland recently.

Back from Spokane

Mr. and Mrs. J. Gyger and daughters have recently returned from Spokane and Prosser, Washington.

They report a fine trip, over the Columbia Highway and through the Yakima and Willamette Valleys.

However, they came back fully convinced that Southern Oregon is the best place in which to live.

Returns from Eugene

Mr. and Mrs. Reid and Wesley Reid made a trip to Eugene last Saturday and returned Monday of this week.

They visited the Leslie's and are glad to state that they are all well and nicely established in their new home.

Miss Grace Leslie enters U. of O., and Dale will enter University High.

The Reid's made the trip with no mis-adventure and had a most enjoyable visit.

Play Ground Supervision this week

It has been decided that playground supervision will continue for this week and that means, two more free swimming lessons as well.

These will be given the children who have the reduced swimming tickets.

Speaking of the swimming tickets, one of the pleasing things to the P. T. A. in connection with the swimming lessons this summer has been the consideration accorded them by Mr. Helman in regard to the matter of the tickets, and in many other ways, his courtesy was unfeigned, and that organization would like to express their appreciation of that consideration and helpfulness.

Returns from New York

Mr. and Mrs. A. D. Jillson and Mr. and Mrs. C. V. Carey have returned from a ten days' trip to New York.

On their return they stopped off to visit the W. C. T. U. Farm Home near Corvallis, that is of such vital importance to these interested in the betterment of conditions for homeless children.

Mrs. Jillson says the Home exceeded by far, her expectations. The buildings are well equipped with all the conveniences of a modern home and the atmosphere surrounding the children is that of a home.

The House Mother took them on a tour of inspection, visiting every part of the establishment.

In the basement is the group play room, where children may have happy beautiful recreation, without being out-of-doors in stormy weather.

On the first floor are found the living rooms, well furnished cozy, livable, and with a piano to be used.

The dining room has good furniture, china and silver, and there is a well equipped kitchen.

Such as is found in a modern home.

The bedrooms, the nurseries with the dear little baby beds, all bore the same evidence of thoughtful selection in the furnishings and were to be commended highly.

And the youngsters! Happy as could be, and perfectly at home, altho they have not been there long.

There were two buildings completed at the time of Mrs. Jillson's visit, one for boys and one for girls, at a little distance from each other.

At present there are eighteen girls ranging in age from three to sixteen and twenty boys, enrolled in the home.

These buildings will be dedicat-

ed, Friday and the corner stones laid for two more. Sixteen buildings are planned for the complete whole.

There are two in charge of each building. House Mother and her assistant.

This is a Farm Home, and there is land to be cared for under competent direction.

The children have regular hours for play, and are given lessons in painting and music.

They will attend school in Corvallis, taken back and forth in a "Carry-all."

As is to be supposed, there are many needs to be supplied.

The library is to be filled with books suitable for children from three to sixteen.

Clothing, anything whole and usable, and canned or dried fruit or vegetables are needed.

A plan will be formulated whereby these articles contributed may be sent collectively and it will be announced later.

Those who can help in this beautiful work for the children will be given an opportunity.

Civic Club Luncheon Plans for the Civic Club Luncheon were not successfully carried out, Tuesday afternoon.

The Club House was bright with great masses of the most beautiful flowers, pink dahlias predominating.

Covers were laid for all who came, which means long tables were filled with an enthusiastic membership.

As always, the luncheon was a very lovely affair.

At its close, the program, "Songs of Yesterday", directed by Mrs. O. Winter and Dr. Gladys Crandall, was given.

The songs in costume, were representative of periods in our history.

The earliest, "The Indian Maid" was represented by Mrs. Perry Ashcraft, in characteristic dress, who sang, "Pale Moon" most delightfully.

As a "Colonial Girl" Miss Florence Allen, arrayed in quaint beflowered draperies and with powdered hair, sang two old English ballads, "Johnny Sands," and "Capt Jinks," very charmingly.

Mrs. Shortridge of "Hoop-skirt Days", and dressed befitting the period, sang very sweetly that dear old ballad "Love's Old Sweet Song."

This was followed by the "Rye Waltz," given by Dr. Gladys Crandall and Mrs. John Finneran in costumes of the 80's and carrying parasols in keeping with that day.

Miss Allen and Mrs. Shortridge sang in accompaniment, "Comin' through the Rye."

The last number was the "Up to the Minute, Folley Girl of '22" as interpreted, most fetchingly by Miss Bernice Meyer, in costume song and dance.

Miss Bernice Yeo, at the piano, accompanied with her usual grace and ease.

One of the happy touches of the afternoon, was the election of Mrs. Meikle, the first president of the Civic Club as the first honorary member.

She was presented with a basket of beautiful dahlias.

At the business meeting that followed, most encouraging reports were read, and new names added to the roster.

The goal set is a 300 membership and each member is asked to secure one other.

Interesting talks were made by Mrs. Meikle and Mrs. Shinn, a former member, and Miss Chamberlain, told the Club of the Portland meeting.

A Dancing Party is to be given for the grownup members of the east of the Pageant, Friday night at the Club House.

A vote of thanks was tendered Mrs. Wright for her untiring work for the success of the play.

SUMMER COMPLAINT makes little headway with children whose careful mothers protect them from stomach and bowel disorders, hot weather cramps, weakening diarrhoea - with CHAMBERLAIN'S COLIC AND DIARRHOEA REMEDY. Quick in action - satisfying in results.

If coffee disagrees drink Postum. There's a Reason.

Mrs. Wright responded by sharing with willing helpers all credit for its success.

Mrs. Meikle, Mrs. Shinn and Mrs. Orwa of Medford were guests of the Club at the Luncheon. The Club House will be kept open during September with hostesses each day, as it has been all summer.

It is pleasant to record that those on the program after they were through at the Club House, went over to the Chautauqua Building and gave their numbers for the Old Soldiers.

From the applause, the "Songs of Yesterday" were much appreciated by the Veterans.

A Jolly Picnic

Monday evening occurred one of the jolly parties, that seem to be a habit of the B. Y. P. U.

This was a picnic supper cooked in the open with "wetters" and all sorts of good things added for good measure.

A number of cars took the young folks to the chosen rendezvous, up the canyon south from Bellview school house, to the lake, like reservoir. Here on a little sandy peninsula, supper was cooked and games were played.

Every one present had to perform. The honor guests, of course were given preference and their stunts came first.

These stunts occasioned great amusement and much credit is due the talented performers.

The picnic was given in honor of a number of the young people who are going away to school or to teach.

The honor guests were, the Misses Caribel Morehouse, Maude Ray, Marguerita and Cecile Moore.

Miss Morehouse and Miss Ray leave soon to attend O. A. C., and Miss Cecil Moore will teach the lower grades in the Eagle Point School and Miss Marguerita Moore will attend Normal again at Fresno, California.

Those who participated in this jolly gathering were the Mesdames Channell, Freeze, Morehouse, B. Peterson, the Misses Louise Peterson, Caribel Morehouse, Opal Harvey, Lillian Elder, Maude Ray, Marguerita and Cecile Moore, Margaret Miller, Lucille Gilmore, Marjorie Payne, Ruth Field and the Rev. Mr. Miller, and Howard Gear.

Moves to Dunsuir Mrs. Ray Conover and children will leave very soon for Dunsuir where Mr. Conover is employed in the S. P. Offices.

She has rented her home on Laurel Street and Mr. Conover having secured a house in Dunsuir, Mrs. Conover will leave for the new home the first of the week.

Mrs. Conover will be missed in church and social circles and her hosts of friends are hoping that the new home will be a very pleasant one and that they may find time to return to Ashland to visit often, and at a future day perhaps, Ashland may again claim them.

Mrs. Conover's Art Store will be missed also. She has been in business for two years and Needle craft has been very much of a success, starting from a small beginning, it has grown to a very

50 GOOD CIGARETTES 10c. GENUINE "BULL" DURHAM TOBACCO. real Art Store. The lines in which Mrs. Conover specialized, no other store carried and the closing of Needle craft will be very much of a disappointment to her many customers.

A Beautiful Trip Friday morning a party composed of Mrs. I. E. Clapp, Mrs. Alex Hall, the Misses Velma Clapp, Dorothy Hall, Pearl Ward, Thelma Herr and the Messrs Robert Redwine, and Richard Crowson of Medford, started for a rather comprehensive trip which embraced Crater and Diamond Lakes Lake of the Woods, and Pelican Bay.

The visited Crater Lake three times during their outing. From Ashland they went direct to Crater Lake, spent some little time there, and took the drive around the Rim! This Rim Road drive is a wonderfully scenic one. From it, one sees Diamond Lake, and the surrounding country spread out in panorama, before one, and the view is most impressive.

From there, the party drove to Diamond Lake, to be present at the opening of the Lodge at that resort.

Mr. Redwine and Mr. Crowson, with Miss Clapp at the piano, furnished the music for the dance on the occasion.

After visiting Pelican Bay and the Lake again they returned via Prospect and Rogue Elk at both of which places they stopped for a short while.

They report a very large crowd at the opening of the Lodge and think that Diamond Lake will prove to be a most popular resort.

The delightful trip had a most dramatic finish, for they returned just in time for the young men to rush into a neighbor's house that was ablaze. One of the mcreceived quite a few painful burns.

RED STAR OIL STOVES. No wicks, nor wick substitutes—Fuel goes direct to burner—a feature in no other stove. Call and inspect this wonderful oil stove.

ASHLAND FURNITURE COMPANY 94 N. Main

A floor for happy childhood. Illustration of a family in a room. Text: A floor for happy childhood.

THOSE active youngsters, now here, now there; romping, or building block castles on the nursery floor! Give them a smooth, clean, sanitary floor surface on which to play.
