DEMPSEY WINS FROM FIRPO IN SECOND ROUND

Heavyweight Slugging Match Ends With Argentinian Completely Out

FIRPO PUTS DEMPSEY OUT OF RING ONCE

Terrific Slugging Of Both Batters Features Battle With Result Never Doubtful As Champion Was The Aggressor Throughout.

NEW YORK, Sept. 15.—Jack Dempsey still reigns supreme in the heavyweight pugilistic ring for although the Argentine bull Angel Firpo knocked him completely out of the ring in the first round of their scheduled fifteen round battle here last night Dempsey came back and after only 57 seconds of the second round had passed the bulky Argentine was down and out his championship hopes blasted for the time being.

The fight was as experts and fans had predicted for although it was over much sooner than expected the general course of the battle was much as had been expected by the followers of the ring throughout the world. Dempsey throughout the battle showed his superior speed and ability to escape the sledgehammer blows of Firpo except for that one occasion when Firpo connected and as a result Dempsey was knocked entirely out of the ring.

Dempsey the Aggressor
At the sound of the first bell Dempsey started for Firpo with a determination that showed that he meant to rush the fight. He missed a left and Firpo retaliated by sending a hard right over Dempsey's guard which sent the champion to his knees. Dempsey recovered without an effort and after sparring for a couple of seconds sent over a left hook that knocked Firpo to the floor for one count.

Firpo Knocked Down
As Firpo stood up Dempsey hit him on the chin with a hard right and Firpo hit the mat again for the count of two. Firpo on arising this time started to retreat from the smashing blows which Dempsey was sending into his body and the crowd plainly saw the fight was going Dempsey's way.

Dempsey Hits at Will
As the champion knocked the big Argentinian to the floor for the third time—the crowd called and hooted the challenger and he attempted to wade in only to be put to the floor for the fourth time in the round by a hard right to the chin which the champion sent over.

Firpo Lands Hard Blow
At this juncture of the fight the only real thrill of the day came about when Firpo landed one of his tremendous right swings on the side of Dempsey's head and knocked him completely through the ropes into the laps of the ringside spectators.

Jack Kearns, Dempsey's manager and his full force of assistants stood spellbound, believing that the champion had been finished by the wild Pampas bull, but Dempsey, cool as a cucumber and only a little groggy as the result of the terrific blow calmly climbed back into the ring and before the end of the round had succeeded in flooring the challenger again.

Both Bleeding at End of Round
Both were bleeding from the mouth at the end of the round and both were plainly suffering from the results of the terrific pounding which they were being subjected to. The single terrific right which Firpo had succeeded in landing full force against Dempsey's head, had badly bruised that side of his head while Firpo's lips were cut where Dempsey had landed blows.

Firpo Plainly Exhausted
Firpo was plainly the most exhausted as the second round opened and was floored almost immediately by blows to the body which Dempsey landed without seemingly any attempt being made by Firpo to stop the drives. As Firpo got to his feet groggy from the effects of the previous blows the champion hit him on the chin with both his left and right the blows coming so close together that although the left would plainly have finished the challenger the right hit him before he could start falling to the floor.

Firpo Entirely Out
Firpo was knocked completely out and remained on his back while referee Gallagher of New York counted the fatal ten which marked the end

STATE FAIR TO OPEN SEPT. 24

Floral Displays Of Fair Will Be Especially Good is Report

SALEM, Ore., Sept. 15.—(Special)—Beauty as well as utility will have a place at the forthcoming state fair, which opens in Salem on the 24th of this month. Aside from the hundreds of exhibits that will be arranged to interest the farmer and manufacturer, there will be found any number of displays to attract and hold the attention of the less materialistic visitor.

The grounds never before presented so attractive appearance, with the lawns widened and in excellent shape. J. W. Marney, the florist of the state fair, has again put forth special effort to have the beds in full bloom at the time of the fair, and has made extensive plantings with this in mind. One feature, a 200 foot bed of scarlet salvia, is among the most notable.

The floral department will accent this out-door color note, with Tommy Luke, superintendent of the floral department, making numerous trips from Portland to Salem to supervise the changes that have been made in this division, preparatory to the big list of entries that will be made by the leading florists and growers of the state, as well as a la show, with different varieties shown on special days, promises to arouse keen competition.

INSURANCE PAID ON POOR ECLIPSE PHOTOS

NEW YORK, Sept. 15.—A check for \$1500 has been sent to the University of Indiana by the Home Insurance company because cloudy weather prevented its expedition from taking photographs of the eclipse of the sun which would have been visible except for the clouds in Lower California on September 10.

CONGRESSMAN HAWLEY TO BE HERE SEPT. 19

Congressman W. C. Hawley has been invited to address the Chamber of Commerce and allied commercial and industrial organizations at Oakland, California, on September 14, and leaves Tuesday night for this purpose. He will also deliver several other addresses, including two to the Woodmen of the World of Oakland and San Francisco.

On his return he will be at Ashland September 19, at Medford September 20, at Grants Pass September 21, and at Roseburg September 22. He will attend the State Fair September 24-29.

He expects to visit Tillamook Bay and the Nehalem during the first week in October, and the Coos Bay, the Coquille, the Umpqua, and the Siuslaw during the second week in October. Exact dates will be announced later.

He has been informed that during his visit in California the business organizations on the bay desire to show him the naval base at Alameda, and the other projects for public improvement.

of his dream of the championship for the time being.

Gate Receipts Large
Firpo's part of the gate receipts amounted to a cool two hundred and fifty thousand while Dempsey cleared a half million dollars for his few minutes work in the ring.

Princess Ileana of Rumania

London is wondering just now whether the Prince of Wales possibly can remain invulnerable to the petite pulchritude of Ileana, daughter of the resourceful Rumanian queen. It is declared that the sojourn of Queen Marie and the beautiful Ileana in London has for its direct purpose the meeting of the British heir and the fair Balkan Princess.

FOREST FIRES BURN SISKIYOU FORESTS

YREKA, CAL., Sept. 13.—Forest Supervisor West announced today that some of the most valuable timber in Siskiyou County was being threatened by the forest fire along the Klamath River which broke out Friday and has been burning fiercely ever since. The fire is on the edge of the Beaver Creek unit, and has already burned and destroyed over 2,000 acres of valuable reproduction and virgin timber.

Reinforcements, as fast as they can be recruited, are being sent to relieve and assist the more than 100 fire-fighters who are attempting to control the flames.

West said that it had been discovered that the fire had broken out from a left-over lightning fire and had not been caused by careless hunters, as had been reported. The section through which the fire is raging, is according to West, extremely difficult for fire fighting because of the topography and fire has been almost under control several times, but has been swept beyond the fire lines by a high wind.

WORKMAN SUSPENDED BY FINGER IN MACHINE

HAWKINSVILLE, Cal., Sep. 15.—Joseph Lemos was the victim of an unusual accident while working on a hay fork in Scott Valley. The middle finger of his right hand in some manner got caught in the pulley and he was lifted several feet off the ground before the end of the digit was crushed off and let him fall.

SPEED COP CHARGED WITH DISCRIMINATION

According to Everett Acklin, a local taxi driver, the alleged speed cop or Traffic officer of the county, J. J. McMahon, has been showing rank discrimination between the taxi operators of Ashland and Medford during the progress of the Jackson County Fair at Medford Fair ground and evidently did not care to have local taxis to operate at all in that vicinity according to Acklin.

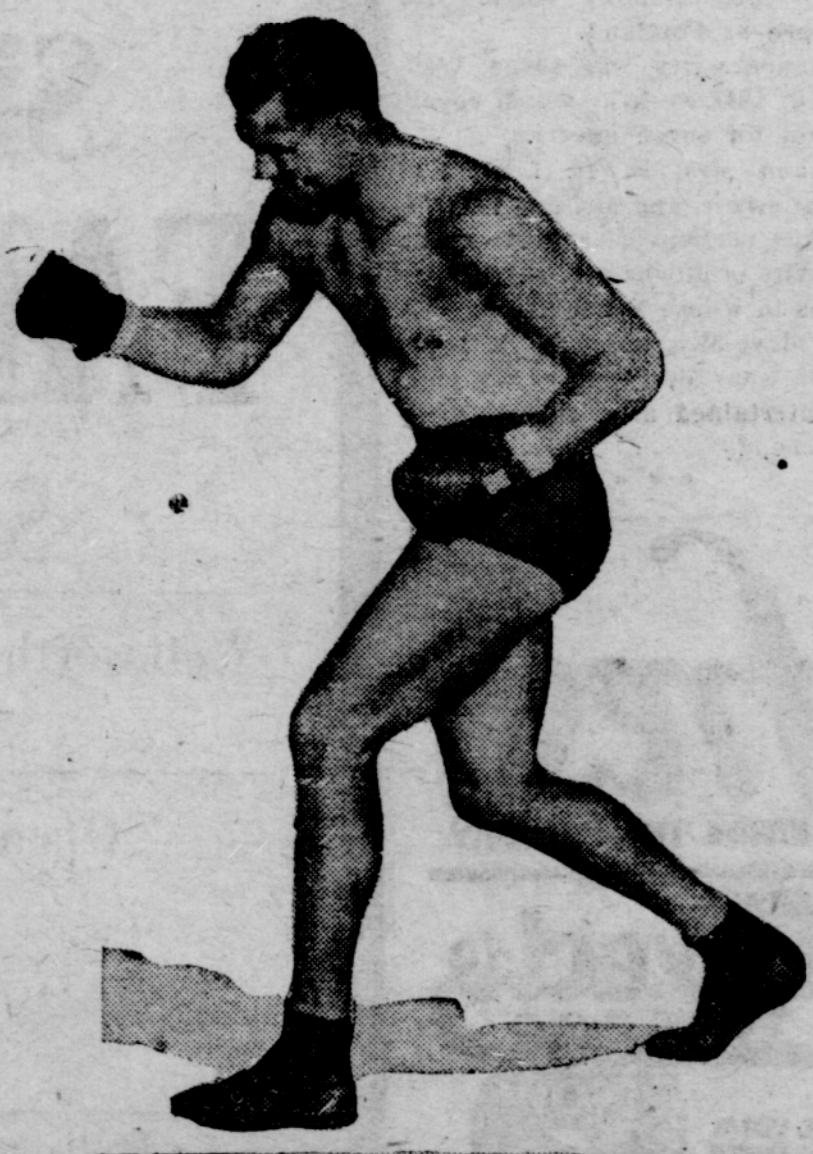

Acklin states that he drove to the Fair grounds and was not allowed to park his car by the roadside by the same J. J. McMahon, called the county speed cop, who ordered him to move on, while at the same time, Acklin states, several Medford jitney drivers were evidently allowed to park as long as they desired to in the very spot from which he had been ordered by the alleged officer of the law.

Acklin charged this same McMahon with discrimination but states he was given no satisfaction but was ordered to move along.

PRESS CENSORSHIP TRIED IN OKLAHOMA

MUSKOGEE, Okla., —Censorship of the press is Governor Walton's latest step in his campaign to "clean up" Oklahoma. It is in effect at Tulsa and is threatened here. A man in the Tulsa Tribune office censors everything that goes into the papers. The Governor promised the most drastic martial law orders ever known in Tulsa unless the Chamber of the sheriff, jury commissioner, and the police commissioner.

MANY ASHLAND PEOPLE ATTEND FAIR FOR DAY

Largest Crowd During Fair Necessitated Closing Of Gates Early

NO ACCIDENTS MAR AUTOMOBILE RACES

Ashland Band Scores Large Hit With Novelty Pieces While Lithian Octette Also Draws Praise From Holiday Crowds.

Between 2000 and 2500 Ashland people were on a holiday yesterday afternoon and took advantage of Ashland Day to be at the fair. It is estimated by authorities of the fair that yesterday saw the biggest attendance of the year. One third of the grandstand was filled with Ashland people and the tickets for admission went so fast that it was necessary to close the gates before all the crowd could be packed into the arena.

Program For Day Good
According to reports brought back by the visitors everything was as good or better than the general run of county fairs. The program was good. Delays, which usually threaten the good dispositions of the attendants were fewer and of shorter duration than in any previous performance, thus keeping the crowd on tip-toe throughout and interest at a high pitch.

No Accidents Mar Day
All the races were fast and no accidents were reported. Motorcycle races and airplane stunts filled the afternoon after the horse races were run off. No accidents or delays kept the crowd dissatisfied.

Band Scores Hit
The Ashland Band scored a hit during the afternoon with their novelty, "Yes, We Have No Bananas." The band played thru most of the program in the afternoon and performed with a special note-worthy concert in the evening. The Lithian Octette was also heartily received by their own supporters as well as the volumes of people who are not as well acquainted with the local musicians as is Ashland itself.

Horse Show Entertains
The horse show in the evening was a truly credible entertainment. The James McCleave string of 22 horses from Victoria B. C., caused many "oh's" and "ah's" with their feature stunts. High jumping, jumping over fences, other horses, patches of fire and stands were among the special numbers.

Airplanes Loop The Loop
Two airplanes cavorting in the air with illuminations provided late evening pleasure. Several varied colors were spread in the air as the planes looper, spiraled and dived with agility and abandon, this being also included in the afternoon performance.

Race Results Were:
2:20 Trot—Purse \$350. Three heats, Time 2:19, 2:19 1/2, 2:31.

OPERATORS EXAM SET FOR OCT. 19

O. R. Redfern, the U. S. Radio Inspector of the seventh district will hold examinations for operators in the Medford City hall at 8:30 a. m. on October 19, 1923.

In the evening at 8 p. m. he will hold a meeting open to anyone interested in Radio and would like a good turn out. This meeting will be devoted to explaining the work being done by the Department of Commerce to regulate Radio and to overcome interference from all their different sources. The Inspector also wishes any comment for the good of all concerned.

It will be necessary for all those holding amateur licenses to take this examination or forfeit the one they hold.

OREGON FROSH COACH PICKED

Bill Reinhart Former Star At U. Of O. To Instruct First Year Men

UNIVERSITY OF OREGON, Eugene, Sept. 14.—(Special)—William ("Bill") Reinhart, former Oregon football, baseball and basketball star and recently Multnomah Athletic Club athlete, has been appointed coach of freshmen athletics at the University. It was announced today by Virgil Earl, director of athletics. Earl's recommendation of Reinhart was unanimously approved by the executive council of the Associated Students and by the school of physical education, jointly interested in the development of the Oregon athletic system.

Reinhart resigned this week from the credit department of the Standard Oil Company, Portland, and will be here Monday to get a line on his new duties. Employed full time, he will assist "Bar" Williams in coaching the freshmen team in the fall. He will also coach the frosh basketball team and the first year baseball candidates.

LARGE SUM RAISED FOR RAIL JUBILEE

KLAMATH FALLS, Ore., Sept. 15.—In the first day's drive made yesterday for funds to finance the railroad celebration which will be held here October 12th and 13th, actual cash contributions of \$3,500 were subscribed, promises to pay within a short time of \$1,000 more and from business men in an indirect way another \$1,500 bringing the total to \$6,000.

The lumber operators have agreed to add 25 per cent to what is collected, so this increases the money positively available from this section alone to \$7,500.

VENUE CHANGE GRANTED IN HIGHWAY SQUABBLE

QUINCY, Cal., Sept. 15.—The suit instituted by Plumas County against the state highway commission, restraining that body from expending upon other projects money held definitely allocated to the construction of the Plumas County seat lateral of the state highway system, has been transferred from Quincy to Sacramento for hearing.

This action was taken following the presentation in the superior court at Quincy of a motion seeking a change of venue.

POMONA GRANGE WILL PROTEST KLAMATH DAM

DUNSMUIR, CAL., Sept. 14.—Following the stirring address by James M. Allen, who called attention to the serious situation the farmers are confronting as the result of the state division of water rights virtually granting the Electro-Metals Company the privilege of appropriating practically the entire flow of the Klamath River, Siskiyou County Pomona Grange at a meeting at Little Shasta Saturday night adopted strong resolutions opposing the construction of the dam.

The action of the Grange, following as it does closely upon the action of the chambers of commerce of the county and the Associated Chambers of Commerce of Siskiyou County, it is held, places Siskiyou county almost unanimously opposed to the privileges granted the metals company by the division of water rights.

FIVE MEN FINED AT KLAMATH FALLS

When Patrolman J. F. McDonald of Klamath Falls paid the daily police call to the jungle camp near Modoc park yesterday afternoon he found a drunken free-for-all scrap in progress. The participants Scotty Matthews, Jack O'Brien and Joe Gavin were arrested and spent the night in jail. This morning they were fined \$25 each by Police Judge Gaghagan, and in default of payment started to serve 12 days apiece in jail.

George Kelly and R. P. Robinson, although not mixing in the scrap were arrested for drunkenness and drew the same fine \$25 each, this morning.

In the free-for-all one combatant "Scotty" had his little finger so badly hurt it may have to be amputated.

DIVORCE GRANTED TO FORMER DUNSMUIR WIFE

RENO, Nev., Sept. 15.—On grounds of non-support Mrs. Margaret H. Glandon was yesterday granted a divorce from John W. Glandon. The couple formerly lived and were married at Dunsmuir, California. The wedding took place November 28, 1920.

Mrs. Glandon told District Judge George A. Bartlett her husband quit work shortly after the marriage and that she was forced to support them both until she wearied of the burden. She was allowed to resume her maiden name, Margaret Kolach.

WET WEATHER INJURES WILLAMETTE GRAINS

SALEM, Ore., Sept. 14.—Recent damp weather and fogs have threatened heavy losses to the hop and prune growers of the Willamette valley and growers are hoping for clear weather until the crops are harvested and placed under cover. Mold has appeared on the hops in various parts of the valley and growers have sent out calls for additional help so that the harvesting may be completed in the shortest possible time.

It was said today that fully 1,000 pickers could be used to good advantage if the entire hop crop of the Willamette valley is to be saved. Practically all growers have raised their picking price to 70 cents a box and some are said to be offering bonuses for large picks.
