SEPTEMBER 18

THE OMNISCIENT GUIDE—The steps of a good man are ordered by the Lord.—Psalm 27:23.

#### SCHOOL DAYS

Mornings, noons, and nights Ashland streets are made glad with the procession to and from school by several hundred bright eyed boys and girls. Attired in neat, well fitting clothes, with health radiating from every cheek and eye, they present a sight that is pleasing. As they hop-skip or hurry along with steps that are elastic they present a picture no artist can portray.

The school boys and girls of today are the men and women of tomorrow, and so long as American boys and girls are provided with the educational facilities that they enjoy today there will be no need to worry over the future of the nation. Education is the bulwark of any nation and the great public school system of America is the best method of preparation for the future. A nation of educated men and women is well armed and in all probability will take care of itself.

Many of the nations of the world that are in trouble at present can doubtless attribute much of it to a lack of education among the masses. Ignorance breeds suspicion, discontent, and anarchy, all of which are seeds of war.

The true American takes great pride in the public school system, and well he may, for it is the greatest educational system in the world, and it is typically American. It is an institution that merits the liberal support that it is receiving. It is an institution that merits the best efforts of our boys and girls.

#### TEN MINUTES

The last ten minutes are the hardest. The last ten minutes before a long journey ends, the last ten before the lover meets his adored, the last ten before the accused learns the jury's verdict, the last ten before the splints of a broken limb are removed, the last ten before decision in a hard-fought battle is reached—these ten minutes are superlatively hard to pass. But the ten minutes that seem the hardest to some persons is the ten before the day's work ends.

Coming at the end, when body and mind are weary, the last ten minutes of the daily task are naturally hard. They are hard. They are hard for the industriously inclined for the honest toiler, for the machinist or carpenter, or miner or clerk or typist or any other employee interested in his or her job and holding the interest of the employer at heart. But to those who rate their job as a galling task, who keep one eye on the clock as the minute hand draws near closing time, who are fearful lest they give their employer a second overtime—the last ten minutes are a time of torture. To such they will always be hard to pass. For the fact that they are so held gives them constancy in repetition at ten times sixty seconds of irksome effort.

This also places the sufferer out of the running for promotion that would ultimately spell relief. For those who finish the day's job with one eye on the clock do not finish the race for advancement and forfeit title to promotion that goes to the workers showing interest in their task.

#### FAIR A SUCCESSFUL EVENT

The Jackson County Fair for the year 1923 is now a matter of history, and it will doubtless be recorded as the most successful event of its kind in the history of the county.

No one who visited the Fair can reasonably claim anything other than qualified success. The exhibits were typical of the productivity of Jackson County and Rogue River valley. The best of all products were on exhibition and the quality, the size, the beauty of it formed an inspiration for many that will be felt in years to come. The inspiration afforded the boys and girls of the county will be reflected.

Exhibits, however, were not the only successful features. The afternoons program afforded clean and pleasant entertainment for the thousands who attended, and the liberal attendance recorded each day means financial success.

The Tidings sincerely believes that the Jackson County Fair has attained a degree that makes it one of the very best in the Northwest, and the success of the recent event will doubtless pave the way for a bigger and better Fair in 1924.

In July, in the United States, there were smoked 5,839,707,747 cigarettes. World statistics for the same period show that not one drag was taken at the pipe of peace.

Ashland people can well be proud of the liberal attendance at the Jackson County Fair on "Ashland Day". Conservative estimates place the attendance from Ashland at close to 2,000 people, and while it was no greater than the event deserved it at least proves that Ashland people realize the value of that excellent institution. Next year should not only witness increased attendance but a representative community display of our best products.

A news report states that President Coolidge will not use "big stick" methods in forcing the senate to adopt the World Court plan. Does it mean that the new executive thinks he can handle that body without force, or is that he holds little interest for the plan?

The milk of human kindness too often is synthetic.

A certain amount of sap must be expected in presidential timber.

When will European nations come to realize that straitenings leave nothing in the sieve?

Another way to keep warm in Europe is to stuff four or five dollars worth of currency in your clothes.

Life is a process of getting enough money to move to the city to get enough money to move back to the farm.

## SOCIETY

MRS. GRACE E. ANDREWS, Editor  
Phone items to her at 345-R, between 10 A. M. and 2 P. M. and evenings.

**Calendar of the Week's Events**

September 18th.—W. C. T. U. County Convention in Park.  
Sept. 18.—Civic Club—Club House.  
Sept. 20th. Illinois Picnic in Park.  
Sept. 20th. Thursday Evening Bridge Club—Mrs. Franco, Hostess.  
Sept. 20th.—Pioneer Reunion, Pioneer Building.  
Sept. 20th Guild Meeting, Parish house.  
Sept. 21th, Aid Society, Presbyterian church.  
Sept. 21st. S. S. Institute at Applegate School house.  
Sept. 23rd. S. S. Institute at Applegate School house.

The above Calendar lists some of the events that are scheduled for this week; others will be added as the editor is notified.

It is planned to make this a permanent feature of these columns and Club Secretaries and officers of the various organizations are asked to make it of value, by keeping the editor informed of all the meeting planned that calendar may be exact.

If entertainments are planned for which admission is charged that, of course, will be paid for at the rate of ten cents a line, but if there is no money consideration it appears as any other news item.

It will be a matter of gratification, if these events are phoned to 345-R in time that publication may be of some news value, and a help in the readers' keeping in touch with the meetings scheduled for the week.

#### Rawlings-Poor

The marriage of Miss Alice Poor and Mr. Clark Rawlings was solemnized at high noon, Sunday, at Trinity Episcopal church; the Rev. P. K. Hammond officiating.

The church, filled with wedding guests, was beautifully decorated in fall blossoms, pink the prevailing note, with a background of delicate ferns.

As a prelude, Mrs. Fred Nell sang very feelingly, and the bridal party entered to the strains of Mendelssohn's Wedding March, played by Miss Marguerite Hammond.

The bride, on the arm of her father, Mr. J. C. Poor, attended by Mrs. Elwood Hedberg, as Matron of Honor, and the groom supported by Mr. Russell Sherwood of Medford, as Best Man, met at the altar, where vows were pledged in accord with the full Episcopal service, during which the soft notes of Lohengrin were heard.

The bride was very lovely in softest of crepe-like satin, with hat in the same tone and carrying beautifully arranged pink and white flowers.

Mrs. Elwood Hedberg as Matron of Honor, was gowned in a harmony of soft brown, with hat to match, and carrying yellow blossoms.

After congratulations were received, the Mesdames Hammond, Loosly, Nell, Jones, Winne, Everton, Hedberg, Maxey and Robinette entertained the bridal party and intimate friends, to the number of forty, at a lovely wedding dinner at the Parish house.

The rooms had been made very sweet in blossoms and greenery, and the tables were beautifully arranged, decorated in pink asters, and glowing in the soft light of pink candles.

The wedding cake, cut by the Bride, was an artistic creation.

When the delightful dinner ended, the bridal couple left for their new home in Roseburg.

Miss Poor is one of Ashland's own girls and is a popular member of the younger set.

The groom is well-known in Medford, having held a responsible position there, with the California-Oregon Power Company before his transfer to Roseburg, where he holds an excellent position with the same company.

The out-of-town guests were, Miss Ella Rawlings of Portland, Mr. and

man, assisted by the Misses, Evangelina and Minnie Poley, Miss Lydia McCall and Miss Gladys Applegate. Married

**Out of Town Guest**—Mrs. Lewis Donald Fars of Oakland, California, was a guest in the Poley home on B. Street over the week-end.

Mrs. Mars was a member of the faculty at Stayton when Miss Minnie Poley taught there, and she has been a frequent visitor here.

Mr. Mars is in the government service, but their winter home is in Oakland.

The marriage of Miss Pearl Pinion and Mr. R. Robertson occurred September the ninth at Sisson, Cal. Miss Lillit May Poley went from Ashland to attend the wedding. It was a very quiet affair and the happy young couple left at once for the groom holds a good position with their new home in Algona, where the Algona Lumber Company.

Miss Pinion is a young Ashland girl, and has attended Ashland High Mr. Robertson is a fine young man, and the many friends of the young couple extend to them the best of wishes for a future of prosperity and much happiness.

#### Canning Club

A little organization of which Ashland is very proud is the one that will go to Salem a week from Wednesday.

Of course we all know what these little girls have done. Beginning last spring, this club, composed of Dorothy and Lucile Crews, Dena Joy, Ellen Galey, and Alice Pratt, under the efficient leadership of Mrs. Albert Joy, their club leader, have been quietly getting ready to carry off the honors and win the right to go to Salem.

The try-out for places on the Demonstration Team, was held at the High School, under Miss Burr and Miss Teich, when the girls of the Club, canned sweet corn.

At this time Eileen Galey and Dena Joy were chosen to represent the Club.

While no other team appeared against them, at the Demonstration Friday morning at the Fair, the young contestants by the marked ability shown, won the right to represent Jackson County at Salem.

In grading the individual exhibits,

## RHEUMATISM LEAVES YOU FOREVER

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-four Hours.  
Every Druggist in this country is authorized to say to every rheumatic sufferer that if a full pint bottle of Allenru, the sure conqueror of rheumatism, does not show the way to stop the agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.  
Allenru has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and pitiable and where the patient was helpless.  
Mr. James H. Allen, the discoverer of Allenru, who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenru decisively conquers this worst of all diseases, and he has instructed druggists to guarantee it as above in every instance. (East Side Pharmacy can supply you.)

of which there were many shown, Ellen Galey won first honors and Dena Joy second.

The girls will be very busy now getting ready for the trial of skill at Salem.

The demonstrate at Junior High Tuesday morning, and later in the week at Senior High.

We are counting most surely on this team bringing the honors to Ashland in the final contest.

#### Pioneer Reunion

The reunion of the Pioneer Society on Thursday of this week is an event of considerable interest to many in the valley.

Ashland boasts many members of pioneer families and at these meetings descendants of the ones who made Oregon history gather from all ties that so closely hold those of over the Valley to bind anew the

#### COUGH DISTURBS SCHOOL WORK

School teachers should give the same advice to children who have coughs as did this Florida teacher. "I recommended FOLEY'S HONEY AND TAR to the children in my school who had the 'flu' and good results came whenever it was used," writes Mrs. L. Armstrong, Okeechobee, Florida. Foley's Honey and Tar contains no opiates. Ingredients printed on the wrapper. Quickly relieves colds, coughs and croup. Sold everywhere.
