Caught on the Rounds—
There is a Sperry Drifted Snow Flour advertisement to catch the observant eye glimpsing in the direction of the Hotel Oregon building. The north side of the structure has always displayed bold letters, but the one lately coated is effective. The Ideal Grocery is preparing for the wet weather that local residents are praying for by adding a new roof to its assets. The amount of activity on the roof is indicated by the noise made this week would resemble that a nine story building is approaching the heavens. Look for the ladder that is resting on the street in front of McNair Brothers Drug Store. If you are superstitious it will take only a short time to round the course. A new electric sign is to be added to the front of the building. "Shasta Ice Cream as famous as the mountain" has been painted on an awning belonging to Nihinger and Warner. Sankey and Carter are the sign painters. The porcupine that has caught the children's fancy, and that has been resting in front of the Eastern Supply Co. has been taken to the rear of the store in order to preserve the good disposition of the animal. Too much attention has been bestowed upon the stickery fellow and it has been deemed wise by his owners that he should rest in seclusion. A brand new dictionary is awaiting at the library to settle all disputes that may arise. The newest edition here is unabridged and contains numerous interesting cuts. It is absolutely the latest in dictionary lines.

The workroom of Rose Brothers is being redecorated and painted with grey paint. Employees of the store have been doing other renovating and cleaning this week making the store resemble an add for Dutch Cleanser. Samples of Bon Ami have gone the rounds this week and Jim Cook and the Army Goods Store have clean windows. A few more samples could be taken care of.

Quits Railroad—
Deke Bryant has left the employ of the S. P. where he has been working this summer and intends to enter the University of Oregon this fall.

Visit from Redding—
Mrs. J. L. Creeks is in Ashland visiting her sons, Edwin and Don Fraser. Mrs. Creeks is from Redding and will be here a week.

Don Stevens Home—
Don Stevens, S. P. Engineer, has returned from a short business trip to Portland.

Woodmen Notice—
The Modern Woodmen of America will start their winter activities with a class adoption next Friday night at Central Point. The members of Medford camp will assist the Central Point camp in putting on the work. Visiting members welcome.

Visit Ashland Last Night—
Mrs. F. V. Lee, accompanied by the Miss Lees stopped in Ashland last evening en route to Stanford University from where they have been touring the bordering states. Their northerly travels included British Columbia.

To Oregon—
Miss Lucy Davis who graduated from High School last year and taught the past winter near Ashland will leave soon for Eugene where she plans to enter the University. Accompanying Miss Davis from Ashland will be Miss Ruth Eske, a well known girl with young folk, who has been living in San Francisco recently. It is planned that the two girls will live together this winter and study at the University.

By continuous request for Kissler's famous, pure malted milk Twin Bread supplies have been ordered and the famous Twin Bread will be placed on the market, Sept. 24.

At Icenhowers—
Mrs. Bertha Corthell has returned to her position in Icenhower's store. Mrs. Corthell has worked in the store during previous times, but relieved in order that she might visit in Portland. She will be there indefinitely.

In Los Angeles—
Mrs. George B. Icenhower and Mrs. Pines of Iowa Street have gone to Los Angeles for the remainder of this month and a portion of October. Their trip is to be a combination of affairs and pleasure.

Visitors from Bandon—
Mr. and Mrs. Victor Knott, Roberta Marie, and Mrs. Knuff's brother, Leo Kenyon are in Ashland this week visiting at the home of Mr. and Mrs. W. T. Minor on Indiana Avenue. Upon their return to Bandon, the Knotts will be accompanied by Mr. and Mrs. Minor, who will visit in Bandon for a fortnight.

No! It Isn't a Pumpkin—
Jim Cook has a Bartlett pear that resembles a grape-fruit in size. The pear was grown in the Three Oaks orchard, which is two miles west of Phoenix and is one of exceptional size and beauty. The circumference lengthwise measures 14 1/2 inches and circumference around 11 1/2 in. When weighted, the fruit stretched the scales to one pound and a quarter ounces. Early this week the pear will probably be seen in the windows of Mr. Cook's business house.

Have you tried Brush On? Ideal for use after fruit canning. Phone 252-L. 16-2

Modern Conveniences Enjoyed—
George Converse, John Shortridge and Otis Johnson returned home yesterday from a successful camping expedition to Cinnibar Springs. Each member of the party was able to kill a deer and a portion of one was brought home. Very good weather was enjoyed and the radio made by Otis Johnson was entirely successful as concerts could be heard a great distance from cities on the coast. Varied experiences are reported.

Swift Employee Located—
Mr. and Mrs. Cecil B. Poff and family have moved to Ashland and will live here. They are located in the Graves property on Water Street. Mr. Poff has recently been transferred to the Swift and Co. office here.

Constitution Week—
Will be observed locally by the Masonic Lodge, on Friday evening, September 21. There will be a brief program including literary and musical selections, and an address pertinent to the question of the hour. All members of the fraternity and their families are cordially invited to attend.

Leave for California—
Mr. and Mrs. E. H. Noyes, who will be remembered as the folk suffering from an accident on North Main Street recently, have started for Los Angeles where they will spend this winter. Mr. Noyes, who was the most seriously hurt of the family, is sufficiently able to travel to warrant the departure from Ashland. During the time that Mr. Noyes was receiving medical treatment, Mrs. Noyes and family were at the home of Mrs. George Robison.

Thoroughly Pleased with Ashland—
A. G. Winston from Monterey, Cal. who has been visiting extensively with Charles Oglesby and family has returned to his home. Mr. Winston was highly pleased with Ashland and he thought that Ashland was a beautiful town, surrounded by lovely country and an ideal place to live. Mr. and Mrs. Winston, parents of Mr. Winston, have lived in Ashland several winters feeling that this town is suited to them.

Climate Attracts—
Mr. and Mrs. O. L. McElroy and family have moved here from Reno, Nevada. Ashland climate that has proved successful for people effected with asthma attracted these new residents. The schools also have claimed the four children who will be here this winter.

Vacation Prolonged—
Miss Grace Luman, who has become known to Ashland folk thru her connection with Elharts recently returned from a belated vacation in the northern part of the state. During the greater portion of the time that Miss Luman was away, sickness came to her lot. Coming to Ashland, she joined her brother and is now touring the northern part of California. She is expected home in a week.

Representative Praises Budget System of U. S.

had the effect of leaving in the hands of the business circles \$300,000,000.00 of additional working capital, which also had the effect of strengthening the credit of the business world, and in reality, it was that action that saved business from ruin.

Revenue at present is sufficient to meet all interest demands and to pay the running expenses of the government, and, as stated before, we have paid off \$1,700,000,000.00 of indebtedness. In addition to meeting the actual expense of government we have a fixed expense of \$2,000,000,000.00, which includes interest on bonds, compensation to crippled soldiers and dependents of those who died or were killed in the service, and \$300,000,000.00 a year for a sinking fund.

Urges State Budget
Although Congressman Hawley says he has refrained from participating in the affairs of state government in Oregon, he hopes that the budget system will be adopted by Oregon and that it will be extended to every spending agency in the state.

Other Savings Effected
Speaking of other savings effected by Congress, Representative Hawley said: "In addition to the money saved through the budget system, we have eliminated approximately 100,000 civil service employes, cutting expenses another \$15,000,000.00 a year."

How Business Was Saved
Speaking of how a financial panic was averted and how business was aided in the readjustment following the war, the congressman said: "It was a difficult task that Congress faced at the close of the war. We had the alternative of issuing government bonds had been not desired to adopt the plan of 'pay as you go.' Instead we adopted the Revehu bill, which provides an income of \$3,300,000,000.00 annually. The Fordney-McCumber Tariff bill provides additional revenue of from \$350,000,000.00 to \$400,000,000.00 a year. With the constant increase in imports the revenues from the tariff bill are mounting to \$800,000,000.00 a year. Through the income from the two sources we were enabled to reduce income taxes paid by the business men of the country approximately \$800,000,000.00 a year. This Charter No. 5747 Reserve District No. 12.
