They visited the state fair at Salem for two days; then went on to Portland, had the Columbia highway trip and spent a few days at Kalama, Washington.

They then returned to Portland, came on down to Corvallis and visited the different poultry farms in that vicinity.

A stay at Newport had been planned but the weather man interfered. The Smiths returned Thursday evening, after a wonderful trip; no bad weather for the most of the time and the days filled with pleasant experiences.

Klamath Falls Bidding

Klamath Falls is again bidding for the session of the Oregon Irrigation Congress next year, according to a report received here late today. Grants Pass and Klamath are the only two towns in the ring so far which means that the convention will undoubtedly be brought here as Klamath Falls received a small number of votes last year as compared to Grants Pass. The session would have been here this year had not Klamath Falls refused to withdraw last time. Many local organizations are assisting in the move to bring the congress here.

KIWANIS LUNCHEON

Thirteen working committees were appointed Friday noon at the weekly Kiwanis luncheon held at the Hotel Ashland. H. K. Tomlinson, acted as chairman of the meeting and pepped the movements of the organization to the entire satisfaction of the forty members present. Working as many other organizations have found so successful, the innovation of calling each member by his first name was tried for the first time today. Mr. Tomlinson told of the friendly feeling and congeniality that is produced by this system of being better acquainted and called on some of the members to express the name they would be called by. The "Mr." will be thrown in the discard for a friendly "Hello Bill," or "How are you today, Harry?"

Homer Billings won the silver match box presented by T. H. Simpson and it is said that Mr. Billings will be obliged to learn to smoke the weed of nicotine.

An undecided number of Kiwanis will represent Ashland with the many other local folk who will journey to Klamath Falls next week. Not to be outdone by other cities, it is thought that a large majority of the Kiwanis who are able will be in attendance.
