WILL CONSTRUCT MASONIC CLUB HOUSE AT U. OF O.

EUGENE, Ore., Oct. 26—A club house for faculty and student members of the Masonic order at the University of Oregon will be under construction near the campus soon. Funds for the club house have already been provided by the Grand

Lodge of the state and a building site for the structure has been purchased by the Eugene lodge.

Four years ago a movement was started for the construction of a club house when Masons on the campus formed the Craftsmen's club. These men conceived the idea of asking the support of the State Grand Lodge in furthering their

plans. As a result, \$15,000. was appropriated for the building, \$2,500 for furnishings and \$3,000 for maintenance.

What a COMFY HOUSE you live in!

"Comfy" and warm because of Pearl Oil! So easy and economical to keep even room-warmth all day with one match and a turn of the wick. No fuss or muss—no coal or ashes to lug. All day long a clear, bright flame that burns the oil completely, leaving the air sweet and clean.

To insure best results, use only Pearl Oil—the clean-burning, uniform kerosene—refined and re-refined by the Standard Oil Company's special process. "Coal oil" or "kerosene" may mean any kind of kerosene—say "PEARL OIL"—copyrighted for your protection.
