COMPOSITE TURKEY AND BIG MINCE PIE

If Rolled Together the Turkey Would Be Quite Large, as Would the Pie.

NEW YORK, Nov. 27.—Figures compiled by the chronic statistician this year indicate: That if all the Turkeys eaten at Thanksgiving dinners today were transformed into one gigantic composite fowl he would tower 30 feet above the torch of the Statue of Liberty and would be 450 feet long. In fact, he would be so big he probably would scorn the axe "as the tempter scorns the chain," and there would scorn the axe "as the tempter scorns the chain."

And if all the mince pies consumed today were, instead compounded into one huge piece of pastry the Equitable Building could repose on its massive bosom, and it would be 34 feet high. In fact, an ocean of essence of peppermint would be required to neutralize the gastric disturbance it would generate.

VALLEY JUNCTION, Ia., Nov. 28.—Lacking just two years of having spent three score years as an engineer on the Burlington Railroad, Ben F. Horton has retired and is writing a history of railroading from 1851 to the present day.

Horton believes that he holds the worlds record for traveling. He estimates that he has traveled in his course of time as an engineer approximately 2,500,000 miles, or a little better than 100 times around the world.

ONLY 4000 LEFT OF ONCE POWERFUL NATION

HAMADAN, Persia, Nov. 28.—Four thousand Assyrian refugees have just left this city on an 800 mile pilgrimage overland to their old homes near Lake Urmia. They have been enroute under the care of the American Near East Relief for five years. They are among the last survivors of a once-powerful nation, driven from their homes by Kurdish invasion in 1918.

RECOMMENDS FOLEY KIDNEY PILLS

"Your medicine worked a miracle for me," writes Mrs. C. Biron, 140 Fayette Street, Lynn, Mass. "I was all run down, had a cough all winter, also kidney trouble and after taking a few boxes of your medicine my cough and backache left me. I can eat and sleep well. I canvass and recommend it at every house I enter." Prompt relief secured from kidney and bladder irritations, rheumatic pains through using FOLEY Kidney Pills. Insist on the genuine—refuse substitutes. Sold everywhere.

BASEBALL IN GREECE NEW WINTER SPORT

ATHENS, Nov. 28.—The popularity of the American game of baseball is being once more demonstrated on foreign soil. The back lots of Greece have begun to echo to the shout "Strik three; you're out."

Near East Relief workers are introducing the American game as a winter sport in their orphanages, which care for 15,000 girls and boys, refugees from Anatolia. Experienced recreational directors from the United States have recently arrived to take charge of this work, under the general direction of Miss Elizabeth Halsey of Wellesley college.

SERVES NEARLY 70 YEARS AS ENGINEER

RECOMMEND REDUCTION IN WHEAT YIELD

10,000,000 Bushel Surplus Is Noted By Committee.

CHICAGO.—A 10,000,000 surplus in wheat acreage was noted in the report adopted by the Production committee of the Wheat Council of the United States at its meeting here this week. The opinion that the present acreage of 62,000,000 planted acres should be gradually reduced to approximately 50,000,000, which the committee believes is an acreage sufficient to care for domestic requirements was expressed in the report.

Such re-adjustment should be made as fast as profitable alternative crops can be introduced, the report said. The average annual consumption of wheat in this country during the past twelve years for food, feed and seed has been about six bushels per capita. The population of the United States is approximately 110,000,000 so that the domestic requirements are NOT more than 660,000,000 bushels. Statistics show that for the same period the average yield per acre planted is about 13.4 bushels. Thus about 50,000,000 acres planted should yield enough wheat to meet domestic needs. To meet the requirement of increasing population from year to year additional wheat should be obtained from larger yields per acre rather than by the expansion of acreage, the report says.

In recommending the planting of 10,000,000 acres of wheat lands to other crops and urging definite extension programs looking toward reducing wheat acreage wherever an alternative crop or type of farming can be found

profitable the report states that better opportunities for making readjustments exist in the humid areas than in the sub-humid sections.

"It is not desirable to enter upon a drastic wheat acreage reduction campaign without reference to alternatives," the report continues. "But even the farmer in the sub-humid regions where the great bulk of our wheat is produced, could aid materially in reducing the present acreage by planting a part of his wheat acreage to feed, forage, and pasture crops and through summer fallowing. The feed thus produced can be utilized to advantage by feeding it to dairy cows, hogs, chickens, turkeys, etc. The kind and number, of course, will be determined by the adaptability of the individual farmer's plant and by his likes and dislikes. It would be to the advantage of every wheat farmer to produce sufficient milk, butter, poultry and meat to feed his own family and to provide for other necessary living expenses. In this way, money secured from the sale of wheat, his cash crop, would be available for use in reducing mortgages, bringing about better living conditions on the farm and generally making country life more attractive.

an easier New Year for your wife

THE CALIFORNIA OREGON POWER COMPANY

WOMAN'S WORK IS NEVER DONE

—but you can make it a great deal quicker and easier this Christmas!

Electricity—in the kitchen, the laundry, and in housecleaning does the hardest work your wife has to contend with.

THE extremely fair prices asked for Goodyear Tires year in and year out are shown in the chart above. Goodyear Tires are selling today for 45% less than in 1920; 39% less than in 1914. Despite this, their quality was never so high as now. This is a good time to buy Goodyears.

At Goodyear Service Station Dealers we sell and recommend the new Goodyear Cords with the beveled All-Weather Tread and back them up with standard Goodyear Service

Ashland Vulcanizing Works Harrison Bros. Ford Garage

GOOD YEAR "Western Made for Western Trade"

TO DARKEN HAIR APPLY SAGE TEA

Look Young! Bring Back Its Natural Color, Gloss and Attractiveness.

Common garden sage brewed into a heavy tea with sulphur added, will turn gray streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your

hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant. We'll Match C-T-C Tires Against the World

If C-T-C's Don't Outwear and Outrun Any Make Tire You Put Up Against Them We'll Give You a New Tire Free

BY ACTUAL experience and test C-T-C Tires are the best tires on the market, and the factory has authorized us to let YOU PROVE it for yourself or get a new tire FREE.

Here is the most remarkable guaranty any tire manufacturer has ever offered the public.

Put a C-T-C tire on any wheel of your car, and any OTHER make tire of equal size opposite it. Run them continuously, and if the C-T-C doesn't outwear and outrun the other make we'll GIVE YOU A NEW TIRE FREE.

This offer only holds good on C-T-C's bought from authorized C-T-C dealers before January 15th, and as you will need new tires by Spring anyway—get in on this unheard offer NOW.

C-T-C's are the longest wearing tires, the best for non-skid, best for traction in mud and sand, best for crushed rock roads, and have the toughest tread, strongest sidewalls, most expert handworkmanship and can be driven safely at low inflation.

In spite of their GUARANTEED SUPERIORITY, C-T-C's cost NO MORE than ordinary tires.

C-T-C TIRES AND TUBES
