60 Day Out-Wearing Guarantee
Developed Big CTC Business

Sixty Days Will Be Up Tuesday, January 15—

If You Want to Put On a C-T-C Tire On

Guarantee Get One Before 15th

There isn't anything to brag about in the business development of C-T-C tires, because folks naturally are demanding tires that can stand a contest as to qualities—and the way the company took of impressing the higher qualities of this Oregon product on the home people was to make it stand out against all the other tires on the market. In other words their future business depends upon the C-T-C tire living up to the idea stressed in this sixty day development campaign. Naturally, as all human products are subject to fallibility, mistakes, and errors of humans, it is quite possible to presume some C-T-C tires may fall short of their makers intentions. When bought under the 60-day campaign they will be made good. But, the company figures less than one-percent "make-goods."

You have until Tuesday, Jan. 15., 5:30 p.m. to get a C-T-C tire under this "Out-Wear" guarantee.
