O DEATH, where is thy sting? O grave, where is thy victory? But thanks be to God which giveth us the victory through our Lord Jesus Christ. 1 Cor. 15:55,57.

## FORESTS NOT FIREPROOF

The seven days, April 21-27, inclusive, have been designated by Presidential Proclamation as Forest Protection Week. During that week the American people are asked to give common thought to the protection of our forests from fire—one of the most destructive and at the same time unnecessary scourges the world has fallen heir to. Forest Protection Week is in no sense a time set apart to lament the annual wastage of our forests by fire. It is a call to fire the American conscience with the national need of forest-fire prevention.

Unfortunately, the average city dweller too often refuses to become even mildly aroused over forest fires. He thinks of forests as something distant and apart from him and his well-being. He often misses entirely the real idea of Forest Protection Week, just as when at vacation time he goes into the woods and misses the idea of a trail poster warning him against forest fires. He is one of the 90-odd per cent of American citizens who have not yet adequately been sold forest fire prevention.

To reach him and the rest of his kind is one of the biggest problems of forest protection. It is the big objective, not only of Forest Protection Week, but of every week in the year when fire will burn in the woods. Eighty per cent of all the fires occurring in the United States each year are caused by people who have not grasped the lesson which Forest Protection Week is designed to teach. Swarming along the roads and through the forests during the summer months, these people are the greatest fire hazard with which our forest forces have to contend. To extinguish a fire after it has started has been pretty well mastered by our forest departments, provided abnormal weather conditions do not intervene. But to prevent fires from occurring is a problem still in its infancy.

Eight out of every ten forest fires would not occur if fire prevention could be effectively taught to our citizens. Year after year, thousands of signs warning against forest fires are posted along our roads, our forest trails, and at points where people gather for recreation, and yet the percentage of man-caused fires refuses to decline.

The time to protect our forests is now, while we yet have them.—Supplied.

## THE CAMPAIGN FOR THRIFT

Saving under any circumstances is commendable, but saving to such an extent that it requires real personal sacrifice is being encouraged in an organized way through societies that have for their aim the making of America a nation of savers, under the great banner of "Thrift." Considering the orgy of spending and extravagance that went on during war times and subsequently this campaign for "Thrift" is both timely and commendable.

Many leaders in our national life were made worthy of the exalted positions which they held, as a result of the bitter experiences of their early years. They learned the lessons of self-denial and sacrifice. They knew what it meant to suffer, to work hard and to be deprived of many of life's pleasant experiences.

To them the practice of thrift meant real heroism. Had they been unwilling to endure these privations they never would have developed that ruggedness of character necessary to the great accomplishments of their later years.

In practicing thrift do not choose the line of least resistance, warns Dr. S. W. Strauss, President of the American Society for Thrift. "Do not see how little you can save. Do not coddle yourself by yielding to whims. If you do these things, the benefit of your scant economies will be accordingly of small account."

"Be willing to suffer privations; not that you should become a miser or narrow in your viewpoints, but that you should become strong of will and a worthy fighter for a great cause namely, your own future success and happiness."

These suggestions embody one of the most important phases of thrift because they include the chief benefit of economy.

It is not so much the amount of money saved that counts as it is the will-power employed in the saving.

The thrift practices that count most are those that are accomplished by hardship and real self-denial for such experiences are most likely to prove stepping stones to greater things.

The fruits of victory are reserved for those who are willing to pay the price in sacrifice and service.

## CALM LIFE THE HAPPY LIFE

Are you a victim of moods?

Do you experience blue Mondays, despairing Tuesdays, exalted Wednesdays, enthusiastic Thursdays, weary Fridays and impatient Saturdays, not to speak of exhausted Sundays? If you do you are wasting your vitality, muddling your work and wrecking your happiness.

Perhaps every one of us is more or less given to fits of exaggerated, uncontrolled emotions. Especially this may be true of those whose employment exacts nervous strain. When these periods of depression, or anger, or egotism become frequent the unfortunate victim is styled, in the common parlance, temperamental. And to be thought temperamental is to be thought a bit "queer," or unbalanced, which is perhaps the truth.

Yet there is none of us that cannot if he will, control his emotional processes and conquer his moods. Subduing the moods is not merely a matter of exercising valiant will-power, though that has its place. It is for many of us a matter of exercise and fresh air, good food regularly eaten, good books regularly read, temperance in most things, and abstinence in some. Sensible living strengthens the power of self-control and simplifies the problem.

If Mondays are usually blue, try a new rule next Sunday. Arise early, eat regularly but not too much, find mental and spiritual poise at your church service or from a good book, or, better, from both. Walk out to the fresh air. Above all didn't exhaust yourself in a wild search for recreation or sink into vitiating lethargy on your front porch. Sensible Sundays make bright Mondays.

"Moods" are nature's danger signals.

The problem is to keep the day of peace from being a piece of a day.

When Mr. Ford's money becomes too burdensome he might try backing grand opera.

When he takes stock after coming home, he knows why they call it "spending" the honeymoon.

After one learns the art of gossip it isn't necessary to buy a car to run down his neighbors.

KLAMATH OPPOSED TO  
REFLOODING OF LAKE

KLAMATH FALLS, April 17.—

The proposal of the California Fish and Game Commission that Lower Klamath Lake, which was drained a few years ago by diversion of water into Link River, be restored, does not meet with approval in all quarters here.

It is held that the California commission's statement that the area now "is not attractive to those interested in wild life, for it is a barren alkali waste with the exception of a few hundred acres planted to rye," is incorrect. It is admitted that some of the land does contain alkali, but the area is worth much more as agricultural land than as a bird sanctuary. It also is believed that in-

tensive cultivation will remove an excess of humus now existing in the soil and will permit cultivation of the entire section.

Nurse Chappelle Says Tanlac  
Brings Most Gratifying Results

Nurse With 15 Years' Experience Urges Use of Tanlac—Tells of Her Mother's Experience With World's Famous Tonic.

"I have direct and personal knowledge of so many cases where TANLAC has restored health and strength and helped weak, run-down people to get on their feet that I know it to be an unusual medicine," is the emphatic manner in which Mrs. M. E. Chappelle, Blue Mount and Thomas Ave., Wauwatosa, Wis., a practical nurse of fifteen years' experience, pays tribute to the famous treatment.

"Time and again I have urged TANLAC'S use and it always brings the most gratifying results. My own mother, now eighty years old, took TANLAC five years ago, and it has been her standby ever since. Nothing helps her as TANLAC does and she is as strong an advocate of the medicine as I am. Only recently, mother became generally run-down. Her stomach was disordered, her appetite utterly failed her, and she came near having a nervous breakdown. TANLAC gave her a vigorous appetite, corrected all complaints

Mrs. M. E. Chappelle

and left her not only well and happy but so strong and active that she looks after the home and visits around as well. And mother thinks the TANLAC Vegetable Pills are the greatest ever.

"In all my long years of experience as a nurse, I have never known the equal of TANLAC."

TANLAC is for sale by all good druggists. Accept no substitute. Over 40 million bottles sold.

Cannot Praise Great Joint Remedy

Too Tightly, Says W. J. ROY  
Read his grateful letter and then if you can think of any reason why you shouldn't use Joint-Ease for stiff, swollen, inflamed or stiff, creaky, sore joints you must be a pessimist.

Gentlemen: I am sure glad to say to the public I have not been able to get around only to just creep along for five years, until I got hold of Joint-Ease and I now can just walk where I please. I had the flu and it fell in my legs. My knees were swollen and my legs all the time. Now the pain has all left my legs and the swollen legs are normal and I can not recommend Joint-Ease too high. I have just used two tubes of Joint-Ease only and will not be without it at all times.

Truly yours, W. J. Roy, Morgantown, W. Va., Feb. 26, 1924.

A tube costs but 60 cents at any drug store, anywhere.

IS BETTER THAN  
FOUNTAIN OF YOUTH

States 58 Year Old Oklahoman, Who Says Korex Compound Made Him Young

"My rheumatism of years' standing has not bothered me since I started taking korex compound," says Harry G. Thompson of 1932 W. 30th St., Oklahoma City, "and I feel ever so much better in every way. A week ago I was completely played out. Today I am gaining in weight and I can now work outside in all kinds of weather. Korex is better than a Fountain of Youth. I feel twenty years younger."

The beneficial effects of korex are healthful, natural and lasting according to enthusiastic users. Thousands the world over are now taking it to relieve aching muscles, poor circulation, rapid decline, loss of appetite, premature old age and general run down, played-out condition. Korex may now be had in Ashland at East Side Pharmacy, according to the American distributors of korex compound.

DELILIA STEVENS.

## COUNTY SCHOOL

## COUNTY CORONER

I am a republican candidate for reelection for Coroner of Jackson county, subject to primaries May 16.

Platform: Experience, personal attention, economic management. Being a substantial taxpayer I am interested in the economical management of all county offices.

JOHN A. PERL.

## CORONER

I hereby announce myself as a candidate on the republican ticket, for nomination at the coming primary for the office of coroner of Jackson county.

H. W. CONGER.

## SHERIFF

As a candidate in the Republican primaries for the office of Sheriff, I desire to clearly define my position on the future conduct of that office if elected.

My experience as a deputy sheriff of Jackson County, and as a State Traffic Officer, has taught me that no peace officer can give satisfactory and efficient service to the public when his authority and responsibility are shared by another. The present unsatisfactory law enforcement conditions are largely attributable to divided authority between antagonistic peace officers, elements that are in to produce conflict, inefficiency and useless expense.

If elected I shall insist upon and expect to maintain the right to perform all the duties of Sheriff in this county, and it follows that I will be uncompromisingly opposed to special officers except Federal Agents, with whom I pledge full and complete cooperation. I am in thorough accord with both the letter and spirit of the prohibition laws and pledge my active and untiring efforts in their enforcement.

J. J. McMAHON.

## POLITICAL ANNOUNCEMENT

I hereby announce my candidacy for County Judge, subject to the decision of the Democratic primary, on the following platform:

Reduce taxes through an eco-

nomical and business-like administration of county affairs. Stop needless expenditures and waste and give proper support and attention to good roads, public schools and other vital and public necessities. Enforce the prohibition law efficiently and properly through proper agencies and eliminate special law enforcing organizations which are now causing expense. Give to all a fair, square deal and not be responsible to any political faction, clique or organization.

WILLIAM ULRICH.

## SHERIFF

At the earnest solicitation of many friends who have importuned me, I have finally consented to place myself before the Republican voters for the office of Sheriff, believing that the efficient, orderly and economical manner in which my office has been, and is now, conducted warrants my re-election, if elected I promise to continue my present policies of law enforcement, efficiency, economy and strict attention to duty in the affairs pertaining to the office.

C. E. TERRILL.

CAMBERS FOR SHERIFF  
To the Republican Electors of Jackson county, Oregon:

I hereby announce myself as candidate for the office of Sheriff of Jackson county, subject to the wishes of the Republican voters to be expressed at the primary election to be held on May 16, 24.

In announcing my candidacy I wish to state for the information of the voters that I have had four years clerical experience in the Auditor and Recorder's office of Churchill county, Nevada; that I also served four years as Sheriff of said county, and feel that I am eminently qualified to fill the position.

I strongly favor law enforcement, especially the liquor law, the violation of which has become a great menace to the commonwealth. I also favor the enforcement of the motor vehicle law to the end that the lives of people and property may be protected from the acts of careless and reckless drivers.

I shall, if elected, bestow special attention to the matter of collecting taxes, and the executive duties of my office.

J. J. CAMBERS

## COUNTY CLERK

I am candidate for the office of County Clerk, on the republican ticket, subject to the primary on May 16.

If elected County Clerk I will give to the office that high degree of efficiency which the people are justified in demanding of a public official.

CARL Y. TENGWALD

Medford.

## FOR COUNTY CLERK

I am a candidate for the republican nomination at the May primaries for the office of county clerk. If nominated and elected, I promise the people a square deal. My principles are economy and strict adherence to the duties of the office. I will endeavor to keep the office up to its present high standard.

W. H. CRANDALL

## COUNTY COMMISSIONER

I am a candidate for renomination of the office of County Commissioner subject to the Republican primary of May 16th. If nominated and elected I will endeavor to keep Jackson county on a cash basis and continue to give my best efforts to the business interests of the county.

IF BACK HURTS  
FLUSH KIDNEYS

Drink Plenty Water and Take Glass of Salts Before Breakfast Occasionally

When your kidneys hurt and your back feels sore, don't get scared and proceed to lead your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which helps to remove the body's urinous waste and stimulate them to their normal activity.

The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lost of good water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts. Take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys may then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate clogged kidneys; also to neutralize the acids in the system so they are no longer a source of irritation, thus often relieving bladder weakness.

Jad Salts is inexpensive; can not injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to help keep their kidneys clean and active. Try this; also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache. By all means have your physician examine your kidneys at least twice a year.
