JUNE 13

THE RIGHTEOUS shall inherit the land, and dwell therein for ever. The law of his God is in his heart; none of his steps shall slide.—Psalm 37:29, 31.

HONOR FLAG DAY

One day in the year, June 14, is set aside to honor the flag—our flag, the flag. Not because it is pretty, not because it is red and white and blue, not because it is the personal possession of every American, but because of what it means, what it stands for, what it typifies, what it prays and what it hopes!

It means liberty; liberty of thought, liberty of conscience, liberty of action within just laws, liberty of worship, liberty of government. It stands for law and order, protection and security, justice and a square deal, honor and righteousness. It typifies the ideals of a hundred ten millions of people, the heritage they have taken from the hands of the mighty forefathers, the torch of happiness in equal opportunity lit in 1776 and kept brightly burning ever since. It prays for strength to keep our vision clear; aye, that flag, flying in the breeze, is an American's prayer to God for strength to keep what he has won of truth and right, for wisdom to continue upon earth, those social and political liberties which make this God's country. And it hopes! Its proud flutter in the wind, its beauty overhead, is an outward and visible symbol to all the world of the inner and spiritual hope of every thinking American that this nation, under God, may so act and live that His blessing may continue to rest upon it.

Honor the flag, June 14. Fly it, take off hats to it, celebrate it. Let there be no hamlet so small in all this land that a procession is not formed in its honor; let there be no city so great and busy that its citizens forget to thrill once more at the sight of Old Glory.

Flag day, June 14—best of all days for all of us to enter a house of God and on bended knees thank the Giver of all good that it is our good fortune to live and love and prosper under such a flag.

ASHLAND'S COOPERATION APPRECIATED

The spirit of co-operation which is being shown by the people of Ashland should be promptly met half way or better by Klamath Falls.

The slogan "Visit Crater Lake via Ashland and Klamath Falls," has been adopted by the committee working in Ashland to secure the money for the new tourist hotel, and continual publicity is being given there for the new highway and this city.

In one issue of the Ashland Tidings last week the name "Klamath Falls" appeared 12 times on one page of the paper and several times on other pages, and always in a most friendly manner.

Other cities and communities may be willing to work with us but Ashland is doing it NOW, so the sooner we get into the swing and help Ashland the sooner we are helping ourselves.

And it might be well to mention that the Ashland Tidings gave the Mile High celebration the greatest publicity of any paper along the Pacific highway.—Klamath Falls News.

AS OTHERS SEE US

Ashland, Oregon, is a city where a tourist hotel should prosper, because it is the southern gateway reached first by thousands of tourists who come from California by way of the Pacific highway and it is also the last Oregon town which claims tourist interest in departing for the south. Ashland, by the way, is to have a new tourist hotel.—Oregonian.

Apparently there are a lot of republicans, rather prominent at present, who have no desire to lose their identity in the vice-president's chair.

A woman is seldom both childless and dogless.

If anyone should ask you how Ashland is moving along just inform them that postal receipts so far this year show an increase of 26 per cent over the same period in 1923.

Can it be that the visit of "Pussyfoot" Johnson has anything to do with the dispelling of the clouds, which promised another copious shower?

A windshield is no longer a windshield when it is used to hold a collection of stickers.

Nothing runs up into big figures like an inflated European currency and the descendants of the first fly.

It isn't certain that the next war will cost so much. There may not be any dollar-a-year men.

Money isn't everything. The man with the most costly fishing tackle catches the least fish.

ness all the time. I was down to 130 lbs., in weight, the lowest I had been since a boy.

"As nothing else ever helped me I was skeptical of Tanlac at first, but Tanlac soon won my confidence, for good results came from the very start. In a few weeks my three years of dieting and misery was over, I was eating everything and my stomach feeling like new. Tanlac also ran my weight up to 146 lbs., and left me strong, well and happy, and I gladly state the facts for what they may be worth to others afflicted as I was."
