OLD MAN GLOOM DOWN AND OUT

Says Former Sickly Housewife Praising Korex

"The roses are back in my cheeks for the first time in four years," says Mrs. Bertha Kahn of Gadsden, Alabama. "When I commenced taking korex a week ago, I couldn't sweep a floor. Last Monday I helped with my moving, handling things like a man. When I see women with that 'worn-out look,' I want to say, 'Take korex and get full of pep.' Korex makes the world look brighter."

Thousands are now using korex compound the world over for weakness after the flu, lessened vigor, rapid decline, premature old age, aching muscles, stiff joints and poor circulation, and many are the reports made of speedy satisfaction even in cases where other treatments have failed.

Those seeking similar relief will be interested in learning that the American distributors of korex compound have arranged for korex to be sold in Ashland at East Side Drug Store. Just ask the clerk for korex compound.

The editor of these columns will appreciate the courtesy greatly if those entertaining will let her know when affairs are given for house guests, whether picnic, dinner or trip to places of interest.

At present club news is scarce. Many organizations are having the summer vacation, and social news will largely be confined to the reunions and gatherings incident to the vacation time. It will be very helpful if those gatherings are reported that friends may enjoy them also. Call 345R before three P. M. Anniversaries Celebrated—

Sunday marked two anniversaries that were celebrated in a very happy way at the home of Mr. and Mrs. H. J. Butterfield. The affair took the guise of a lawn party, at which there were a number of guests present to assist in the commemoration.

The two wedding anniversaries were those of Mr. and Mrs. Butterfield, who have been married nine years, and that of Mr. and Mrs. F. E. Shaffer of Ohio street, who celebrated their thirteenth anniversary.

The happy visit and the delicious refreshments served made this occasion one long to be remembered.

Other than the complimented guests, Mr. and Mrs. E. F. Shaffer and Mr. and Mrs. H. J. Butterfield, there were present, Mr. and Mrs. T. E. Wixon, of Medford, Mr. and Mrs. Shaffer of Seattle, parents of Mr. Shaffer, who are here visiting, Ray Price, a brother-in-law of Mr. Shaffer and Mr. Price Senior.

There will be readings by Mrs. Lulu Howard and Mrs. J. F. Leggett. Mrs. Howard will give "It is Something to Me." The Rev. V. K. Allison is to give an address on "Law Enforcement." Basket Dinner—

The regular Church Board meeting of the Christian church will occur Sunday afternoon at the church.

There meetings are held monthly and it is habit to have as a pleasing feature preceding them, a basket dinner for the congregation at this time.

The picnic dinner is at noon following the morning service and all members of the congregation are invited to bring well filled baskets and have a part in this pleasing gathering.

The church meeting is called at two-thirty and there are always matters of moment to discuss relative to church interests, so each member is urged to be present.

Ashland Picnic at Long Beach—

The following communication from one of the happy participants at the affair, will be of interest to many friends of the picnickers in Ashland.

"Last Friday evening a crowd of Ashland people gathered at the beach and enjoyed a glorious good time around the huge bon-fire eating roasted wieners and talking over good times in days gone by. The children enjoyed themselves bathing in the ocean.

"If any of you were ever away from home and met some one you knew you may imagine the good time every one had last night.

"Every one entered the race but Charley Moore we believe won first place with Henry Childreth a close second in the eating contest.

"Ashlanders present at the jolly affair were: Mr. and Mrs. Howe Hays and children, Jim, Leslie, Raymond and Viola; Mr. and Mrs. Henry Childreth, Glenna, Carl, Wilber and Arlene Childreth; Mr. and Mrs. A. Bloomfield and Wayne, Chris, and Marian Bloomfield; Mrs. Ruth Guisinger and Doroehy and Donald Guisinger; Mr. and Mrs. Webb Wertzand daughter Dorothy; Mr. and Mrs. Ike Childreth and Mr. and Mrs. Charles Moore."

It isunderstood that Mrs. Ruth Guisinger and children are leaving Long Beach to make their home in Sterling, Colorado.

Christian Church Notes—

The Missionary Society of the Christian church will not meet until next week, since the regular day falls on the Fourth. A good attendance is urged. An excellent program is prepared.

Committees have been appointed to plan the program and to make arrangements for the next social, which will be held soon. These are delightful affairs in that the audience does not know before the gathering, just what is in store for them in program or in entertainment.

The newly organized Sunday school at Wagner Creek elected officers and held their first session Sunday afternoon, after which Rev. J. F. Leggett had a preaching service.

Mrs. James Morgan, as superintendent, Fred Carleton, assistant superintendent, and Miss Etta Thompson secretary and treasurer, were named.

The union service Sunday night which was held at this church and at which the Rev. W. Judson Oldfield gave the address was well attended in spite of the unusually warm evening.

SUFFFERED MANY YEARS WITH STOMACH TROUBLE

Then Mrs. Palmer Found Relief In Tanlac.

"Somehow I could never believe all I heard and read about Tanlac, but since giving it a thorough trial myself I am no longer among the doubting class," is the striking statement of Mrs. C. E. Palmer, 2246 15th Ave., West, Seattle, Wash.

"For years my stomach had been so disordered that I would suffer pain and distress for hours after meals. My appetite seemed entirely lost, I also had bilious attacks and was in a badly weakend, depressed condition.

"The issue was to get my stomach in order and recover my appetite and this Tanlac has certainly done. I now have an unfailing appetite, perfect digestion and have gained about 10 pounds. In fact, eight bottles of Tanlac has built up my health and strength until I am feeling fine."

Tanlac is for sale by all good druggists. Accept no substitute. Over 40 Million bottles sold.

JUDGE THOMAS IS COMPLIMENTED BY BAR

Judge C. M. Thomas leaves this evening to attend the National Bar association meeting in Philadelphia, July 8 to 12th inclusive. He expects to be gone about three weeks, says the Mail Tribune.

A committee representing the Bar association of the First Judicial district, comprised of Jackson and Josephine counties, called on Judge Thomas recently and presented him with a check to pay his expenses to this meeting as an appreciation of his work on the bench.

The meeting in Philadelphia will be one of the most important ever held due to the fact that the bench and bar generally recognize that great changes must be made in the proceedure of the courts, particularly in the trial of criminals.

From Greatest Distance—

G. L. Broadbeck, of Pittsburgh, Pennsylvania, was the tourist at the auto camp last night from the greatest distance. He will stay until after the Fourth. There were five persons in his party.

Health Hints by the Father of Physical Culture

BERNARR MACFADDEN

From a heavy protein diet, constipation, unnatural eliminative skin activity, infection, alcohol and other stimulants, worry etc., the blood pressure may be raised considerably. Nature in her efforts to prevent damage many times produces a worse condition than that which she is attempting to guard against. This happens very often in cases of functional increase in blood pressure. In these cases nature hardens the blood vessel walls evidently with the intention of making them stronger and less susceptible to injury through the increased force with which the blood is pumped through them.

In other cases the diet has been so excessively heavy and the elimination so unnaturally reduced that mineral elements are deposited in large numbers in the blood vessel walls. In either case the blood vessels are made more brittle and subject to rupture. When feeling the pulse at the wrist of a person who has arteriosclerosis, or hardening of the arteries, the small artery is found to be resistive to touch and pressure and rolls under the finger as wire or a pipe stem would. Sometimes the blood vessels in the forehead and temples can be felt the same way. Symptoms of arteriosclerosis may be very slight and vague and a person may ignore them until a well developed case has been established. Some times there is a greater susceptibility to cold or heat, since the "ventilation" of the skin is abnormal. Headache is very common symptom and may be the only one noticed. It is usually at the base of the brain or at the "nape of the neck." A tightness and drawing may be felt at this latter point.

Very frequently, however, one does not suspect this condition until an examination for life insurance or some other troubling symptom has been made when the condition of the blood pressure is discovered. How many times have you known of some one who was according to accepted standards "the picture of health" who was suddenly stricken with appoplexy and resulting paralysis. But in every instance or practically so, there had been warnings that could have been interpreted to mean that the arteries were getting at a danger point of hardness and brittleness.

From North Dakota—

Jacob Remaldt, North Dakota business man, who is returning home after a vacation in southern California was an Ashland visitor yesterday. He declared that he would have liked to have seen the celebration, but felt that he must get back to work.
