FOR SALE CHEAP — Purebred Jersey bull or will trade. 500 Terrace St. 275-3*

FOR SALE
WHEAT AND CORN PRICES ARE SOARING UPWARD, and other farm products are on the rise but real estate is still astonishingly low. Some withdrawals of property from market but only a few upward changes in prices asked. In the face of the proposed developments, the unanimous opinion is that now is the time to buy real estate. The New Hotel will be built. The Shale Oil will be flowing into Ashland very soon. The Cannery will operate on larger scale. A big Box Factory will be built this summer. Starting developments of the Pompadore Lithia springs are under way, which will cause car loads and train loads of Lithia water and Carbonic Gas to be shipped from Ashland. Medical baths to be constructed, handsome Golf grounds laid out, and a corporation with capital of \$300,000 will take over the Blair Granite Quarry working 150 men and shipping train loads of granite, over the coast states. IN VIEW OF THIS, WHY WAIT?

YOU CAN NOT LOOSE ON WHAT YOU BUY NOW
For instance: here is a 5 acre tract on the Paved Highway, only 2 miles out, good soil, some fruit trees, fine building spot, panoramic view, for \$750.

A well built, plastered, 6 room bungalow, full basement, concrete foundation, first class porcelan bath and toilet fixtures, slightly front, close to center of town, and the price is only \$2100. Don't let the price scare you. It just happens to be a rare sacrifice snip

City lots, Acreage, Orchards, Farms, Stock Ranches and Business Opportunities.

If your price is attractive, I will be glad to list what you have for sale. If I sell it will be at your price and you pay the commission. I do not speculate on the owner's property.

CALENDAR OF THE WEEK

Thursday, July 24, High School Day at P. T. Institute at Club House.
Friday, July 25, Grade Day, at P. T. Institute, at Club House.
Saturday, July 26, G. A. R. meets at Army.
Tuesday, July 29, Open House Civic Club House.

Reception a Success

The reception given at the Civic Club House was a decided success. Many who attended came in time to enjoy the splendid lectures given during the afternoon by the faculty of the P. T. Institute now in session. The program included an outline of the national organization; how organized, why, and what has been accomplished.

Mrs. G. J. Perkins gave an interesting account of the last National Congress of P. T. held at St. Paul, Minn.

Mrs. J. F. Hill told of the National Boards and how they are functioning, and Miss Frances Hays, Director of the Institute, who had spoken at Normal in the morning, and would again on Wednesday, told especially of the Student Loan Fund.

At the close of Miss Hays' address, the formal program ended and the social hour began. Hostesses from the P. T. A. and from the Civic Club saw to it that the strangers were welcomed and met every one.

Mrs. Ralph Gill and Mrs. I. R. Bateman dispensed delicious refreshments at the punch tables. Beautiful roses and gladioli brightened rooms and tables, and guests lingered long enjoying the social hour.

Not only were the members of the P. T. Institute which included those from other towns of the valley, and the Institute faculty, but the faculty of the Summer Art School, many from the Normal, and a great many from Ashland were present during the afternoon.

The reception committee composed of officers in the local P. T. A. were the Mesdames E. M. Berg, M. M. Brower, I. R. Bateman, J. H. Ruger, Louis Schwein, B. R. Greer, Guy Good, B. C. Forsythe, D. S. Whitney, Ralph Gill and A. M. Humphrey.

Those from the Civic Club were the Mesdames G. B. Eubanks, Channel, Gruelle, and Mitchell. Yesterday's plan in Institute included the whole state organization. On Thursday (today) the "High School" will claim the attention, and on Friday the "Grade Schools" will be discussed. Today's program is open to everyone.

Mrs. Thomas Entertains
Monday evening of this week Mrs. I. W. Thomas of Medford was hostess at a dinner party with Mrs. Josephine Peley, the Misses Peley, their guests, Mr. and Mrs. Dallas Murphy, and Mrs. H. T. Mitchell of Springfield, Mr. and Mrs. W. M. Peley and Mary, and Mrs. Lou Reeder as dinner guests.

Tuesday Mr. and Mrs. Dallas Murphy and Mrs. H. T. Mitchell left for Crater Lake, where they will spend a short time before returning to Springfield.

The Mitchells were former residents of Ashland, and many friends were glad for the opportunity afforded by this visit to see them.

Visit to the Caves

Says Piles Heal Up and Disappears Forever
Seldom Fails To Give Absolute Relief from All Pain and Suffering. Guaranteed by East Side Pharmacy and All Good Druggists.

Many sufferers from Piles or Hemorrhoids have become despondent because they have been led to believe that their case was hopeless and that there was nothing in the world to help them.

To these people we say, "Go to your druggist and get an original box of MOAVA SUPPOSITORIES." One of these inserted into the rectum according to directions will be found to give immediate relief. They reach the source of the trouble and by their soothing healing antiseptic action first allay the pain and soreness and then by direct contact with the ulcers and piles cause them to heal up and disappear forever.

It's simply wonderful how speedily they act. Blessed relief often comes in two days. Even in cases that have steadily resisted all known treatments, marvelous results have been obtained. MOAVA is one of the wonderful discoveries of recent years and any sufferer from Piles or Hemorrhoids who is disappointed with its use can have their money refunded. East Side Pharmacy will supply you. Mail orders accepted. 5

Luncheon for State Officers, Congress of P. T.
The members of the Institute of National Congress of Parent-Teacher were hostesses at a very delightful luncheon given at 12:30 Wednesday at the Civic Club House with the state officers as complimented guests.

Those so honored were Mrs. J. F. Hill, National Vice President, Miss Frances Hays, Nat'l. Field Secretary; Mrs. George J. Perkins, President of the Oregon Association; Mrs. Louis Dodge,

State Vice President; Mrs. Olen Artzberger, and Mrs. Glenn Fabrick both of Medford and state officers.

The luncheon was a very attractive affair, the tables beautiful with bouquets of brilliant gladioli.

The informal speeches were of the most helpful kind, and coming from those so experienced in the Parent Teacher work, were deeply appreciated by the fortunate guests.

Picnic at Rogue River
Eight cars filled with happy people from the Nazarene congregation went down the valley Tuesday to the Rogue River to spend the day.

The picnic was held near the C. E. Sams ranch and the dinner which was a most bountiful one, was served at noon.

The day was spent in this beautiful spot, and all present report a most enjoyable time.

Entertained in Grants Pass
Monday Mrs. W. J. Wallace, Mrs. H. E. Sackett, Mrs. J. S. Parsons and Mrs. Will Moore were guests of friends in Grants Pass for the day. The visitors enjoyed the delightful drive and the pleasant time spent with friends there.

W. C. T. U. Meeting
The W. C. T. U. held a very interesting meeting at the Library with a fair attendance.

It is announced that at the next meeting, two weeks hence, that the superintendents of all departments of work are to bring in complete reports.

It is also announced that the election of officers is to be held soon. That is an important matter and a good attendance is much to be desired.

Go to Caves and Crater Lake
Mr. and Mrs. Aylesworth, who are entertaining relatives and friends this week took their guests to the Caves and to Crater Lake for two delightful outings. Needless to say the visitors appreciated these scenic wonders and enjoyed their trips wonderfully.

Epworth League Have Picnic
Over forty young people motored out to Kingsbury Springs Friday evening for an outing and picnic dinner.

They met at the Methodist church where cars awaited them. Laden with well filled baskets, great freezers of ice cream, and the makings for the delicious lemonade from the Kingsbury soda water all were prepared to enjoy themselves thoroughly.

Dinner was served almost immediately upon their arrival and the fortunate forty present appreciated to the fullest extent the delicious viands the baskets contained.

A jolly hour or so followed, and when shadows lengthened the return was made to town, for bonfires may not be kindled now.

All report the happiest time ever and anticipate with pleasure a recurrence of the event.

Out of Town Guests Entertained
Mrs. Frank DeWitt Black of Seattle, daughter of Mr. and Mrs. H. G. Gilmore of Seaside Drive, is the house guest at her parents home this week. Many plans are made for her entertainment during her stay. Mrs. Black is a well known composer-pianist. Her work is very well known. She has travelled extensively.

Miss Margaret Hargus who has been the week end guest of relatives returned to her home in Klamath Falls this week. Mrs. I. D. Applegate, her grandmother, will be the guest of Mrs. W. O. Smith in Klamath Falls for perhaps a fortnight.

A trip to Crater Lake is planned for the house guest of Mrs. J. P. Wo If Mrs. Fannie Kugle of Menomonic, Wisconsin, who is here to enjoy a visit with her girl hood friend, Mrs. Wolf.

Miss Elizabeth Wagner and Miss Gertrude Mann are here from San Francisco for the vacation time at the home of Miss Wagner's parents, Mr. and Mrs. J. M. Wagner. Many delightful outings are in store for them, during their visit.

LOVE AFFAIR TOLD IN EARLY ENGLISH ESSAY ON COQUETRY

UNIVERSITY OF OREGON, July 24.—A set of the Gentleman's Magazine, a British publication, has been purchased by the University library. The set, which contains 307 volumes, was ordered for use in the History department.

The first issue of the magazine was published in 1731, and the title page reads something like this:

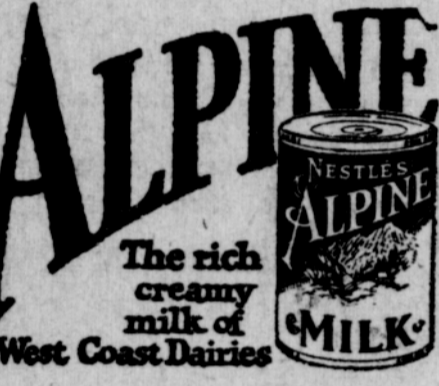

"The Gentleman's Magazine, or Monthly Intelligencer for the year 1731, containing: I Effays, Controvertial, Humorous, Political, Religious, Moral and Satirical; II Debates in Parliament; IV a succinct account of the Most Remarkable Transactions, Foreign and Domestick; VI Observations in Gardening. Vol. I, by Sylvanus Urban, Gent., Printed and sold at St. John's Gate by Jeffereys in Ludgate Street, and most bookellers."

A sentence or two picked at random from an essay "Of Coquetry" in Vol. I, follow: "An honest plain Tradesman was unfortunately smitten and made her an offer of sharing his Fortune and Bed, but was rejected with Diffidant, grew melancholy, fell sick and died. This was the best Compliment she though a vulgar mechanic could pay her beauty."

FOR SALE—Old papers at Tidings; 25c per bundle. db

THE CALIFORNIA OREGON POWER COMPANY

THE CALIFORNIA OREGON POWER COMPANY

7% Preferred Capital Stock
Price \$98 per Share
YIELDING 7.14%

The proceeds of the sale of this stock will be used exclusively for new, income-producing additions to and betterments of property and equipment.

THE COMPANY

The history of The California Oregon Power Company shows a substantial growth in facilities and earnings resulting from the large sums of money invested in its properties and from the development of the territory which it serves.

Steady Growth in Customers Served

The territory now served by The California Oregon Power Company includes parts of Jackson, Josephine, Klamath and Douglas Counties in Oregon, and Siskiyou County and parts of Shasta and Trinity Counties in California. This is an area equal to the combined areas of the States of Massachusetts, Rhode Island and Connecticut.

During the ten years from 1913 to 1923, the number of consumers has grown to the present total of 18,225, an increase of 177%. Due to the increasing use of electric power for industrial, agricultural and domestic purposes, the Company's output has grown from approximately twenty-six million kilowatt-hours in 1913 to one hundred and fifty-two million kilowatt-hours in 1923—an increase of 475%.

In addition to its local consumers, the company enjoys a large and advantageous wholesale contract demand from other power companies, thus greatly expanding and diversifying its field.

Increase in Facilities

The company owns and operates eight hydro-electric plants in Southern Oregon and Northern California. In building these hydro-electric plants, natural resources are developed which will be productive forever.

The Company's main trunk high tension and distribution lines at the end of 1923 were 1550 miles in length. The actual investment in the construction of these facilities has increased from \$4,787,624.35 in 1913 to \$11,752,616.19 in 1923, exclusive of valuable water rights and intangible assets.

Immediate Future Development

The Company is now engaged in building a new 4,250 horse-power plant on Link River at Klamath Falls, and an additional power plant with a generating capacity of 40,000 horse-power at Copco on the Klamath River, together with an important extension of its high-tension lines. A large part of this increased production has already been contracted for, in the case of the new Copco plant, and it is estimated by the Company that the new facilities alone will increase its net earnings by more than \$400,000.00 a year.

THE STOCK

Par value \$100 per share. Dividends have been paid on The California Oregon Power Company Preferred Capital Stock each quarter since issuance, without interruption, at the rate of \$7 per share per annum. Dividend checks are mailed every three months.

Proceeds of all securities sold are devoted exclusively to additions to and betterments of the Company's properties.

The stock is not assessable by the Company for any purpose whatsoever. It is non-callable, and if purchased at the present price, yields a return of 7.14% on the investment.

It is exempt from Federal Normal Individual Income Tax.

It takes precedence as to assets and dividends over common stock amounting to \$4,441,100 par value. This means that all dividends on the Preferred Stock must be paid in full before any dividends may be declared on the common stock; and that the Preferred Stock has a claim on the assets of the Company prior to the common stock. The equity in assets back of the Preferred Stock amounts to more than \$9,000,000.00 as of May 31, 1924—over two and one-half times the par value of the Preferred Capital Stock now outstanding.

Upon the completion of the new Copco power house, the new Link River power house, and other projects now commencing construction, approximately Five Million Dollars in new and productive property will be added to the company's physical assets.

The stock may be purchased in any amount from one share upward.

It may be purchased either for cash or on our special savings plan, namely, \$5 per share as first payment, and \$5 per share per month. Interest is not charged by the company on unpaid balances.

Interest is paid by the company, however, on all partial payments under the savings plan at the rate of 6% per annum. Interest checks are mailed to subscribers under the savings plan every three months.

Subscribers who find it necessary to cancel their installment subscriptions will be allowed a refund of all payments made, plus interest earned, either in cash or in paid-up stock. (A deduction of \$1.00 per share will be made to cover the expense of cancellation.)

The stock is listed on the San Francisco Stock and Bond Exchange.

THE RECORD OF TEN YEARS' GROWTH					
Year	Value of Physical Properties (not including water rights, etc.)	Gross Revenue	Operating and Maintenance Expense	Net Earnings without Deducting Interest or Depreciation	Kilowatt Hours Generated
1913	\$4,787,624.35	\$347,261.70	\$143,746.67	\$203,515.03	26,485,359
1923	\$11,752,616.19	\$1,370,544.78	\$594,603.97	\$775,940.81	152,124,781
