SUBURBAN HOMES

For a country home close to town, it would be hard to find a prettier location than the Bellview district, just east of Ashland. This district sits in an admirable position, affording a panoramic view unexcelled.

The new irrigation ditch which will be finished this fall will afford ample water for next season and I predict much activity and increase in price of real estate in that district.

BETTER BUY NOW
Forty acre tract, half mile off Boulevard, twenty acres cultivated, mostly in fruit, seven acres under the new ditch, twenty acres pasture and wood land. All of the land has a gentle slope to the north. Will sell this land and build a five room house for the purchaser making the terms very, very attractive. Price \$5000.00.

Eight room modern bungalow extremely nice inside, all kinds of conveniences, well with inexhaustible supply of water, electric pumping system, good barn and other out buildings, large shade trees, some fruit trees, two and a half acres, level but slightly location. Price \$5000.00, very easy terms or will add six acres of young pear trees for an additional thousand dollars. The house is in splendid condition, stone and concrete foundation, basement heating plant and could not be duplicated today for less than \$7000.00. I am afraid you will wonder what is the matter with it and I suggest that you come and see.

For instance, here is a 5 acre tract on the Paved Highway, only 2 miles out, good soil, some fruit trees, fine building spot, panoramic view, for \$750.

A well built, plastered, 6 room bungalow, full basement, concrete foundation, first class porcelain bath and toilet fixtures, slightly front, close to center of town, and the price is only \$2100. Don't let the price scare you. It just happens to be a rare sacrifice snap.

City lots, Acreage, Orchards, Farms, Stock Ranches and Business Opportunities.

If your price is attractive, I will be glad to list what you have for sale. If I sell it will be at your price and you pay the commission. I do not speculate on the owner's property.

SKELETON FOUND IN OLD RIVER CHANNEL

VACAVILLE, Cal., July 24.—While excavating a pit for new irrigation well on the Bucktown Ranch of the Frank H. Buck Company, five miles north of Vacaville, workmen uncovered a skeleton twenty feet under the surface of the ground. The skeleton lay in what looks to have been an old river channel, and no doubt is that of one of the Indians who lived in the Vaca Valley in the early days. Being so far beneath the surface leads to the supposition that the owner fell into the river many years ago and became covered with sand and gravel.

DIVINE HEALING VS. COMMON SENSE

Editor's Note — The following was submitted for the forum column, but inasmuch as rules prohibit the appearance of articles inciting a religious controversy it was declined, whereupon the author asked that it be printed as regular advertising, and for which rates are charged.

Editor Tidings:—Will you permit me space in your paper to express my personal views on this doctrine which has been spreading over our country recently, and in which they put a great deal of stress upon divine healing, claiming that a person can be healed of any disease. As Ashland is at the mercy of another seige, I have been attending their meetings, no doubt as a majority have, for curiosity's sake, for I certainly did not go expecting to hear anything I have not read hundreds of times from the Bible, and had I, I would have been badly disappointed.

I have noticed at previous meetings the leader of this movement on the stage in the act of taking off his glasses and announcing people to be healed for defective eye sight. Now, if he has a spark of faith in this doctrine then why in the name of common sense does he not be healed himself, or practice what he preaches? Why does he not first pull the mote out of his own eye so he can see clearly to pull the mote out of his brother's eye?

Jesus gave the disciples power to heal the sick and raise the dead, both commandments being given at the same time. I wonder how many graves have been emptied in Ashland since these so-called healers came. I have heard of no dead people being raised, nor of any ghosts walking the streets during any of their meetings. Jesus also said, "when ye pray go into your closet and pray in secret and your heavenly Father, which is in secret, will reward you openly." He did not say go to a divine healer and have the holy spirit pumped into you. I challenge any living person to find one instance where Jesus or his disciples did any healing which was not absolutely perfect and instantaneous, or where Jesus commanded them to have preparatory meetings and hand out cards to those who wished to be healed, in order that they might prepare themselves. Now at this point I want to be distinctly understood so there will be no doubt, or possible chance

Salesman Tells What Korex Compound Did for Him.

"I would not take \$1,000 for what Korex has done for me," says Thos. H. Miles of Shelbyville, Tenn. "For two years I was down and out. I had pains in my muscles and I could hardly sleep. Now I am as active as I ever was. I feel so much better and I can sleep like a baby all night. I can walk 5 or 6 miles on a hike and scarcely feel it."

Thousands of the world over are now using this wonder compound. According to statements of users, the beneficial effects are complete and lasting. Weary and worn out men and women, sufferers from lack of appetite, low vitality, poor circulation, premature old age and lessened vigor will be interested in learning that the American distributors of Korex, have arranged for Korex compound to be sold in Ashland at East Side Pharmacy. Step in at this drug store and ask about Korex.

for anyone to say that I am an unbeliever, or mocking religion. I am a firm believer in the power of prayer. I believe God is prayer-hearing and a prayer-answering God; that he does hear and answer prayers of those who come to Him in spirit and in truth, believing that He is a rewarder of all those who diligently seek Him, but I also believe he answers prayer in His own way and time only.

I am not yet ready to believe God ever intended His power to be carried around and dished out in a haphazard way. If so He has ceased to be almighty. It seems strange that the Bible has been read, studied and preached for almost 2000 years by men with as much intelligence as those who walk the earth today and they failed to grasp the doctrine which faith-healers now preach. The fact of the matter is they have found nothing in the Bible which was not discovered centuries ago.

Jesus warned the world to be aware of false prophets, anti-Christians and all kinds of creeds, cults and isms in the latter days, for if it were possible they would deceive the very elect. He also said: "Many will say on that day, Lord, Lord, did we not perform miracles and cast out devils in Thy name, and I will say to them depart from me, I never knew you." I believe these so-called divine healers would be infinitely more valuable for the salvation of souls in this lost and sin-cursed world did they preach the

true gospel of Jesus Christ to unbelievers only, to lost and wandering souls and bring them to the kingdom of God first, before they parade up and down the country preaching their new doctrine to those who already profess to be Christians, thereby dividing churches and scattering their members to the four winds through dissension and strife, as they are doing here in Ashland and no doubt elsewhere, and gathering in new converts from the various churches to follow their doctrine. No doubt many of them hope thereby to find some other easy way to get to heaven, rather than by following the only true doctrine, through which, or by which they can ever expect to enter the pearly gates of the new Jerusalem.

No sane person can deny that when our time comes all the prayers in Christendom, all the divine healers under the canopy of heaven, all the learning, scheming, and all scientific ingenuity of man cannot prevail, for God has so ordained and His will be done. I am willing to risk the eternal

destiny of my soul on the plain teaching of the Bible, which has been preached down through the ages, and upon the solid rock against which the gates of hell cannot prevail, rather than risk it in the hands of those who preach a doctrine which creates nothing but hatred and strife, for surely this is not the kind of religion taught and preached by Jesus Christ, and which is spoken of in the Bible. Therefore I have absolutely no time for, and much less faith in, the so-called divine healing doctrine.
