

The Complete Electrical INSTALLATION

IN
The FRANCES BUTLER APARTMENTS

WAS DONE BY
The Jordan Electric Company

We did all the wiring and installed all the electrical fixtures in the beautiful apartment building which will be formally opened to the public tomorrow evening between 8 and 10 o'clock by Mr. and Mrs. Butler. The wiring and fixtures are in keeping with the beauty in the apartments.

We feel that this work insures fire protection in the building, as well as giving the occupants the most modern conveniences.

Ashland should feel proud of this apartment and should visit the apartment tomorrow evening, so as to encourage Mr. and Mrs. Butler.

TO BEAUTIFY The Frances Butler Apartment

The builders needed attractive wall paper. We are glad to have been able to meet this demand in furnishing the paper for all of the building.

This paper harmonizes with the beauty of the 8 apartments in other ways.

The construction of this 8-apartment building is an accomplishment, and a belief in Ashland for which the builders deserve commendation.

THE PROVOST Hardware Company

Had the pleasure of assisting in the furnishing of the Frances Butler Apartments, having supplied and installed

All The Plumbing, Heating And Hardware Fixtures

Note the quality of these fixtures and the accuracy of the installation when you visit the apartment at the formal opening tomorrow evening between 8 and 10 o'clock.

The value of a building such as Mr. Butler has erected is often minimized in comparison with purely industrial enterprises and community activities; but we feel that Ashland owes an expression of gratitude to Mr. and Mrs. Butler for erection of this apartment and that the attendance at the formal dedication of this apartment and demonstrate this appreciation.

Ashland is on the verge of a development which we feel will greatly enlarge our city, but while we are working for the contemplated improvements, we should appreciate the improvements that are now completed.

The FRANCES BUTLER APARTMENTS

Ashland's newest improvement, lifts the city just a peg closer to the realization of a development which is bound to come.

The building of these apartments is a credit to Mr. and Mrs. Butler and should be an inspiration to others who are able to improve our city.
