UNION LABOR WILL ATTACK CHAS. DAWES

G. O. P. Vice-Presidential Candidate Declared Foe of Labor
TO AID LA FOLLETTE
Campaign Committee Will Deliver Pledge of Support to Independent Nominee

ATLANTIC CITY, N. J., Aug. 6.—Labor's attack in the three-cornered presidential tilt must be directed against Charles G. Dawes, an anti-unionist, the campaign committee of the American Federation of Labor decreed here today.

In its first order to its 3,000,000 voters, the committee sounded a shrill warning against the Republican candidates and gave its first campaign slogan, "Raise hell with Hell and Maria."

Dawes is hated with sincere bitterness by Samuel Gompers, labor chief, who says the Republican nominee "typifies the extreme enemies of our cause."

Charges are prepared Pamphlets setting forth the record of the Chicago banker and author of the most advertised European reparations plan were ordered prepared by the committee for circulation.

These documents charge Dawes with originating the organization known as the "minute men of the constitution," and through it attempting to destroy organized labor by creation of the open shop.

Matthew Woll, who is acting as Gompers' right-hand man in the campaign, expressed the sentiments of the committee in a statement declaring that General Dawes' record "will receive the proper attention, and we are not without information as to the record as far as labor is concerned."

With the heated attack upon the Republican nominee, Woll hopes to furnish the "fire" for the La Follette campaign.

REGARD GERMAN REPLY AS HIGHLY HOPEFUL

LONDON, Aug. 6.—German man's reply to the reparations proposals of the allied powers was handed to the council of fourteen. It is understood that the reply is not contentious and instead is very helpful.

INCOME TAX REFUND WILL START TODAY

Will Pay \$153,000 to Oregonians Under Law Passed in June
PORTLAND, Aug. 6.—The collector of internal revenue today will inaugurate an unusual custom in the history of revenue collectors by dispensing funds of the government. No less than \$153,055.64 in checks will be mailed to 22,030 income taxpayers, entitled to a 25 per cent refund on tax payments up to March 15, last.

The federal statute making this provision was passed in June and became effective July 2. Clyde G. Huntley, collector of internal revenue, pointed out yesterday that the government had succeeded in dispatching the details of the refund in brief space of time, indicating that there are some wheels of government which work efficiently and effectively.

"It is unheard of," said Mr. Huntley, "that the government should avoid the red tape of bureaucracy and hand back the money to the taxpayer so promptly. Our office filed a certificate of refund with the officials at Washington, who checked it, and finding it correct, forwarded the money to us for distribution."

AIR MAIL PLANE IS DESTROYED BY FIRE

WASHINGTON, Aug. 6.—Loss by fire of an air mail plane and 152 pounds of mail which left San Francisco Monday, was reported today to Postmaster-General New. The plane being flown by Pilot Scott was over Great Salt Lake when its radiators exploded. The plane took fire and Pilot Scott succeeded in effecting a landing but was unable to extinguish the flames or remove the mail. Scott received slight burns.

CHARGES AGAINST CAPTAIN DISMISSED

From a statement given by Captain Graves, of Salvation Army headquarters, who today arrived in Ashland from Klamath Falls, it was learned that the charges against Captain A. Hill, of Klamath Falls, formerly in charge of work there, were dismissed because the evidence was not sufficient to warrant holding the captain for court action.

The Salvation Army, however, has dismissed Captain Hill for conduct which was indiscreet and unbecoming an officer of the army.

VERSIONS OF FATAL WRECK ARE VARIED

Mrs. Stratton Says That Car Was Struck From The Rear
A DIFFERENT STORY
Dunsmuir Undertaker Declares Stratton Machine Side-Swiped Another Car

Confusion surrounds the details of the fatal accident near Lemoine, California, Monday, in which Percy Stratton, Ashland mail carrier, was killed and his wife badly injured.

According to what a Dunsmuir undertaker told Mrs. Thornton Wiley, sister of Mrs. Stratton, at Dunsmuir yesterday, Mr. Stratton steered his machine around a rock in the road, and the Stratton car was struck head-on by the other car while on the wrong side of the road.

This afternoon at the Community Hospital, however, Mrs. Stratton told a Tidings representative that she saw no machine coming toward the car in which she was riding.

Authorities at Redding evidently placed little credence in the story that the Stratton car was struck from the rear, according to a story which appeared in the Sacramento Bee.

The account sent the Tidings yesterday from the Dunsmuir News, however, said that the Stratton car was struck from behind. According to the Bee, no blame at attached to Burns, whose car was struck by the Stratton automobile.

WILL DEMAND PROBE OF CLEAVER'S REPORT

Figures Are Questioned; Legislators Threaten to Start Investigation
SALEM, Aug. 6.—Because of some question having been raised as to the correctness of figures contained in the semi-annual report of George L. Cleaver, state prohibition director, with relation to the financial achievements of the department during the six-month period ending June 30 of this year, Governor Pierce probably will be requested to order an investigation of the report, based on the records now on file in the office of the secretary of state and state treasurer.

In Mr. Cleaver's report it was intimated that the activities of the state prohibition department had returned to the state through these and seizures approximately \$77,000, while in fact this was the amount of the fines imposed by the courts and not the amount of the fines actually collected. The collection of fines, according to the records, did not exceed \$15-

UP-TO-THE-MINUTE BULLETINS

RUTH HITS HOMER
DETROIT, August 6.—Babe Ruth hits his third home-run of the week and the 36th of Whitehall today.

KLAN CANDIDATE LEADS FORMER GOVERNOR WALTON
OKLAHOMA CITY, August 6.—Congressman Howard of Tulsa, endorsed by the Klu Klux Klan, is maintaining a lead of 3,668 votes over former Governor Walton, avowed Klan enemy, in the race for the democratic nomination for the United States Senate.

EARL SANDE, FAMOUS JOCKEY, INJURED
SARATOGA SPRINGS, N. Y., August 6.—Earl Sande, of Salem, Ore., and America's greatest jockey was injured with three other riders in the first race staged here this afternoon. Sande suffered a compound fracture of the left leg, and following an examination, doctors said he would probably never ride again.

PAULEN AND CAPPER LEAD IN KANSAS
TOPEKA, Kas., August 6.—Incomplete returns from half of the counties of the state gave Lieutenant Governor Paulen about 3000 votes to the good in the race for the republican nomination for governor. Senator Capper is running far ahead for renomination. Governor John Davis leads in the race for renomination on the Democratic ticket.

CRAZED MAN KILLS PASSENGER
CASS LAKE, Minn., August 6.—A man, believed to be N. Tindberg, of Portland, beat Charles Richards to death and wounded Roy Jondahl aboard a passenger train near here. The crazed man then jumped from the train and after terrorizing the community and being hunted for two hours by a posse of 300 men shot himself through the head.

MID-WEST RIVERS REACH FLOOD STAGE
CHICAGO, August 6.—Rivers throughout the Middle West are rising to flood stage as the result of heavy downpours of rain during the past three days. Streets in many cities are flooded. Three persons were drowned at Fondulac and three children lost their lives in swollen creeks in the vicinity of Milwaukee. Damage in the territories. Seven inches of rain fell in three days at Fondulac, destroying roads and railroad tracks.

PLANS COMPLETED FOR JOINT FORUM

Good Attendance Will Mark Meeting of Medford and Ashland Chambers
Plans have been completed for the joint forum and dinner of the Medford and Ashland Chambers of Commerce tonight at the Lithian pavilion in the park. Reports from the forum committee and Secretary J. H. Fuller at noon today indicated that Ashland will be well represented, while word from Medford gives the information that a delegation numbering close to 100 will be in attendance.

The program proper will be presented by the visiting organization and will be featured from an entertainment standpoint by the Forest Ranger Male Quartette, composed of four young rangers from Crater Lake National Park. Other numbers will be presented during the evening and will be combined with talks and discussions relative to the development of Jackson county as a whole.

Following the dinner and meeting those in attendance will enjoy the concert to be presented by the Ashland Concert Band.

A dance has been arranged for the members attending and visitors from Medford will be the guests of honor. Loveland's orchestra will provide music for the dancers.

COMMITTEE NAMED TO COMPLETE ORGANIZATION

Those who subscribed for stock in the proposed new factory were well represented at the meeting held last night at the City Hall. Plans for incorporating the company were discussed and a committee appointed to take charge of the work of incorporation. W. Banta, T. H. Simpson and V. O. N. Smith were named to take charge of the work of incorporation and will work in conjunction with Attorney Moore and Arthur Coggins.

By securing waivers from stock subscribers it will be possible to have the organization completed within two weeks.

Included in the items of expense of the prohibition department for the month of June, 1924, was \$1000 paid to Operative No. 16. Under the system of conducting the prohibition officers all operatives are employed by number and the identity of the person who received the \$1000 has not been determined.

GLUECK SAYS BOYS HEADED TO INSANITY

Brain Expert Declares Boys Were Developing Tendencies of Insanity
LOEB KILLED FRANKS
Former Sing Sing Psychiatrist Claims Loeb Confessed He Struck Fatal Blow

CHICAGO, Aug. 6.—Nathan Leopold and Richard Loeb have "disordered personalities" and have for years been developing mental tendencies that ultimately would have landed both in an insane asylum, Dr. Bernard Glueck, former Sing Sing psychiatrist, testified this afternoon in the trial of the young collegians for kidnapping and murdering Bobby Franks.

Dr. Glueck did not use the phrase "insane asylum", but his conclusions meant that, and left no doubt in the minds of his hearers as to his meaning. Both boys he said were leading to "definite paranoid psychosis". The American society of psychiatrists recently substituted the word "psychosis" for "insanity" in official dictionary terms, it was explained to the court.

Loeb Struck Blow
Dr. Glueck revealed for the first time that Loeb, not Leopold, beat the Frank boy's head in with a taped chisel. He said that Loeb told him he committed the act. State's Attorney Crowe, as soon as Dr. Glueck had made this statement, demanded to be shown the notes where Dr. Glueck jotted down this part of the confession.

A wrangle ensued, and an adjournment followed. Dr. Glueck said this afternoon that he could not find notes containing a definite statement of Loeb's confession regarding the point, but declared he was positive that Loeb had told him.

"Babe" and "Dickie" are getting a great thrill out of listening to the alienists. They sit in the courtroom, surrounded by their incredulous relatives and morbidly curious spectators, and in sheer fascination watch the scientific dissection of their minds and personalities by the procession of alienists in the witness box.

Boys Get Thrill
It fascinates them, this cold dissection of themselves. They don't smile much any more, as they did while 81 witnesses passed through the chair testifying to the mundane facts of their crime. They are too interested.

Today an exchange of hot words took place between Crowe and Darrow when Darrow referred to Young Loeb as "Dickie." The two took advantage of the question to pour insults on each other until stopped by Judge Caverly.

Salom cherry pickers, mostly boys, girls and women, picked \$30,000 off the trees.

Portland has successful plumbing trade school.

ANGLO-RUSSIAN TREATY BEFORE THE COMMONS

LONDON, Aug. 6.—Under Foreign Secretary Ponsonby announced to the House of Commons that the Anglo-Russian agreement had been reached and that the treaty would be placed before the house for ratification.

AMERICAN FLIERS ARE DELAYED IN ICELAND

Lieut. Wade Will Resume Flight in New Plane From Pictou, Nova Scotia
REYKJAVIK, Iceland, Aug. 6.—Owing to ice conditions off the coast of Greenland, which were reported unfavorably this morning, it is not certain yet when Lieutenants Smith and Nelson will undertake the flight from Iceland to Greenland on the round the world journey.

Wade to Get Plane
WASHINGTON, Aug. 6.—Lieutenant Wade, the navy flyer who was temporarily out of the round the world flight when his plane was wrecked between Scotland and Iceland, will be given another plane at Pictou, Nova Scotia, the war department announced today.

When news was flashed to the cruiser Richmond, on which Lieut. Wade is aboard, that he would be provided with a new plane at Pictou, he expressed joy in being able to rejoin his companions.

The war department is taking every precaution to protect the fliers on the remainder of the journey across the dangerous Atlantic and patrols are being strengthened along the entire route.

FROZE OUT, DRIED OUT HE HEADS FOR OREGON

PORTLAND, Aug. 6.—John Dille, of Rosemary, Alberta, has been hailed out, dried out and frozen out for several consecutive years in Canada, according to his correspondence, with the land settlement department of the Oregon development fund. Now he is moving out. He intends to come to Oregon.

Emulating the pioneers, he intends to load his family and personal effects into a wagon and with an eight-horse team will start on his long trek to Oregon. His personal effects and team represent the net profits of eight years' labor.

SPREAD OF ALFALFA WEEVIL IS CHECKED

PENDLETON, Aug. 6.—The rate of spread of the alfalfa weevil in eastern Oregon counties has not been so rapid during the last year, according to a statement made by Fred Bennion, following a conference of county agents at Baker.

EXPENSES OF ASHLAND FOR JULY LARGE

Bills Amounting to Over Twelve Thousand Dollars Allowed
WATER RATES FIXED
No Charge to be Made for Irrigation Water During The Dry Season

Expenses for the month of July, amounting to \$12,291.99 were allowed last night by the city council, meeting in regular session. The expenses were much higher than usual, due to the fact that a bill of the electric light department for new equipment, amounting to a third of the total, was allowed.

The electric light department found it necessary to purchase much new equipment such as steel poles to maintain the efficiency of the service.

Because of the fact that water for irrigation can be granted at irregular intervals, and then only in small quantities, it was voted not to charge for water for irrigation the rest of the season. This action was taken as a matter of justice to acreage men, who cannot get water, but under the old measure, were forced to pay if they were on a flat rate.

Ask for Road
A petition to improve the road North Main street, near the Wright creek bridge, to the corner of the Ferris property was turned over to the chairman of the street commission, the street commissioner and the city engineer, who will make a survey, and grant the petition if they think it advisable.

Thirteen property owners signed the request, and were moved to do so by the hope that a rural delivery route would be established in that district if the road were in better shape.

Improvements Requested
Another petition, asking for a sewer on Oberlin street, was presented, and the council decided to publish notice of intention to construct the sewer. If no objections are raised by residents of the street, the sewer will then be ordered put in. The council also decided to publish notice of intention to construct a cement sidewalk on Granite street from the Frank Jordan property to Nutley street.

The Granite street sidewalk question has been brought before the council repeatedly, and if no objections are raised after the notice is published, the sidewalk will be put in, and will be paid for by benefit levies against property owners along whose frontage the walk will run.

Many minor measures, among them a permit to Dr. Songer to construct a barn at the corner of Factory and Water streets, and two bond ordinances, were passed.

JAIL SUGGESTED FOR SPEED-MAD DRIVERS

Justices of Peace Get Suggestions From Kozor; Urges Unit. Form Sentences
SALEM, Aug. 6.—Jail sentences for violators of the Oregon traffic laws, particularly offenders of the speed laws, are suggested to justices of the peace by Sam A. Kozor, secretary of state.

A report on the number of traffic cases in the state during the present year has been sent out, and Mr. Kozor states that careful thought should be given to suggestions for tightening the traffic enforcement. Jail sentences as an effective curber of speed fiends is suggested.

The menace of a mere fine does not deter a speed maniac, who is often of independent means; the menace of a day or two in jail does deter. All law abiding citizens will applaud the effort of Chief Inspector Rafferty to enforce traffic laws, but good results can not be brought about except by the co-operation of magistrates," says the report.

HOOT GIBSON WILL APPEAR AT ROUND-UP

PENDLETON, Ore., Aug. 4.—Hoot Gibson, the Pendleton Round-Up's first all-around cowboy champion by virtue of his skill in the events at the first show of 1912, has returned to Pendleton and through arrangement with the Round-Up will film a motion picture play, using the show as a locale, during the three days' exhibition, September 18, 19 and 20.

Gibson, who is a Universal star, brings with him to Pendleton 40 members of his company, and Gibson and supporting cast are to appear in Round-Up events. While the picture will star Gibson, it will be distinctly a Round-Up picture and will be released as such. The picture company will remain in Pendleton until after the Round-Up.
