**Tourists are "Hardboiled"—**

The police are willing to cooperate with tourists whenever possible in pointing out minor infractions of city laws, but when they get "hardboiled," it is a different matter. Last night one tourist, when warned about turning in the middle of the block, resented being told and went up the block and repeated. It cost him just \$5. Another did practically the same thing and paid the same amount. A man by the name of Swan paid in \$2.50 on a charge of intoxication, and the same charge cost E. Goodell \$5.—Grants Pass Courier.

**Visited The Caves—**

That the Oregon Caves are still an attraction for many Ashland residents is shown by the fact that last Sunday, nine Ashland residents were shown through. Those who saw the wonders of the cave were Mr. and Mrs. J. A. Carlson, W. D. Whittle, Violet Whittle, W. Vernon Haws, I. A. DeCarlow, J. R. DeCarlow and V. G. O'Neil.

**BEND RESIDENCE HIT BY TWISTER**

BEND, August 20.—A "twister" wind, passing over the northeastern corner of Bend tore the front porch from the newly constructed residence of Jack O'Brien, lifted it over the house, and dropped it among the limbs of a large pine tree.

The twister apparently was split by the house, one half sweeping a path through a nearby garden, the other taking trees, limbs and bushes with it until it disappeared.

North Bend—New hoop plant opens for business with orders for more than a year.

**POLICE EMULATE SHEIKS IN CITY**

SAN FRANCISCO, Aug. 20.—San Francisco policemen have become confirmed "petters", it would appear.

Picked squads of them—members of the imposing shotgun squad, are sitting these nights in parked autos along quiet nooks, for all the world like typical flappers and sheiks.

They're trying to catch a notorious bandit, whose specialty is holding up defenseless automobilists, sitting in out-of-the-way nooks.

"When in Rome do as the Romans do," believe San Francisco's "Finest," who lie in wait prepared to unload charges of buckshot when the hapless bandit comes into view.

**TACOMA MAN GIVEN \$2000 HEART BALM**

TACOMA, Wash., Aug. 20.—A man won \$2000 in a breach of promise suit when Judge M. L. Gifford awarded that sum to John Petropoulos, in superior court.

The judgment was entered today after Petropoulos had sued Clara Stevens, alleging that she had given her presents worth \$1000 on her promise to marry him.

**NEAR EAST WORKER TO GIVE ADDRESS**

Mrs. Gannaway, Medford woman, who recently returned from the Near East, will speak at the Presbyterian church this evening at 8:00 o'clock. She will be accompanied by Zadi, the Armenian wife, who she adopted some time ago.

Mrs. Gannaway and little Miss Zadi were billed to appear at the union services at the Congregational church last Sunday evening, but owing to an error of the Near East headquarters in Portland, the little girl did not appear. The speaker has an interesting message for Ashland people and all are urged to hear her tonight.

**FARM BUREAU IS MEETING SUCCESS**

The Jackson County Farm Bureau Co-operative Exchange is having good success with their stock selling campaign, says the Medford Mail Tribune. While the plan is meeting with good success a number of farmers is still needed to put the plan over. The number required to complete and finance the proposition is 1000.

Mr. Herring, the authorized solicitor of stock, is calling on farmers as rapidly as possible, but the task requires considerable time.

**MOTHER AND SON DROWN**

GOLD BEACH, Aug. 20.—A mother and her son, Mrs. O. L. Ward, 50, and Franklin, 12, were drowned in the Chetco river near Harbor yesterday. Apparently the boy had gotten beyond his depth, and both perished when the mother attempted to save him.

**OLDEST RESIDENT DIES**

M'MINVILLE, August 20.—William L. Toney, 97, died here yesterday. He was the oldest man in Yamhill county. Toney crossed the plains to Oregon in 1847 with an ox team. Toney served in the Cayuse Indian war in 1848.

**MIDSEASON TRAVEL AT POPULAR RESORT IS UNPRECEDENTED**

Midseason at Crater Lake National Park finds travel continuing at an unprecedented rate. Up to the evening of August 15th—

exactly midseason — 12,583 cars had entered the Park carrying 44,884 visitors. This is an increase of 47 per cent over last year's figure on the same date, when 9,252 cars bearing 30,522 visitors had checked in the gates of Oregon's famous scenic masterpiece.

Analysis of travel shows that California still leads by a considerable margin although already a slump is apparent due probably to the earlier opening of California schools. Every State in the Union has been represented excepting Georgia and South Carolina as well as Mexico and Canada; from across the sea have come visitors representing Australia, Scotland, Hawaii, New Zealand, Austria and Japan.

Loop Trip Popular The famous loop—embracing the journey through the Park via the Green Spring Mountain road to Klamath Falls and a return trip over the Crater Lake Highway to Medford and Ashland or Grants Pass (or vice versa)—has been becoming more popular each week as information has gone out that both roads are being maintained in excellent condition despite the heavy travel. The Western gateway maintains its lead, 24,055 visitors having entered that gate as against 16,929 visitors entering at the Southern gateway. Travel through the Southern gateway has increased 65 per cent over last year; through the Western gateway 24 per cent. Travel to and from Diamond Lake continues heavy but travel from the east shows a considerable decline from last year. Nearly 99 per cent of the total travel was by private conveyance.

Community House Open While still unfinished, the community house in the Rim Auto Camp has reached a stage where it may be used and has nightly been the scene of wholesome parties. Lights are not yet installed but the glow from the big fireplace has been furnishing pleasant illumination; dancing has been made possible by a gift of a phonograph by the Crater Club of Medford and also by volunteer musical talent always abundantly available.

Bears Greatly Enjoyed The bear colony has been increased to nine by the appearance of another yearling cub, the roll call now including "Jimmie" and her two cubs, "Van" and "Colonel", and "Buster" and her two cubs, "Pete" and "Jeff", "Abe", "Hans" and "Fritz." Evidently the whole bear colony hears the dinner gong at the same time because it is not unusual to see six or seven of them congregated at

Government Camp in one big, but the bears, as "Jimmie's" appearance with two cubs led to her rebaptism as "Jemmima." It is an open secret that "abe" will next spring become abigail.
