The wound was about an inch deep just above the temple, causing a clot of blood to form on the brain. He was taken to the hospital and is getting along as well as could be expected.

**BLAST HURTS MAN**

KELSO, Wash., August 27.—Jerry Hartley was seriously injured yesterday at Enufaul, a county camp 12 miles northwest of Kelso, when a large rock thrown by a powder blast fell through the roof of a bunkhouse and struck him as he lay a bed. His collarbone was broken and an artery cut, from which he lost much blood. He was brought to Kelso hospital where his condition was critical this afternoon.

**COLLEGE MEN FORM SOCIETY IN TOKYO**

TOKYO, Aug. 27.—Thirty members of various American college fraternities formed the Tokyo Pan-Hellenic Association at the Chuo-Tei Restaurant here recently. It is estimated that when the full membership of American college fraternity men returns to Tokyo from various summer resorts there will be at least fifty men eligible for membership in the organization. Professor Ernest Clement (Psi Upsilon) was elected chairman of the organization; Major Phillip Faymonville (Sigma Alpha Epsilon), American Military Attaché in Tokyo, vice-chairman; Mr. Alvin J. Accola (Sigma Chi), secretary.

**CANCELS DATE**

WALLA WALLA, Wash., Aug. 27.—George Lamping, one of the 10 republican candidates for nomination for Governor, had to cancel his engagement to give a street speech here tonight, when he received a telegram calling him to Spokane for a conference. He said he would have remained and spoken anyhow, had not the Kiwanis' activities and the concert by the fourth infantry band drawn most of the people away.

**OBSCURE AIRSHIPS NEW WAR DEVICE**

ROME, Aug. 27.—A number of tiny airships, the smallest of their kind in the world, which can be handled by one aviator-observer, are to be employed by the Italian naval and military authorities for scouting and other work. The engine is silenced, and the gas-containing envelope has been given a neutral tint, which, it is claimed, makes it practically impossible to see or hear the machine when it is moving at any considerable altitude.

**SKULL PUNCTURED BY A PITCHFORK**

PRAIRIE CITY, Ore., Aug. 27.—Junior Kuhl, 8-year-old son of Mr. and Mrs. Phil Kuhl, while playing in the hay at their ranch was struck in the head with a pitchfork by a playmate. The wound was about an inch deep just above the temple, causing a clot of blood to form on the brain. He was taken to the hospital and is getting along as well as could be expected.

**GLANDERS KILLS DEER**

FALL RIVER MILLS, Cal., Aug. 27.—Two dead deer, brought in from the neighborhood of Hot Springs, died of a disease akin to glanders, say local stockraisers, who examined the mouths of the dead animals. Several dead deer were left behind.

**BIG LEGACY LEFT BY FAMOUS CROOK**

LOS ANGELES, August 27.—An inheritance tax of \$2,705 will be collected by the State from the estate of Clark Parker, international crook, who died in Pasadena in January, 1922, leaving property in California valued at \$268,672, it was learned today.

He was once known to the police as "Bill the Brute" and "English Bill," and created a European sensation by robbing the Bank of France of \$247,600. His holdings in Eastern cities were said to exceed \$1,000,000 at the time of his death. His California estate was left to fifteen former friends, who received bequests ranging from \$500 to \$5,000 each. He left the Odd Fellows, Elks and Masonic lodges of Pasadena \$53,673 each, while the Al Malakal Temple, in Los Angeles was given a special bequest of \$25,000.

The notorious criminal quit his criminal career and reformed. He lived as a recluse and devoted much of his huge fortune to various philanthropies.

**BUILDING PERMITS ISSUED AT FALLS**

KLAMATH FALLS, Aug. 27.—At a meeting of the city council last night twenty-three building permits were presented for the past week, with the total cost of estimated construction placed at \$42,780.

The largest structure among the applications is the business building to be built by Harry Peltz, lots 7 and 8 in block 37, next to the American National bank.

The building will be two stories and the cost is estimated at \$35,000. The work has already been started and is being done by Cofor Brothers.

The remainder of applications were for smaller buildings with a \$3,000 residence the largest. The other buildings are cottages, garages and different small buildings.

**HOMING PIGEON KILLED**

PRAIRIE CITY, Ore., Aug. 27.—A homing pigeon, mistaken for a hawk, was shot today in the chicken yard on William Nelson's farm near Strawberry mountain, nine miles from here. On the brass band were the figures 9453, on the aluminum band was 23, crosswise, and around this band were the letters and figures, PHP 1313 A.J. It is thought it may be one of the flock turned loose from Oakland, California.

**THIEVES ROB HOME**

REEDSPORT, August 27.—The farm residence of Asa Henderson, three and one-half miles from Reedspoor, on the Scofield river, was entered by thieves this afternoon and several articles of jewelry were taken.

**ELMA ARSON CASE OPENS IN COURT**

MONTESSANO, Wash., Aug. 27.—With the court room crowded with spectators, mostly citizens of Elma, the trial of C. A. Witner, 30, and Ruby Witner, 25, for first degree arson opened before Judge Reynolds of Lewis county in superior court here today. Eight witnesses were examined before the court recessed at 5:30. There was a night session.

The Witners are charged with having hired Eddie McCulloch, a one-legged Canadian, to set fire to their house in Elma, which was destroyed early in July. McCulloch lost his life in the fire. It is alleged that the Witners had gone to visit in Mount Vernon to prevent suspicion being attached to them.

**THINK CONVICTS ARE GOING SOUTH**

SALEM, Aug. 27.—Penitentiary officials tonight had not found any trace of Tom Murray and Eugene Kidder, who yesterday escaped from the institution by sawing through the iron bars at the exit of the power flume and swimming under the prison wall. Officials said that Murray and Kidder escaped shortly after 3 o'clock Sunday afternoon, but that they were not missed until the count was taken nearly two hours later.

Deputy Warden Lilly, who is directing the search in the absence of Warden Dalrymple, who is at Salt Lake City, said he was con-

vinced that the convicts were traveling south and would make an effort to reach the Mexican border.

**HERON SEIZES DOG BY TAIL, LIFTING IT ALOFT**

ONECO, Conn., Aug. 27.—Mill workers here have been watching a great blue heron which for several August days fed in Oneco pond as the drought lowered the waters. The bird's arrival at the sound of the morning mill whistle was timed, it seemed, with the mill workers, and the bird paid no attention to efforts at frightening it away. The climax of the bird's visit came when it seized by the tail and lifted a small dog swimming in the pond. The weight caused the bird to drop the yelling dog back into the pond, from which it scrambled and fled down a dusty road, still crying loud. The bird flapped on out of sight and did not return.

**ALIENISTS LIED SAYS MR. CROWE**

(Continued from Page 1)  
Irish descent, said he had no more love for English laws than Darrow, who attacked extreme penalties under the English law. Crowe pointed out, however, that

he had profound respect for the British courts because they enforce the laws and mete out justice "swiftly and surely."

Crowe shot right back to his vitriolic attack on Loeb and Leopold when court reconvened for the afternoon session. He called them "murderers and perverters" again before he had spoken a hundred words.

The attack left the young murderers cold. They came into the courtroom laughing, and for a while, gave Crowe stare for stare.

Crowe described Darrow as "the kindly old nurse in this case, leading a couple of kiddies about through Fairyland." The State's Attorney once said, "and then Darrow took me on a Chautauqua trip and we wept for the sons of Multimillionaires."
