## Stylish Fall Dresses

Sleeves of dresses are long and tight and are set in at the normal armhole. For the most part they are un-trimmed. Novelty is occasionally introduced by the use of underarm patches in contrasting fabrics giving the effect of a camisole guimpe.

Diess trimmings feature braid, applique, motifs of cretonne embroidered in chenille, paillettes of kid, pipings of kid and buttons of all descriptions. The new neckline is square or pointed and shows an encrusted collar in contrasting fabric; scarf collars of the fabric, which suggests the high collar style is also prominent.
