THE MIRACLE OF THE VALLEY LILIES

Why have I been so blind these springtimes through To all the witching wonderment of you, Carved cups of ivory so quaintly tipped As though the fairy frolickers who tipped Had turned each goblet down to cheat the wind Of what exotic incense it would find?

Why have I taken it a common thing To find the rarest perfumes of the spring Drawn from the breast of earth's stark, rugged sod As wine from water pot, a gift of God, Through frail green stems that life their fragile still In elfin sorcery, to brew at will

The essence of the sunlight and the shower Into the wonder of one fragrant hour? My heart has known this year the spell of you And now might any miracle be true. —Elizabeth Barbara Canady, In The Forum.

CALENDAR OF EVENTS

Monday, Sept. 22. The Ladies Art Club will meet at the Civic Club house in the evening.

Ruger-Ramsey Wedding—A wedding of unusual interest occurred last night when Miss Harriett Mildred Ruger and Mr. Elton Ramsey were married at seven o'clock at the Trinity Episcopal Church, Reverend P. K. Hammond officiating. The ring ceremony was used. Miss Volta Ackley was the bridesmaid and Walter Hughes, coach at the high school, was best man.

The church was beautifully decorated with dahlias and the bride was lovely in a tan satin crepe dress. Following the wedding the bridal party went to the Ruger home on North Main street where a lovely two-course luncheon, with a large wedding cake, was served.

Upon their return from Portland the bride and groom will be at home on Van Ness Avenue. Both Mr. and Mrs. Ramsey were graduates of the class of '22 in the local high school. Mrs. Ramsey is very well known in this city and is a popular member of the younger set. Mr. Ramsey was a member of the all-star team which won the state championship in basketball.

Thrift Sale—The Women's Civic Improvement Club will hold their thrift sale Friday and Saturday, October 10 and 11. This sale is an annual event for the Civic Club ladies and they ask the help and support of every housewife in Ashland. If you have something you cannot use, send it to them. Someone else may be able to make good use of it. The ladies in charge can use clothing, hats, in fact any kind of wearing apparel in the sale. All pieces of furniture that perhaps you have no use for.

Go through your closets and send what you have to help along this worthy cause. The Civic Clubhouse will open from one to five p. m. October 7th and 8th and someone will be there to receive your goods.

The sale will start Friday, October 10 at ten a. m. Money received at this sale is put into a sinking fund to keep the clubhouse in repair.

Dinner Party—A very delightful dinner party

was given Sunday evening at the home of Mr. and Mrs. Bert Smith of Oak Street. The table was decorated with flowers and a delicious three-course luncheon was served. The guests of the evening were Mr. and Mrs. Press Turpin and children.

Wells-Lahman Marriage—The many friends of Donald Wells will be surprised to learn of his marriage at Vancouver, Sept. 6, to Miss Beatrice Lahman of Portland. Mr. Wells is the son of Mrs. Roy Hosley and is a popular and worthy young man who has resided in Ashland all his life. He graduated from the high school here.

Mrs. Wells is an employee of the Fire Marshall staff in the Chamber of Commerce Building at Portland. They will reside in Klamath Falls where Mr. Wells has located in business.

Parent-Teacher—The Junior High Circle of the Parent-Teacher Association met at the Junior High playshed Wednesday afternoon. The new officers, Mrs. E. M. Berg, president, and Mrs. I. R. Bateman, secretary, conducted the meeting. The following committees were appointed: Membership, Mrs. B. B. Brower, Mrs. Chas Martin and Mrs. Thurlow; Program, Mrs. Gill and Mrs. E. A. Woods; Publicity, Mrs. Powell; Social, Mrs. Ackley and Mrs. Karl Nims; Juvenile Protection, A. C. Meyer and Children's Reading, Mrs. Coombe.

It was voted to send three delegates to the convention which will be held in Corvallis in October. Following the business session, Mrs. William Denton, school nurse, gave an instructive talk about her work and asked help of the association in procuring some necessities. Her talk was followed by an address by Mrs. Della Blodgett of Chicago, who has had much experience in Parent-Teacher work. She gave suggestions in the future work of this association.

A party was planned for the Ashland teachers to be given Friday night, Sept. 26 at the Civic Clubhouse. This will be given by the three P. T. circles and the Civic Club and members of these organizations are asked to keep that date free.

Paris Style Hint—By ALICE LANGELIER. PARIS, Sept. 19.—Fringes are taking on most original fancies these days of early Autumn.

One of the smart dressmakers has started putting horse-hair fringe on her latest models. The effect is very chic. A striking model from Jean Magnin's comes in black and white, with a long fringe, of the same tones, in horsehair, that makes one think not a little of good old Dobbin.

Another, in dull Bordeaux red, has horse-hair fringe in shiny black. The darker shades are, perhaps, the best to use, although

the fringe is being seen in all colors, dyed of course.

Another designer has gone a step farther and is using not horse, but human-hair fringe. A costume from Anna's collection is in red velvet, which softly swathe the figure, and the fringe of feathers literally flows about the ankles. Another is in salmon-pink satin, with silver lace and soft black ostrich feathers.

ALIEN SMUGGLING INCREASING ON CANADIAN LINE

MALONE, N. Y., Sept. 18.—Immigrants are sneaking over the Canadian border from Rouse's Point to Ogdensburg in hundreds and working their way stealthily down through the State to New York City or other industrial centers where they can mingle in safety with people of their own race.

Admitting this today, Federal officials here charged that there is, in Montreal, a syndicate of taxicab men openly advertising along the St. Lawrence River front that they will take aliens into the United States without formalities of complying with the immigration regulation established by the drastic new national restrictive immigration law.

Knowledge of this syndicate came through questioning immigrants who have been arraigned before Federal Judge Frank Cooper for illegal entry into this country.

Beats Bootlegging Professional violators of the law, it is said, have given up bootlegging for the more profitable smuggling of aliens across the border. They can get more for carrying a load of aliens across the border over some little used and unguarded route than they can by bringing a load of liquor over. The danger of getting caught is also less. Consequently aliens who know they cannot enter because of the rigid

LEGION PRAISED FOR TREE PLANS

ST. PAUL, Sept. 17.—The American Legion obeys orders in Memorial tree planting, says a letter received today at convention headquarters from the American Tree Association of Washington, D. C., which congratulates the Legion on its good work.

Bulletin 38 (sent to all posts in 1920), signed by Franklin D'Olier, the then commander, called for tree planting, says the letter from Charles Lathrop Pack, president of the Tree Association. The association is sending out thousands of Tree Day programs and planting suggestions as a result of the continued co-operation of the American Legion Weekly and the headquarters division of the organization at Indianapolis.

The first memorial trees at the intersection of the Dixie and National highways, near Dayton, Ohio, were planted by Colonel F. W. Galbraith, Jr., a former commander, the letter of congratulation says. Fine examples of the H'kory Highway by the Kiffin Rockwell Post at Asheville, N. C., planting of a mile of the Daniel Webster Highway by the Concord, N. H., Post; planting of a hundred trees on the highway near where Washington crossed the Delaware by the Elkins Oliphant Post, at Trenton, N. J. The Gold Star Mothers also have taken up the work.

In many states posts have taken up the town forest and the memorial park idea, the letter adds in calling the Legion's work one of the most constructive in the country.

PORTLAND C. C. FOR A NEW INCOME LAW

PORTLAND, Sept. 19.—Recommendation that the present state income tax be repealed and that a new income tax law be drafted and adopted was made by the special income tax investigation committee of the Chamber of Commerce.

This report was made to the board of directors following several months of work and was released by the board for publication. The directors may act upon the recommendation at a later date.

The report expressed belief in the principle of a state income tax, but declared that the present law is not a good law and should be repealed so a new one can be enacted.

Yaquina—Pinnacles in Yaquina Bay cut off to give 17 foot water depth.

PORTLAND C. C. FOR A NEW INCOME LAW

PORTLAND, Sept. 19.—Recommendation that the present state income tax be repealed and that a new income tax law be drafted and adopted was made by the special income tax investigation committee of the Chamber of Commerce.

This report was made to the board of directors following several months of work and was released by the board for publication. The directors may act upon the recommendation at a later date.

The report expressed belief in the principle of a state income tax, but declared that the present law is not a good law and should be repealed so a new one can be enacted.

Yaquina—Pinnacles in Yaquina Bay cut off to give 17 foot water depth.

restrictions at the regular port are booking passage to Montreal and then joining the category of liquor and opium in order to get in. Dozens of them are sneaking into New York City daily, it is believed, and the number is bound to increase as the process becomes better known unless some action is taken. Federal officials are studying the problem. While up to a year ago few immigrant cases ever came into court, now the Northern Judicial District of New York is deluged with them. At the last arraignment day in Federal Court between 50 and 75 were fined \$1,000 each and sent to jail for three months by Judge Cooper.
