MAKE THE SURVEY COMPLETE

The question of adequate water supply for the city of Ashland has been put squarely up to the tax payers of this city for solution by a competent engineer who has made a careful, but not as complete or thorough examination of the Ashland creek watershed as he states should be made.

That is the point which the tax payers must decide. Is it worth spending a few thousand dollars to work out a plan that will bring out the best methods of procuring the water supply for the city and the best methods of using this water supply in such a manner that it will mean both an adequate supply, thus preventing any recurrences of the lack of water such as was felt here the last summer, and also a revenue which will more than pay for the cost of the project.

Engineer McKissick stated yesterday that the supply is there, that it could be stored and that the storage water could be used to supply the needs of the city both in water and in electricity.

Store the water above the municipal light plant, let it come through the plant, where it would generate electricity, and then from this point would flow two sources of revenue to the city—water and electricity.

Various persons who have studied the question feel that the profit from the combination of electricity and water would in a reasonable time wipe out the debt which would have to be incurred in providing the plentiful water supply and in the installation of the plant to make electricity.

The investigation to work out the best methods of handling this proposition will no doubt cost many thousands of dollars, but the city most assuredly should provide this fund for a comprehensive study of the situation, so that when the people are asked to vote upon a huge bond issue, they will know they are voting for a project which will mean the solution of the water supply problem and also eliminate the heavy expense for electricity which the city now must bear, due to the inadequacy of the municipal electric light plant at the present time.

It would be foolhardy for the people to consider a large bonded indebtedness to provide a water supply unless they knew the supply would be plentiful and also profitable. The Daily Tidings feels that a fund for surveys and investigations should be provided and that it should be provided at the earliest possible moment so that the biggest problem before us today, can be solved in order that no further water shortages shall visit Ashland.

A GOOD FAMILY CREED

All Americans should read and ponder "The Creed of the Sawyer Family," which was read at the simple funeral services in Marion of Dr. Charles Sawyer, late physician to President Harding.

"We believe," it runs, "in the principle of honesty, in the principle of fair dealing, in earnestness of purpose, persistency of endeavor, community of action, in hospitality, generosity, economy, thrift and industry."

"We believe in loyalty to country, in patriotism and in the support of all American ideals."

"We believe in the home and home influences as fundamental to the maintenance of the nation."

"We stand first, last and always for America for Americans—for a United States ever prepared for its own defense—for a policy which extends to all people of the world a helping hand when actual need or dire emergency arises."

General Sawyer had his limitations, like the rest of us, but to the best of his ability, he practiced this creed actively all his life.

Judge Caverly who gave Loeb and Leopold a life sentence instead of the hangman's noose which the public generally approved, has certainly made good his desire to go into retirement following the trial.

And the reward of the globe-circling accomplishment will be a series of tiresome dinners and entertainments, instead of rest and quiet.

What the small boy does not understand is why they retain grown-ups to judge jam exhibits at the fairs.—Detroit Press.

The humorists continue to berate the saying that two can live as cheaply as one, but couples continue to solve the problem satisfactorily just the same.

Society

CALENDAR OF EVENTS

Thursday, Oct. 2. Upper Valley Community Club meet at the home of Mrs. W. D. Jackson on Iowa street. All day meeting. Miss Brewster, home demonstration agent will instruct in millinery.

Thursday, Oct. 2. Parent-Teacher council will meet in the afternoon at the Library. All presidents of circles asked to be there as some very important business will be discussed.

Friday, Oct. 3. Missionary Society of Christian Church will meet at church parlors. Mrs. Ed Kilgore, leader.

Monday, Oct. 6. Ashland Study Club holds first meeting at the home of Mrs. J. W. McCoy on Oak street. Roll call will be "Chinese War Notes" 2:30.

Tuesday, Oct. 7. Civic Club meets at clubhouse at 2:30. Interesting program. Everyone is urged to attend.

Flackus-Elliott Wedding—A very pretty wedding was solemnized at the home of Mr. and Mrs. William Flackus at their home on B street, Sunday, September 28th at two o'clock when their daughter, Miss Bernice Flackus and Mr. Russell R. Elliott of Palo Alto, California, were united in marriage, the Reverend S. J. Chaney officiating.

The bride was charmingly dressed in a gown of turquoise blue silk crepe. The house was decorated in flowers of pastel shades. Miss Ruth Flackus was maid-of-honor and Mr. Ray Clary was the best man.

A delicious wedding dinner was served at five o'clock. The table was beautifully decorated in pink and white with three pink and white wedding cakes. Two kewpies dressed as bride and groom adorned the table.

Music was played in the evening until 8:30, when the bride and groom left for points north on their honeymoon. They will be at home in Palo Alto, California.

The bridal party consisted of Mr. and Mrs. Wm. Flackus, parents of the bride, Miss Ruth Flackus, Mrs. Frank Davis, mother of the groom, Ray Clary and Miss Alice Brown.

The bride is a graduate of the Ashland high school and has made her home here for some time. She has many friends here who wish the couple much happiness.

Montgomery-McConihe Wedding—The marriage of Miss Gloria Montgomery and Walter Douglas McConihe was solemnized at the home of the bride's parents at Ukiah, Saturday, September 27, 1924. Judge Preston of Ukiah officiated using the ring ceremony. Miss Francis Borring attended the bride and Mr. Jack Montgomery, cousin of the bride, was best man.

The house was beautifully decorated in yellow roses and the bride was charming in a yellow georgette gown and carried a bouquet of lilies of the valley.

Following the wedding the bridal party journeyed to Cloverdale where a wedding breakfast was served.

After visiting the groom's parents in New York, N. Y., the happy couple will make their home in San Francisco where Mr. McConihe is associated in the contracting business with his uncle.

The bride is the daughter of Mr. and Mrs. B. F. Montgomery, former residents of Ashland. The groom is the son of Mr. and Mrs. I. H. McConihe of New York.

Terwilliger-Bovenkerk—Miss Isabel Marie Terwilliger and Harry E. Bovenkerk were united in marriage at Yreka, California, Tuesday, Sept. 30. Immediately following the ceremony the couple left on their honeymoon, to be gone for two weeks, after which time they will be at home at Klamath Falls. Mrs. Bovenkerk was formerly of Hornbrook but attended high school in Ashland last year and has many friends here. The groom is foreman at the Southern Pacific shops at Klamath Falls.

To Entertain—Dr. Maude Hawley will entertain her class of young folks of the Christian Church, the Christian Endeavor and the Berean class of young people Thursday evening. The group will meet at the Boulevard at seven o'clock and then go in cars to Dr. Hawley's home. The men will furnish the refreshments. This is to be a "Bon Fire" party and a good time is anticipated by all.

The Christian Sunday School had a fine rally at the church last Sunday. A good crowd attended and about four carloads of people came in from Anderson Creek. A week from next Sunday the Anderson Creek Sunday School will be held at the local school at a basket dinner and Sunday School in the afternoon.

There will be State conferences for the Christmas Seal workers at La Grande on Oct. 2nd, at Portland on the 3rd and at Eugene on the 4th. Jackson county will be represented at the Eugene conference

by Mrs. Robinette, Miss Taviner and Mrs. Tilton of Ashland, Mrs. Crawford and Mrs. Hallway of Medford and Misses Carltons and Mrs. Brisel of Central Point.

Let us fill your pail with Swifts Silver Leaf lard. Costs less than shortening. Goes farther and is more nutritious. Detricks. 94-tr

I brought a truck load of bargain counter goods from Portland last week, all of which will be sold accordingly. Auto Robes, Wade Dragsaw, Halters, and lots of army goods. Come in early while they last.

LANG RANGES will give you the maximum service at the minimum cost.

Guarantee to End Your CATARRH—Or No Cost

It doesn't matter how long you have had disagreeable Catarrh, or how many other treatments you have tried without lasting relief. I guarantee to give you relief in 24 hours, or it costs you nothing. Catarrh is not a simple surface disease, but the basic cause is internal congestion. My Rinex-Tarkon treatment goes after it from both inside and outside. Rinex capsules get at the congestion in the system and remove it completely, while Tarkon solution, as a wash or spray, quickly cleans, disinfects and heals the swollen nasal membranes. So every nasty symptom is checked in 24 hours, or your money back. Ask any good druggist. McNair Bros.

INSIDE INFORMATION The California Oregon Power Company offered 2,000 shares of its 7% Preferred Stock to its own employees. The issue was immediately over-subscribed. THESE MEN KNEW Operators tending the giant generators at Copco power plants know that fourteen thousand customers get power and light over Copco wires. Men on duty throughout the system come to realize best the enduring assets of the Company—assets of rock, steel, concrete, and of never-ceasing power! Engineers, accountants, linemen, cashiers, officials—all these knew, intimately, the security and earning power of their investment. They had inside knowledge of its value.
