This New Treatment Never Fails to End Piles

Many sufferers from Piles or Hemorrhoids have become despondent because they have been led to believe that their case was hopeless and that there was nothing in the world to help them. To these people we say, "Go to your druggist and get an original box of MOAVA SUPPOSITORIES." One of these inserted into the rectum according to directions will be found to give immediate relief. They reach the source of the trouble and by their soothing, healing, antiseptic action first allay the pain and soreness and then by direct contact with the ulcers and piles cause them to heal up and disappear forever. It's simply wonderful how speedily they act. Blessed relief often comes in two days. Even in cases that have steadily resisted all known treatments, marvelous results have been obtained. East Side Pharmacy, mail orders accepted, dispense MOAVA SUPPOSITORIES in the original box or can get it for you on short notice. Letterheads, statements, to you order at the Tidings Office. We have a good job printing department.

WHEN BACK HURTS FLUSH OUT KIDNEYS

Drink Lots of Good Water All Day, Also Take Salts Occasionally

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which helps to remove the body's urinous waste and stimulate them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active. Drink lots of good water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts. Take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate clogged kidneys; also to neutralize the acids in the system so they are no longer a source of irritation, thus often relieving bladder weakness. Jad Salts is inexpensive; can not injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to help keep their kidneys clean and active. Try this; also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache. By all means have your physician examine your kidneys at least twice a year.

SONG OF THE RANK AND FILE

Though I be not the Captain, Yet will I bear my sword, And I will be by my Captain's side, Wherever he stand, or wherever he ride, In the battles of the Lord

For though there were captains many, What would the captains do If there were none of men beside To trust and parry, to march and ride, And to follow the captains through?

I will not buy with money The right to idle lie; I should scorn to give, in the mask of gold, The proof of a courage I did not hold, Because I feared to die.

But I will give my body, And I will give my hand, And the joy of a heart that is true to the cause, For the King and his grace, the King and his laws, And be one of the King's own band.

And though I should count my silver Into the Captain's chest, It is but to free my good sword-arm, That might encumbered when sounds alarm, I may fight, and fight my best.

And though I be not Captain, Yet will I keep my stride, And the burdens bear of pack and sword, To march and to battle for the Lord, Closs by my-Captain's side, —Arthur W. Spaulding.

"Working Together" The substantial progress of this strong institution, quoting a most successful depositor, is chiefly due to its established policy of "working together," bank and depositor, to further the depositor's interests. A liberal policy, yes! But only by facilitating the growth and development of the community's business can this section and in turn, this bank, prosper. Let us apply this principle of success to your business.

Paris Style Hint

PARIS, Oct. 15.—Painted hats are the latest invention of a smart Paris designer, who, by the way, is a good American. With his French wife, he has recently set up a very smart shop in the fashionable Rue St. Honoré.

Alexis came over from America during the war and, after having finished his soldiering, decided to do some hatmaking, which has proved very successful. His models are delightful, wearable creations, very simple, but smart in line. His new painted hat promises to become very popular, especially for evening wear. It is made of soft satin, with a pointed bandeau about the head which bears the design, painted with special chemicals, in attractive patterns and lovely colors. There is no other trimming, of course. The crown is of the soft satin, in corded divisions, which makes it easy to pack. Rain does not injure the paint, which is of special preparation, and the colors are extremely beautiful at night.

Hats are high—there is no getting around the fact—and the cloche is completely out of it. French modistes are complaining that it has been a hard struggle to get the women away from this popular form, and even now many of them are saying they will not wear the high, square crowns.
