

Local & Personal Notes

A Daily Chronicle of those who come and go, and events of local interest

In Ashland—
Mr. and Mrs. P. W. Foster of Hill were in Ashland today doing shipping and visiting with friends.

Buckeybread, the only bread. We put up lunches for travelers. Butler, The Buckeye. 41-12

We deliver the goods—Detricks 94-tf

Return Home—
Fred Taylor and Mrs. Clara Minard returned home last evening from Portland where they spent the week on business.

Have that old suit made new. Phone 119, Paulserud's. 33-1f

Imogene Wallace, Piano and Harmony Studio, Second floor Beaver Bldg. 30-1f

How many seeds in the Squash? See The Rose Confectionery window. 41-Sat. Wed.

You are welcome to compare my Automobile rates with any other rates in Jackson or Josephine Counties; you can be the Judge. Phone 21. Yeo, of course. 30-1f

Dance Hot Springs Sat. night. 40-2

Best milk—Linsinger's Dairy. 10c quart. Phone 396R and 369J. 26-1f

Hennafom shampoo cleanses & brightens. 50c—McNair Bros.

Want Men—
People who wish to work on the new tourist hotel are asked to register at the hotel headquarters. It is hoped to have the work practically all done by local people, with the exception of a few experienced men.

No agent in Southern Oregon can write better Auto insurance or at lower rates than the Staples Agency.

Sweet cream for whipping and coffee—also fresh milk, always on ice at the Plaza. 239-1f

To Grants Pass—
The football boys left late this morning for Grants Pass where they will mix with the G. P. squad. Everything points to a good game and a number of Ashland people journey to Grants Pass to attend.

When Winter comes try one of Paulserud's Over Coats. 33-1f

Free—\$8.00 worth of Buckingham's famous chocolates to be given away. The Rose Confectionery. Watch our window. 41-Sat. Wed.

Yes, U, Tel, Um, Kistlers Quality Bread, from the oven over the counter, 8 and 12c. 31-6

Return Home—
George Converse and Fred Cushing returned home yesterday from their deer hunt, due to the inclement weather. Earl Snyder and Ray Shortridge who went to the Hyatt district with them, are still there and expected home tomorrow.

Nellie M. Perl says:—I shake hands with people 365 days in the year, not just 10 days before election. 41-2

Pay less and dress better—get your Fall Suit at Paulserud's. 33-1f

Hear Announcements—
A group of radio fans listened in on Portland last night and received the announcement of the progress of the Shenandoah. One of the messages stated that it was expected to reach Seattle at five o'clock this morning. The weather report for the dirigible was also heard over the radio.

Special Auto Accident Policy for \$5.00 a year. Phone 21. Yeo of course. 24-1f

Dance Hot Springs Sat. night. 40-2

Football Practice—
The Lithian football team had signal practice at the Army last night, with a large number of enthusiasts present. The team will practice at the Jim Bowers ranch tomorrow afternoon at one o'clock for the first real practice. The Lithians have received a challenge from Grants Pass and are formulating plans in anticipation of the game. They have a fine team and are hoping to win from the Cavemen by a large score.

In Town—
Mrs. Nellie M. Perl, Independent candidate for corner was in Ashland today on business pertaining to her political work.

Save \$10.00, walk upstairs to Orres tailor shop. 17-1f

Tamales always fresh and good now being served at The Rose Confectionery. 41-Sat-Wed.

Ill At Home—
Harold GeBauer is confined to his home with illness, but is able to be up and around.

Complete line of Ashland Canned Goods at Detricks. 94-tf

My picture won't be on the ballot, but my name and number will.—Nellie M. Perl. 41-2

Cliff Payne makes hat stands.

Add New Feature—
In the Saturday Grants Pass Courier a new feature is to be added. This is a cross-word puzzle, a fad which is sweeping the country. The popularity of the cross-words is such that all of the larger metropolitan dailies have started them as a regular feature. The Courier will tomorrow introduce the first to appear in this paper, and will have one on each Saturday following.—Grants Pass Courier.

Let us fill your pail with Swifts Silver Lea lard. Costs less than shortening, goes farther and is more nutritious. Detricks. 94-tf

Much Building—
Evidence of fall residence building activity was shown Monday evening when permits for the construction of thirteen homes were granted by the Klamath Falls council. Most of the new structures will cost in the neighborhood of \$3500. Twenty-four permits were granted by the council, aggregating a proposed expenditure of \$28,125.—Klamath Falls Herald.

Dance Hot Springs Sat. night. 40-2

Have Play—
The "Charm School" is the name of the anniversary play which will be given at the high school this year, under the direction of Miss Ethel Wheeler. Tryouts are in progress now and some very promising material is under consideration. The play is a comedy drama and is very amusing. About fifty students tried out for the play. The cast will be decided in a week or so and work will then be started in earnest. The play will probably be given sometime in the middle of November.

Pilot Rock Encampment No. 16, I. O. O. F. will confer the Royal Purple Degree Monday evening, Oct. 20th. All members are requested to be present and visiting patriarchs are especially invited to attend. Refreshments will be served after the lodge closes.

P. M. SNIDER, C. P.
GEO. W. TREFREN, Scribe
40-2

Take First Hike—
The Grizzly Pioneer Club of the Congregational church took its first hike today. They left early in the morning toward Wagner Butte, and expect to return late this evening. The club is under the leadership of H. C. Galey, who is planning to take the boys on a number of these trips while the weather permits. There are a number of Pioneer clubs in the city. John Mills is conducting one in the Methodist church and Henry Van Payne is leading another. They are sponsored by the "Y" organization. There are about forty members at the present time, including all of the clubs.

Talks to Scouts—
Fire Chief Baughman gave a very instructive talk to the boys in Scout Troop No. 2 at their regular meeting last night in regard to some of the more common fire hazards and ways of preventing fire, the method of turning in a fire alarm and other things of a similar nature which boys as well as older people need to be familiar with. This instruction is in line with the scout work and their motto, "Be Prepared," means to be prepared in advance for emergencies such as fire when a little quick work may result in the saving of life as well as valuable property.

COLVIG CALLED BY DEATH AT HOME OF DAUGHTER FRIDAY
Judge Volney Colvig passed away at the home of his daughter, Mrs. T. W. Sanford on 900 Oak street Friday evening at eight o'clock.

Funeral services will be held at the residence Monday at two p. m. Friends and acquaintances are invited. Interment will be at the mausoleum.

BALDWIN ON DRIVE FOR PREMIERSHIP

LONDON, Oct. 18. — Ex-premier Baldwin opened his campaign for parliament recently by addressing a large meeting in Queens hall during which he ridiculed what he characterized as the labor government's universal panacea of national ownership and national control to set things aright.

Mr. Baldwin described the labor ministers as "cheap jacks of politics, always full of enthusiasm, but never doing anything." He pictured Premier MacDonald as being overborne and helpless in the hands of the extreme socialist wing of his party and predicted that the labor administration never would accomplish anything until it "killed this old man of the sea."

Minister of Health Wheatley, who is regarded as one of the rising men in the labor administration, commenting on the situation today, said he regarded ex-premier Lloyd George's declaration of war on labor as a public announcement that labor could not be bought. The minister added that politics nowadays was a conflict, not between men, but between systems.

Sir Auckland Geddes, ex-ambassador to the United States, has come out of his long political retirement to deliver addresses at a number of conservative meetings.

While Premier MacDonald was addressing 10,000 electors at Cleckheaton this afternoon, the platform collapsed, throwing the premier and some 200 persons to the ground. No one was injured, however.

MANY VISIT OREGON CAVES THIS SUMMER

GRANTS PASS, Oct. 18.—The season at the Oregon caves has been closed with a total registration at the resort of 16,350 people. This is an increase over last season when 14,563 went through the caverns. The official closing date was October 15, although a number have been taken through since that time. R. W. Rowley, who had charge of the guide service during the summer, will be at the caves a greater part of the time, and people desiring to go through may do so at convenient hours and at special rates.

The rates are being taken up with A. H. Wright, supervisor of the Siskiyou forest, and are expected to be approved. These are, \$5 for a party of one to five people, \$1 each for a party of five to 10, and 75 cents each for a

AUTO RACE DRIVER KILLED, CHARLOTTE

CHARLOTTE, N. C., Oct. 18.—Ernie Ansterberg, world famous automobile racer, was killed late yesterday on the new Charlotte speedway when he lost control of his car, while trying the new track, struck the upper rail and went over it. He died on the way to a hospital.

Ansterberg arrived here this week from Los Angeles with a number of other racers for the inaugural races at the speedway, October 25. He held the world's record for the fastest lap on a mile and a quarter board track, having made this record at Altona last summer. Ansterberg was married and his wife is said to be in Los Angeles.

LA FOLLETTE SAYS FUND IS \$10,000

CHICAGO, Oct. 18. — Frank Walsh, an attorney representing Senator La Follette in slush fund charges, said today that La Follette was himself convinced that the Republican "slush fund" would likely run as high as ten or twelve million dollars, which was collected by the national organization of the party, by bankers, and by the big business interest, favoring the candidacy of the Republican nominee.

COOLIDGE AWARDS CUP TO TUSSELES

WASHINGTON, Oct. 18. — President Coolidge today presented a permanent trophy, in the form of a silver cup, to the War and Navy Departments, to be competed for annually by teams representing West Point and Annapolis, the army and navy officers training schools. The cup will be awarded the school scoring the largest number of points in all competition during the year.

THREE AVIATORS DIE FOLLOWING CRASH IN AIR

San Diego naval air base, was burned to death Thursday when flames destroyed his plane after it had struck a small building.

The assistant pilot, Chief Machinist Mate Frosio, escaped with slight injuries. He was removed to a hospital here.

The accident occurred as the plane, with two other naval planes, was taking off for San Diego on the return from a test flight.

Williams & Gibson, Portland, plumbing and heating, \$31,171. J. F. Shea, Portland, heating, \$13,977. O. E. Kraft Heating Co., heating, \$12,500. C. P. Yundt, Corvallis, plumbing and heating, \$30,161. Keyser & Schmidt, Roseburg, heating, \$11,749. L. E. Inman, Silverton, heating, \$13,508. Provoost Bros, Ashland, plumbing and heating, \$25,636.90. Wm. A. Aitkins, Ashland-Medford, plumbing and heating, \$32,435. Lorenz & Co., Klamath Falls, plumbing and heating \$32,017.

Electrical Work
Jordan Electric, Ashland, \$5,575. Ashland Electric Supply Co., Ashland, \$4381.69. Peoples Electric Co., Medford, \$5,695. J. A. Drake, Albany, \$4,205.75. Ne-Page & McKenny, Portland, \$3,953. Morrison Electric, Portland, \$5,892. Knight Electric Co., Portland, \$4,150. Witzig Electric Co., Portland, \$5,123.70.

Elevator Work
Otis Elevator Co., \$3,450. Portland Elevator Co., \$3,850.

Tong War Rages In Mexican City

NOGALES, Ariz., Oct. 18. — "In a terrific outbreak of tong war which has been threatening for several weeks, a score of Chinamen were seriously injured during a gun fight which occurred in a crowded market at Nogales, Sonora, Mexico, last night.

The huge crowd of Orientals forming in two factions became a storm center with the sharp crack of pistols punctuating the resonance of blows and cries which filled the square.

Fiscal guards of the Mexican government rushed to the scene of strife and succeeded in quelling the disorder before outright deaths occurred. Several of these injured are believed to be in a critical condition.

Four hundred Chinese were jailed as a result of the outbreak. The cause of the fight is unknown. Officials of the Mexican town sought government aid from Governor Alejo Bay at Hermosillo in keeping control of the situation.

Two European Money Men Both Cripples

LONDON, Oct. 18. — An amazing feature of the London Conference has been that the two great financial experts — Philip Snowden and M. Seydoux — are both cripples.

Philip Snowden suffers from the effects of a severe cycle accident nearly forty years ago which seriously injured his spine and kept him on his back for two years. Today he walks painfully with two sticks, but to stand for more than a minute or so causes him agony — years of which are written on his face.

M. Seydoux is bent and crippled with rheumatism. He has to have assistance in walking and is almost carried to his auto.

Keep Coolidge and Elect Dawes

Vote For The Common Sense Candidates — Their Records Recommend Them

"I AM FOR ECONOMY. AFTER THAT I AM FOR MORE ECONOMY"—Coolidge

He proved his faith by his works. This administration has saved the people \$6,000,000 daily in taxes as compared with 1921. It has lopped off 95,456 employes from the federal payrolls.

Dawes, the budgeteer, put the country on a business basis by cutting out the deadwood in governmental affairs. Deficits in former years have been turned into surpluses. The national debt has been reduced \$2,750,000,000 in three years.

FOREIGN POLICY SPELLS PEACE ABROAD AND PROSPERITY AT HOME

The Dawes plan has made possible rehabilitation of Europe, which means better markets and better prices for America's farm crops. Limitation of armaments is an administration policy and makes for peace as well as reduced costs of government.

COOLIDGE POLICIES HAVE RE-ESTABLISHED PROSPERITY—CONTINUE THEM

When this administration took office, it faced all the problems of reconstruction. Deplorable conditions existed. The people were suffering from a tremendous deflation. Interest was high and capital scarce. There was general acute financial distress. Our citizens were compelled to sell their government bonds around 85 that they had bought in wartime at par.

A complete change has been accomplished. Never before in peace time has there been such constructive accomplishment as since March, 1921. Prosperity for all the people has replaced general distress. Industrially, the country was never on firmer ground. Agriculture, in dire plight when the Republican party came into power, faces a brightening future. Our depreciated government bonds have all risen above par and one is selling at better than 100.

THESE ARE SOUND, CONSTRUCTIVE, SENSIBLE ACCOMPLISHMENTS

A Vote For Coolidge and Dawes is a Common-Sense Vote.

Republican State Central Committee, Portland, Oregon.
I. L. Patterson, Chairman. John W. Cochran, Secretary.
(Paid Adv.)

drawal of the hand of fellowship and the cancellation of his ordination papers. This council also recognizes as the First Baptist church of Ceres those members who stand true to denominational principles.

NEW SUPER FUEL TO CUT DOWN FREIGHT

CLEARFIELD, Pa., Oct. 18. — Production of a "super fuel" — a almost 100 per cent perfect burning substance — form bituminous coal, which will save millions of dollars in freight alone, and which may revolutionize the soft coal industry of the United States, is the object of a \$100,000 experiment that is being made here.

Every producer in the soft-coal fields of Western Pennsylvania—the largest in the world — is watching with keen interest the outcome of the attempt to produce a little ball of perfect carbon — a literal B. T. W. bullet.

The method of making this "super fuel" is unique but simple and was discovered by Walter Trent, an eminent engineer, who holds patents on the process.

The soft coal is first crushed so that it will pass through a 200-mesh screen, and the powder-like substance is mixed with water. The "bath" gives a resultant coal that is practically free from ash and other impurities. The wet mixture is then pumped into a huge tank called the amalgam tank, where 15 per cent by weight of oil is added. That oil is a 14 gravity fuel oil.

Huge and fast-revolving paddles are set to work, and the combination of carbon particles, centrifugal force and oil forms small globules ranging in size from a pea to a good sized walnut; a "super fuel" having a B. T. U.

content of between 15,000 and 16,000, free from impurities and ash, and a product which the owners of the process say is equal to anthracite, but which can be produced much cheaper.

The \$100,000 plant that is being built by the Pittsburgh Trent Company at Bishton, near here, will have a capacity of 500 tons daily.

The biggest saving, fuel engineers point out, will be in the freight rates. For years the economic waste in shipping coal long distances, with its high content of ash and impurities, has been the subject of discussion among operators. If the refining pro-

cess can be done before the coal is sent to markets the saving will run into millions of dollars, it is contended.

The Trent concern claims to have perfect a process by which the oil can be extracted from the "bullet" in the form of crude benzol, but this is entirely a different proposition and will not be immediately installed.

Although the Bishton plant is an experiment in Pennsylvania, there are plants successfully operating at Trenton, N. J., and Toledo, O., and a 1,000-ton-capacity plant is being constructed at Mountsville, W. Va. Another plant is also being projected for Savannah, Ga.

SUCCESS BY SACRIFICE ONE OF THRIFT BENEFITS

By S. W. STRAUS, President American Society for Thrift

A YOUNG man who has made rapid advancement in the business world, and, from every standpoint of good citizenship and personal progress, is an outstanding success, recently was asked to outline the principles which have served for his guidance. His written reply was as follows:

"I believe in doing more than I am paid to do, because I believe that it will pay me in the long run, and that I can prove to be of greater value to myself and to my friends. If necessary, I will make sacrifices. I have made them in the past, and I expect to make them in the future. I do not believe any man can really succeed who is not willing to make sacrifices, and make them promptly and willingly when they are called for."

Here is one of the best lessons in thrift ever uttered. It would be well if all young men and young women could read it carefully and apply it personally.

It is a lesson in thrift because it teaches success through sacrifice. All real success must stand on the solid foundation of sacrifice.

This is true in every walk of life and with equal truth it may be said that the practices of thrift are of greatest value because of the strength of character, will-power and complete self-mastery which they impart.

The employee who is willing to make the sacrifice of doing more than he is paid to do—the man or woman who saves at the sacrifice of temporary pleasures, can rest assured they are on the high road to success.

To all those who are imbued with the true thrift spirit, sacrifices are but blessings in disguise.

Fall Plowing Time IS HERE

Let us talk with you about Fordson farming. We will be glad to demonstrate the Fordson to prospective power farmers. Call or come to our office to make arrangements for your demonstration.
