TO THE VOTERS AND CITIZENS OF ASHLAND

this paper under date of October 21st and 22nd., I wish to

say, or repeat more emphatically, that if elected to the office

of Mayor, I will stand (as I have stood for the past 35 years),

on these questions-'having done all, to stand"-I am say-

ing nothing against Mr. Pierce. I am simply stating for

those who may not know and refer them to those who do

knew that I am for progress all the time, but progress does

not rest on wide-openness or special privilege, but rather on

decent, moral conditions and unanimous effort.

Supplementary to my former statement as appeared in

I have always stood with the Christian and moral people

Respectfully,

We sell it for less
