KREISLER'S PARIS DEBUT CALLED OFF

PARIS, Nov. 3. — The recital by Fritz Kreisler at the opera, set for November 11, which was to have been his after-war debut in France, has been cancelled owing to the agitation against the appearance of a former enemy in the state theater on Armistice day. The promoters said they had no idea of propaganda in arranging the affair, but they had received so many protests that they would change the date, particularly as Kreisler himself had telegraphed to them to the effect that he thought the objections were well-founded and that Armistice day was a tactless choice.

PAY NO ATTENTION CAMPAIGN SLANDERS

The Republican campaign committee has carefully refrained from personal attacks upon our opponents. When mention has been made of them, we have quoted from the official records, giving them ample time to answer or refute the charges if they could.

It has been six months since the primaries and, if our opponents could have shown that any of our candidates were unworthy or unfit in any way, they have had ample time in which to do this.

BEWARE OF LAST MINUTE CHARGES AND ACCUSATIONS.

SAYS McMAHON IS A REAL OFFICER

To the Editor:
I would like to state for the benefit of the voters of Jackson county my true opinion as to the qualifications of Joe McMahon for sheriff. Frankly speaking, I never really knew Mac very well until I entered the service of the state traffic department, and what I thought I knew was not in his favor. But I must admit after becoming really acquainted with his work from personal observation I found I was all wrong, and am more than willing to admit he has proven himself one of the most efficient officers I have met since entering the service, and will say further as to his using rough tactics with the many different classes of people with whom we are obliged to deal. I have never known him to arrest a violator who did not deserve arrest, nor speak in a harsh manner unless the violator first tried to razz him. If the people of Jackson county want a man for sheriff who

will do what he is drawing his salary for, Mac is the man to elect. On the other hand, if they wish a man for sheriff who will simply sign a receipt for his pay check each month and apologize for doing his duty by handling criminals with kid gloves, they better count Joe out. It up to you November 4.
Respectively yours,
C. P. TALENT,
State Traffic Officer.

Naturopath Bill, 308 yes, 309 no. It offers certain advantages to professional practitioners of naturopathy but none to the general public.

Workmen's Compulsory Compensation Law, 310 yes, 311 no. This is a constitution amendment putting arbitrary and dictatorial powers over employes and employes into the hands of a politically appointed commission.
