LONDON, Nov. 8. — Stanley Baldwin, the new prime minister, has lost no time in drawing up the list of his new cabinet, which was submitted to and approved by the king tonight. The king will hold a privy council at Buckingham palace tomorrow for the transfer of the seals of office from the old to the new ministers who will take the oath and comply with other necessary formalities.

Winston Churchill will be chancellor of the exchequer. Other definite cabinet selections were: Secretary for India, Earl of Birkhead; colonies, Colonel L. C. M. S. Amery; foreign secretary, Austin Chamberlain; president of the council and leader of the house of lords, Marquis of Curzon; privy seal, Marquis of Salisbury; lord chancellor, Viscount Cave; home secretary, Sir William Joynson Hicks; agriculture, Edward Frederick Lindley Wood; first lord of the admiralty, William Clive Bridgeman; war, Sir Laming Worthington-Evans; air ministry, Sir Samuel J. G. Hoare; health, Neville Chamberlain; labor, Sir Arthur Steel-Maitland; board of trade, Sir Phillip Lloyd-Greame; education, Lord Eustace Percy; secretary for Scotland, Sir John Gilmore; attorney-general, Sir Douglas M. Hogg.

Mr. Baldwin's official position will be that of prime minister, first lord of the treasury and leader of the house of commons. It is understood that this list of 19 ministers constitutes the cabinet, although it is officially announced that it is not necessarily complete. The other ministers and under secretaries will be named later and the government is not likely to be completed until next week. The cabinet ministers, however, will be able to follow custom and attend the lord mayor's banquet Monday in their official capacity.

ARMISTICE DAY FETE IN MEDFORD WILL BE BIG EVENT THIS YEAR

MEDFORD, Nov. 8.—Tuesday, November 11, sixth anniversary of the ending of the World war, will be celebrated in Medford with one of the most comprehensive Armistice day programs yet attempted by the American Legion post of that city. From 9:30 in the morning, when a series of street stunts will be staged, until two o'clock the next morning, there will be something doing all the time.

The big parade is scheduled to start at 11:05 a. m., immediately after two minutes silence has been observed throughout the city, and the blowing of taps. Scores of floats and decorated cars have been pledged for the parade and fraternal and civic organizations will be in the line of march.

At two o'clock will be staged the batting contest among school boys under thirteen years of age, the winner to be awarded a baseball autographed by Babe Ruth and Bob Meusel. No sooner will this event be out of the way on the Holly street athletic field, than the annual football game between Ashland and Medford high school gridiron squads will begin, at the same place.

In the evening the annual Armistice day ball will be given by the legion men at the Natorium starting at 8:30. The dance ends at midnight and then will be staged also at the Natorium, the climax of the celebration, "A Night in Paris." Sixteen professional entertainers, including a girls' orchestra, and singers and dancers will entertain the spectators dancing between numbers. This feature is scheduled to end at two o'clock.

INSULT TO AMERICAN FLAG IS NO OFFENSE IN TOKIO

TOKIO, Nov. 8. — Rihei Okada, who cut the American flag from the grounds of the destroyed American embassy on July 1st, last, was yesterday sentenced to six months' imprisonment. His two accomplices were sentenced to four and two months, respectively with a suspension of sentence for two years, which means that if they are of good behavior during that period they will go practically unpunished. The judge in announcing his decision, said that the unselfishness of motives prompting the deed justified the suspension of the sentences. Okada cut down the flag during the demonstrations held throughout Japan in June and July as a protest against the American immigration act, excluding Oriental immigrants from the United States.

Former Governor Carey of Wyoming will be chairman of the commission which will be appointed. Ralph P. Merritt of Fresno, California, managing director of the Sun Malt Raisin Growers and Fred Hixby, of Long Beach, California, president of the American Live stock association are also members of the commission. These men are among the foremost authorities on agricultural needs in the United States, and their suggestions will be seriously considered by Congress.

NEAR EAST RELIEF WORKERS TO SPEAK IN CITY TOMORROW

Former Member of Staff in Near East to Give Talk on Needs of People to Churchgoers

"The American people are facing the Near East problem squarely in the face, much as they did the Red Cross problem during the war, and even though their contributions are smaller than during the war period, they are giving in substantial amounts to the Near East relief fund." With these few words, Mrs. W. E. Rambo, field worker for the Near East relief, and formerly a member of the American staff in the Near East, summed up the situation in the drive for funds with which to carry on the work of furnishing food and clothing to the hundreds of children and adults who have been driven out of their homes in Armenia. Mrs. Rambo, is in Ashland where, together with J. J. Handaker, head of the Near East relief fund organization in Oregon, and M. B. Paronogian, well known Armenian manufacturer of Salem, she will speak in the churches of this city tomorrow in the interests of the Near East relief fund.

"Although most of the refugees of the Near East have been taken out of their country, and placed in camps where they are at least safe from the Turks, they are still in need of clothing and food to carry them through the winter. These people will have to be cared for, together with the few remaining members of their race, for a few years longer, or until they are able to get upon a substantial economic basis, and then the aid of the Near East relief fund will be no longer needed," Mrs. Rambo claims.

Mrs. Rambo worked with the refugees of the Near East for a number of years, returning to this country last year. She was instrumental in bringing over three hundred children, who were at the mercy of the Turks, out of their own country, and into sections where they would be safely cared for, fed and clothed, until such a time as they were able to again care for themselves.

KLAN TO APPEAL ON ANTI-KLAN MEASURE

BUFFALO, N. Y., Nov. 8.—A notice of an intention to appeal from the State Supreme Court Justice Pooley's decision, which yesterday declared the Walker, or anti-Klan law constitutional, was filed here today by attorneys of the Ku Klux Klan, who said they meant to carry the question to the United States Supreme Court if necessary.

The law requires the registration of membership lists of incorporated secret organizations with the Secretary of State of New York. The decision first handed down by the Supreme Court was that the law was unconstitutional, but later the court reversed its decision, and declared they had decided the law was constitutional.

CONGRESS WILL GIVE ATTENTION TO FARM NEEDS

CALIFORNIANS CHOSEN

Westerners Predominate Committee Which is to Make Report to Congress

WASHINGTON, Nov. 8.—The farming industry in the United States will receive considerable attention from Congress in its forthcoming short session, according to indications made public here today. Plans toward this end are being worked out, following the creation by President Coolidge of a Federal commission, which will study the needs of American agriculturists, and work with the idea of making recommendations to Congress when it convenes next month.

Former Governor Carey of Wyoming will be chairman of the commission which will be appointed. Ralph P. Merritt of Fresno, California, managing director of the Sun Malt Raisin Growers and Fred Hixby, of Long Beach, California, president of the American Live stock association are also members of the commission. These men are among the foremost authorities on agricultural needs in the United States, and their suggestions will be seriously considered by Congress.

President Coolidge has tentatively suggested November 17 as the date for the first meeting of the commission, which will probably be held in Washington, although it has been rumored that because of the Western membership, there was a likelihood of the meeting being held in San Francisco, in order that the members might more easily attend.

ALBANY YOUTH SHOT BY POLICE OFFICER AS ROBBER SUSPECT

High School Boys, Playing Prank on Tourists, Are Taken for Highwaymen

ALBANY, Nov. 8.—After being mistaken by officers for a robber, Nellis Zimmerman, Albany high school student, 16, was shot in the head Wednesday night. A bullet grazed his scalp, cutting a gash that required three stitches to close.

The incident arose through information given by a California tourist who called the officers upon his arrival here from the north. He told Night Officer Chandler and City Traffic Officer Lillard that as he had stopped to pick up an automobile tire near the city limits, he saw in the darkness two or more men partially concealed by the roadside.

A short time ago the tourist said he had been held up by bandits who employed a similar ruse. The officers accompanied the tourist to the place and found three boys hiding behind a fence. According to the officers, the boys supposed by them to be men, bolted and refused to stop when ordered to do so. Each officer fired twice.

Later it was discovered that the tire had been placed in the road by boys who had attached a string to it and were waiting for passersby to attempt to pick it up.

Young Zimmerman was taken to a hospital last night but left this morning.

DAVIS CONDEMNS PARTY SLACKERS

WASHINGTON, Nov. 8.—A complete new adjustment of lines within the Democratic party was foreseen by its leaders here today as a result of the crushing defeat of its candidates in the election. Friends of John W. Davis are openly bitter at what they believe was the failure of some of the former leaders of the party to contribute any aid whatever in the campaign. They are certain that the court of the ballots proves that not everything possible was done in his aid and that in some vital sections he was even "double crossed" by those purporting to be his friends.

Some of those who stood by Davis throughout his difficult campaign have informed him the United Press learns, that the least he can do is to "even the scales with his enemies" before he loses hold upon the leadership. They want him to strike back.

They do not think Davis could have won under any circumstances, but they do feel he could have made a showing twice as strong if all the elements in the party had worked as they would have in an ordinary campaign.

ROBBERS GET \$7250 IN DAYLIGHT RAID ON PORTLAND BANK

Multnomah Station Institution Is Held up by Thugs. Escaped Convict Is Suspected

PORTLAND, Nov. 8.—In the absence of other employes a robber entered the Multnomah Commercial & Savings bank at Multnomah station shortly after noon yesterday, forced the teller into the vault and escaped with about \$1200 in cash and \$6050 in bonds.

The outlaw fled toward Portland in a stolen car, was forced to abandon the machine because of lack of gasoline, promptly stole another automobile and made his way into the city.

On William M. Crosby, holdup man and desperado who escaped from the state penitentiary Tuesday, officialdom was half inclined to lay the blame for the robbery. Crosby staged a series of holdups on Portland streets Wednesday night and was identified yesterday through his rogues gallery photograph by three victims. If the man did commit the crime, deputy sheriffs and the police say, he had confederates who supplied him with information regarding the bank and who stole the automobile for his use in the robbery. The bank raid was committed with a daring unequalled in local crime annals. The bank is the typical small banking institution, a main lobby, a banking room separated by grilled work from the lobby, offices for executives and, in the back corners, a vault.

Two men are usually on duty at the bank, E. E. Fitzwater, cashier, and I. W. Nichols, teller. Promptly at noon yesterday, in accordance with established custom, Mr. Fitzwater left the bank to go to lunch. Nichols was alone in the banking room.

Jailor's Pistol Used for Self Destruction by Inmate of Jail. Was Said to be Good

Alex Hall, convicted on a charge of bootlegging, in this city, and serving a term in the county jail at Jacksonville died late yesterday afternoon, after shooting himself in the head earlier in the day.

Hall was a trusty at the jail, and was engaged in cleaning up one of the corridors, when the jailer was forced to leave his office to take some incoming prisoners to their cells. Hall slipped into the jailer's office, and obtained a revolver with which he shot himself, the bullet entering his head slightly above the temple. A doctor was called, but Hall died about an hour after the shooting.

The dead man was arrested for bootlegging in the city about two months ago by Federal Prohibition officers, working with Chief of Police George McNabb. He was convicted on the charge and sentenced to serve a term at Jacksonville. He recently was made defendant in a lawsuit, the plaintiff claiming his land was damaged by Hall's bootlegging activities.

Hall is survived by his wife and two small children, all of this city.

WHAT A DIFFERENCE 13 YEARS DO MAKE

ARDMORE, Okla., Nov. 8.—Thirteen years ago two callow Oklahoma youths, visiting Washington for the first time, were arrested by an irate policeman for climbing a statue in front of the Union station to obtain a better view of the capitol. Today one of the youths, Wayne C. Bayless of Claremore, was found to be the winner in the congressional race in the first Oklahoma district and will make a more dignified entry into the capitol.

L. R. Van De Bogart of Gold Hill, a mining expert, who recently returned from the Mining Congress session in Sacramento, will report on some of the discussions concerning shale oil and other minerals, which took place at the meeting of the Congress.

STATE HOLDERS OF POLITICAL JOBS WILL GO

Kay's Election to Office Held to Indicate Changes Which Are to Come

NO SHAKE-UP LIKELY

State Board, However, Will Have Two to One Republican Majority

SALEM, Nov. 8.—Although Thomas B. Kay, successful candidate for state treasurer at Tuesday's general election, has announced that he has no desire to indulge in a "house cleaning" of state employes under the jurisdiction of the state board of control, it was reported here today that the change in the political complexion of the board probably would result in the discharge of at least two and probably three appointees of the present administration.

The state board of control as now constituted is composed of Governor Pierce and State Treasurer Myers, democrats, and Secretary of State Kozer, republican. On January 1 Mr. Myers will be succeeded by Mr. Kay, with the result that the board again will have a republican majority.

One of the first changes that will be made following reorganization of the state board of control probably will affect the secretary of this body. This office is now held by W. A. Dalziel of Klamath Falls, who received the appointment from Governor Pierce and State Treasurer Myers, after R. B. Goodin, ex-secretary of the board, had been transferred to Portland and put in charge of the Oregon employment institution for the adult blind.

It is said that Mr. Dalziel was active in behalf of State Treasurer Myers during the latter's campaign and made numerous trips to various sections of the state in Mr. Myers' interest.

Governor Pierce and Mr. Dalziel have been close friends for many years and it was rumored here recently that the executive desired an opportunity to advance him to the office of state superintendent of banks to succeed Frank Bramwell, now in charge of the department. As Mr. Kay, by virtue of his election as state treasurer, also will be a member of the state banking board, Mr. Bramwell is assured of being retained in his present position.

MANCHU UNIT LOOTS TRAIN AT TIENTSIN POLICE CHIEF QUILTS

TIENTSIN, Nov. 8.—Because of excesses of 5000 Chenpi province troops, part of the army of Feng Yu-Tsiang, the new military chief of the Peking government, now in Tientsin, Yang I-Te, the police commissioner has resigned. He said he was willing to take the responsibility of protecting the city from demoralized soldiers but not from units of the government forces.

The army of Chang Tso-Lin, the Manchurian leader, continues to pour through the city on its way from Shanhaikwan, the scene of its recent successes over the army of Wu Pei-Fu, to Manchang, south of this city.

One of these units this afternoon looted a train packed with military stores bearing notices stating it belonged to the headquarters of Tuan Chi-Jui, ex-head of the Anfu military party, who has been mentioned as the next president of China.
