IF HAIR IS TURNING GRAY, USE SAGE TEA Here's Grandmother's Re- cipe to Darken and Beautify Faded Hair

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur en- hances its appearance a hundred- fold. Don't bother to prepare the mixture; you can get this famous old recipe improved by the addi- tion of other ingredients at a small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's" Sage and Sulphur Compound now be- cause it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after an- other application it becomes beau- tifully dark and appears glossy and lustrous.
