GRAY HAIR BECOMES DARK AND BEAUTIFUL

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger.

BLACKBIRD
 (By John Drinkwater)

He comes on chosen evenings,
 My blackbird beautiful, and sings
 Over the gardens of the town
 Just at the hour the sun goes
 down.
 His flight across the chimneys
 thick,
 By some divine arithmetic
 Comes to his customary stack,
 And couches there, his plumage
 black;
 And there he lifts his yellow bill
 Kindled against the sunset, till
 These suburbs are like Dymock
 woods
 Where music has her solitudes,
 And while he mocks the Winter's
 wrong
 Rapt on his pinnacle of song,
 Figured above our garden pots,
 These are celestial chimney-pots.

Mah Jongg Party
 A delightful Mah Jongg party was given at the pleasant home of Mrs. E. V. Carter on the Boulevard Saturday evening. A delightful evening was spent playing the Chinese game and the hours quickly passed.

At midnight the guests were escorted to the dining room where they were greeted with a beautifully adorned table with its centerpiece of hawthorne. A dainty lunch was served and the guests adjourned to their respective homes hoping for more of these charming affairs in the future.

The guests for the evening were Mesdames Louis Dodge, H. S. Sanford, Emil Peil, J. M. Wagner, F. D. Wagner, Ralph Vining, Gordon MacCracken and the hostess, Mrs. E. V. Carter.

Surprise Party
 One of the most delightful parties of the younger set was given Saturday evening when Miss Thelma Perozzi was surprised at her home by a number of her friends. A pleasant evening was spent dancing and playing various games. A toy automobile was presented to Miss Katharine Pittenger for proficiency in filling the names of persons into a story.

Clever methods of choosing partners caused much amusement among the guests. Dinner partners were chosen by auctioneering and some of the bids ran very high. At a late hour delicious refreshments were served.

Guests for the evening were Misses Katherine Pittenger, Mary Gale, Isabelle Silver, Irma

Style Hint
 PARIS, Nov. 20. —"Who put that dent in your crown, Mary?"

The milliner, of course, for that's the latest crink in hat fashions in Paris. Caroline Reboux, who is the very smartest French modiste that Paris can name, started the ball rolling with her little plush hats, with high, dented-in crowns. The only trimming is the crown-band of ribbon, or felt, which runs through slots in the narrow brim, holding it up to the crown, either across the front or a little to the side. Occasionally a flat fancy pin is placed on the upturned brim, or one of the fancy hatpins is stuck through the crown.

The dented hat is the natural outcome of beauty's battle with fashion. The high crown which has been launched this season has proved to be very unbecoming to many women. There had to be some kind of a change, and so the dent was adopted. It gives height, but not too much of it.

The newest trimming in vogue is now on the very top of the hat. Leontine is showing a charming panne model, with a flat ribbon bow on the very peak of it. A hat of mole-gray plush has a narrow

What "Class B" label means to you

FOR a shingle to carry this label it must successfully pass four exacting tests that show unusual fire-resisting qualities. For instance, one of these tests is the placing on the roof of a firebrand of two 8" x 16" white cedar shingles, thoroughly ignited on both sides and placed slightly away from the roof to allow air to pass underneath. Then a current of air, equal to a 12-mile-an-hour wind, is turned on and allowed to continue so long as the firebrand burns. This has never yet burned through Carey Asbestos Slate Shingles.

The Carey Asbestos Slate Shingle is heavier, stiffer, more durable. Write for our booklet, "Before You Build."

Fuchsia and violet tones promise to be very popular for Winter wear. There is plenty of color in the smart hatshops, although, as usual, many chic women will continue to wear black and sombre brown shades. The finer models have a magnificent brush of osprey in some vivid color, full and sometimes long. The draped velvet turban is being offered for afternoon wear, often with a curious fluffy chignon of hair attached to it, which hints toward a change in hairdressing and perhaps a return to curls and coils.

Mrs. Eastburn was presented a beautiful book from the class.
