DOCTORS SAY: DON'T NEGLECT COUGH OR COLD

Physicians warn against neglecting coughs and colds and tell of the serious lung complications that may result. Leading physicians now prescribe BALSAMEA for all bronchial affections. BALSAMEA is a pure vegetable preparation made from a newly discovered plant. Dr. Benj. F. Crabtree, Anderson, Mo., writes: "I use it exclusively for my practice and my family. It is quick, sure and safe in its action like nothing else."

Toward the end of the influenza epidemic a government physician noticed that a tribe of Indians in Nevada, by the use of oils from a native plant were immune from the ravages of influenza. He used these oils among his white patients and then in a hospital overflowing with "death" cases. News of the results swept the world and for some time it was not possible to supply the demand.

BALSAMEA has now been standardized and gives uniformly miraculous results in four ways: 1. It soothes the inflamed membranes and relieves irritation. 2. It increases secretion of mucous and permits easy expectoration. 3. It stimulates pores of the skin in throwing off body poisons and 4. It strikes at the cause, checking germ action immediately.

Do not confuse it with ordinary balsam cough syrups that are only soothing syrups and do not go to the base of the trouble. Unlike other cough remedies BALSAMEA is free from coal tar and other harmful narcotics. Pleasant to take and absolutely safe to give to children.

Be sure you get BAL-SA-ME-A with the picture of the Indian on the package. Guaranteed to relieve any cough, no matter from what cause, or your money back. All druggists sell BALSAMEA. In Ashland buy it from Eastside Pharmacy.

SKIN ERUPTIONS YIELD TO SULPHUR
Apply Sulphur as Told When Your Skin Breaks Out

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Mentho-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation begins at once to soothe irritated skin and heal eruptions such as rash, pimples and ring worm.

It seldom fails to remove the torment and disfigurement, and you do not have to wait for relief from embarrassment. Improvement quickly shows. Sufferers from skin trouble should obtain a small jar of Rowles Mentho-Sulphur from any good druggist and use it like cold cream.

Oregon stands second among the state in railroad construction activities, being exceeded only by Texas.

CALENDAR OF EVENTS
Wednesday, December 3. Auxiliary to the Trinity Guild meets at 7:30 at the Parish House.

Thursday, December 4. Elks Ladies Club meets in club rooms at 2:30. Regular card party.

Friday, December 5. Hawthorne Circle of Parent - Teachers will meet at 3:30. Important business and every member is asked to be present.

Friday, December 5. Rebekah Bazaar.

Civic Club Party—
The Civic Club is planning an elaborate dancing party to be given at the clubhouse Thursday evening. This is for the members and each member has the privilege to invite one couple.

Committees are at work and plans are rapidly being formulated in regard to the affair so that a very pleasant evening is assured. To add to the pleasure Carl Loveland's three-piece orchestra will play.

Mrs. Provost, chairman of the social committee for the year has charge of the affair and reports that a large number are expected to be present. Refreshments will be served during the evening.

Patent-Teacher Meeting—
The Hawthorne Circle of the Parent-Teachers Association will meet Friday afternoon at three-thirty. Some very important business will be up for discussion and every member of the association is asked to be present. A short program has been planned with several excellent numbers.

Parent-Teacher Meeting—
There will be a meeting of the Junior High circle of Parent-Teachers' December 12th. This will be "Junior High Day" and quite a program has been arranged. Further announcements will be made later.

Entertains—
Mrs. J. W. McDonough of this city celebrated the birthday of her son, Mr. Beal of Medford and her own with a Thanksgiving dinner Thursday. A sumptuous repast was served followed by many enjoyable hours. Just the immediate members of the family were present.

Reception for Couple—
The Plaza Confectionery was the scene of a very enjoyable affair Monday evening when Mrs. Claire Minard and Mr. Fred Taylor entertained in honor of Mr. and Mrs. Loyd Smith. The evening was spent in dancing and pleasant conversation. Many little surprises brightened every moment of the evening. A mock ceremony was performed—Mr. Harry McNair officiating.

The rooms were tastefully decorated in white and gold festooning and chrysanthemums. The High School Orchestra furnished the music for the evening which was greatly appreciated.

About thirty guests were present and many useful gifts were presented.

FUNERAL OF FURNACE VICTIM
The police of Columbus, Ohio, do not seem any nearer a solution of the mysterious death of Mrs. C. V. Sheatsley, wife of the pastor of the Christ Lutheran Church in the suburb of Bexley, who was burned to death in the furnace of the parsonage. Her funeral was held in Paris, Ohio. Directly behind the casket was the Rev. C. V. Sheatsley, with his daughter, Alice; Mrs. Lydia Sponseller, mother of Mrs. Sheatsley; Mrs. Maria Sheatsley, mother of the preacher, and in the rear, wearing caps, the sons of the dead woman. The authorities have questioned the son, Clarence, who, after seeing his mother burning in the furnace, turned away and took a nap.

ABOUT THIRTY GUESTS were present and many useful gifts were presented.

Mrs. Smith was formerly Miss Iona Bechtel and has a multitude of friends among the younger set. She has been in the employ of Mrs. Minard for the past year and was held in high esteem by her employers and with all of whom she came in contact.

Mr. Smith is an employee of the Southern Pacific and is a young man of sterling worth. Mr. and Mrs. Smith will make their home in Ashland for a short time.

Their many friends join in extending to them their best wishes and heartiest congratulations.

A skillful brush. At Brighton, one of the worst electric storms the country had ever experienced was encountered. It lasted practically all night, and the speaker has a most unusual picture taken at two o'clock in the morning.

The Club feels very grateful to Dr. Hart for the treat afforded it and the many visitors in thus telling in such pleasing fashion of the "Highways and Byways of Merrie England," that we hope to tread some day.

As the opening number, two songs, beautifully sung by Mrs. Vivian M. Woodside, "On the Wings of Song," and "Can't Remember," gave much pleasure and brought appreciative applause.

In the brief business meeting, before the introduction of the speaker by Mrs. P. K. Hammond, reports were read and announcements made one of which related to the coming musical entertainment, "L'Ombra," and asked the support of the club in forwarding the sale of tickets in every way possible. Another announcement was of a dancing party for which each member could invite two. Those who did not care to dance were privileged to come anyway and enjoy the pleasant evening. Hostesses for the next meeting: two weeks from today, are Mrs. Will Dodge, Mrs. Frank Dean, and Mrs. F. C. Dillard.

At the close of the lecture tea was served. Mrs. J. P. Dodge and Mrs. J. N. Dennis presiding at the tea table, with its dainty service and bright flowers.

(Reported by the publicity chairman, Mrs. Grace Andrews.)

Hoover declared. He urged extreme caution in Congressional activity relating to radio.

Hoover recommended legislation to aid in the development of commercial aviation.

"In recent years the commercial use of air travel has increased to a considerable extent, though there is reason to fear that in this respect the United States is NOT keeping pace with some foreign countries," Hoover said.

"This method of transportation means much to our economic and social progress, and every encouragement, legislative and otherwise, should be given to its development."

"At the same time, there should be created a proper system of regulation, having in view, primarily, the safety of life both of passengers and operators, and the orderly conduct of air navigation."

Other legislation recommended by Hoover follows:

A bill to relieve American nationals in foreign countries from the burden of domestic taxation on earned incomes. Hoover explained that the United States is the only country which "imposes domestic taxation on the earned incomes of its citizens who are resident abroad, engaged in the expansion of commerce. The effect of increased taxation from the war tends to drive our citizens out of the front line of commerce in many countries."

Fees charged for passports and visas, alleged to be irksome and provocative of resentment abroad, should be radically reduced and formalities thoroughly revised and simplified.

Foreign trade zones should be established in the ports of the United States, as they eliminate waste of time, labor and money in the importation of raw materials which are to be re-exported after manufacture.

Other recommended legislation pertained to rehousing and reor-

ganizing the Department of Commerce, revision of the navigation laws, measurement of vessels, a lead-line law, home ports for vessels, liability of ocean cargo carriers, bureau of the census, steamboat inspection service and the lighthouse service.

JOHNSON CHAIRMAN FAVORITE COMMITTEE
WASHINGTON, Dec. 2.—Senator Borah, Republican of Idaho was today promoted to the chairmanship of the Senate foreign relations committee by the Republican conference or senatorial assignments. The chairmanship of the judiciary committee went to Senator Cummins of Iowa, and the chairmanship of the immigration committee to Senator Johnson of California. These vacancies were caused by the deaths of Senators Lodge, Cole and Brandagee.

FRUIT GROWERS TO HOLD MEET DEC. 6

WASHINGTON, Dec. 3.—"Legislation relating to the regulation of radio should be most carefully framed, so as to allow complete flexibility in development and full application of all scientific and industrial advancement."

This statement was made today by Secretary of Commerce Hoover in his annual report to President Coolidge.

"Development of the art is proceeding with such rapidity both on the scientific and industrial sides that each year sees a profound shift in its activities,"
