IF SKIN BREAKS OUT, IS FIERY, ITCHY OR ROUGH, USE SULPHUR

Just the moment you apply Mentho-Sulphur to an itching, burning or broken out skin, the itching stops and healing begins, says a noted skin specialist. This sulphur preparation, made into a pleasant cold cream, gives such a quick relief, even to fiery eczema, that nothing has ever been found to take its place.

Because of its germ-destroying properties, it quickly subdues the itching, cools the irritation and heals the eczema right up, leaving a clear, smooth skin in place of ugly eruptions, rash, pimples or roughness.

You do not have to wait for improvement. It quickly shows. You can get a little jar of Rowles Mentho-Sulphur at any drug store.

CAN A PEACOCK DAMAGE AN AUTOMOBILE?

NEW HAVEN, Conn., Dec. 4.—Can a peacock damage an auto? "No," said New Haven's Board of Aldermen in turning down a claim against the city for \$40 presented by F. P. McLoughlin, local resident. McLoughlin contends he parked his car near the City Zoo, in East Rock Park, and while he was viewing the animals a city-owned peacock pecked at its reflection in the shiny car until \$40 worth of varnish was removed.

Oregon leads the coast states in percentage of building increase for September, with 24 per cent above 1924. Washington gained 7 and California 4 per cent.

Blumenhauer Party—The home of Mr. and Mrs. George Blumenhauer of Pioneer street was the scene of a delightful neighborhood party last Monday evening. The time was spent playing cards, games and singing and a merry time was experienced. At the close of the evening dainty refreshments were served by the hostess.

Guests were Miss Georgie Coffee, Emma Jenkins, Dorothy Chapple, Ruth Osmond, Mesdames Williams, Mosier, Ethel Chapple, Michelson, Holman and Bob Wagner and Mr. Barrett.

Friday evening the same guests gathered at the home of Miss Emma Jenkins and enjoyed the evening playing cards and games. A number of these parties have been given and they are eagerly looked forward to by the guests.

Elks Ladies Club—The Elk Ladies Club had a very delightful card party in their clubhouse Thursday. There were six tables of bridge and two of five hundred, making the afternoon pleasant for all.

Physicians warn against neglecting coughs and colds and tell of the serious lung complications that may result. Leading physicians now prescribe BALSAMEA for all bronchial affections. BALSAMEA is a pure vegetable preparation made from a newly discovered plant. Dr. Benj. F. Crabtree, Anderson, Mo., writes: "I use it exclusively for my practice and my family. It is quick, sure and safe in its action like nothing else."

Toward the end of the influenza epidemic a government physician noticed that a tribe of Indians in Nevada, by the use of oils from a native plant were immune from the ravages of Influenza. He used these oils among his white patients and then in a hospital overflowing with "death" cases. News of the results swept the world and for some time it was not possible to supply the demand.

BALSAMEA has now been standardized and gives uniformly miraculous results in four ways: 1. It soothes the inflamed membranes and relieves irritation. 2. It increases secretion of mucous and permits easy expectoration. 3. It stimulates pores of the skin in throwing off body poisons and 4. It strikes at the cause, checking germ action immediately.

Do not confuse it with ordinary balsam cough syrups that are only soothing syrups and do not go to the base of the trouble. Unlike other cough remedies BALSAMEA is free from coal tar and other harmful narcotics. Pleasant to take and absolutely safe to give to children.

Be sure you get BAL-SA-ME-A with the picture of the Indian on the package. Guaranteed to relieve any cough, no matter from what cause, or your money back. All druggists sell BALSAMEA. In Ashland buy it from Eastside Pharmacy.

Style Hint—PARIS, Dec. 5. — Beads, like feathers, seem to have come in to stay. Every season the word goes around that beaded frocks are absolutely "out," but the women continue to like them; and Paris designers have nothing to do but continue to make them.

Beaded dancing dresses are very elaborate this season, with all kinds of new tricks in beading and embroidery. Francis is shown in a marvelous effect of raindrops with crystal and jade, which is particularly beautiful when the lady is dancing. The bodice of the foundation is in white satin, half way down the skirt in black, and the beads black and white, half-and-half. Philippe et Gaston have a lovely frock, in crepe georgette, in blue pastel shade and embroidered with a garland of flowers in crystal and multi-colored beads. Gold beads on white make most attractive dancing dresses. A white satin model has bands of gold beading around the skirt, and the bodice softly beaded.

Jenny makes pearl-embroidered gowns, very simple in effect, for all their rich incrustation. Pearls make a stunning trimming on gold lame, and several all-white dresses come beaded in pearls and diamonds. A charming white frock is beaded in

subbursts of diamonds and has rows of pearls between the diamonds.

Evening wraps also are extensively beaded. A handsome cape noticed at the Opera last week was of white satin, beaded in pearls and lined with ermine.

Brocades, with the designs outlined in pearls, are very lovely for these evening wraps. Fur is usually combined with the beads. Even when the gown and the wrap are bestrewn with beads, the "grand chic" for evening wear is the string of pearls, in a long trailing bracelet on the wrist.
