For Local Officers—
Our item a couple of weeks
past relative to the local police
station was somewhat in error in
relation to its use by the State
Traffic Officers and the detention
of tourists while awaiting the ar-
rival of a state officer. The local
station house is intended only for
the local officers, who frequently
are on night duty owing to the
chill of the weather must have
some place to thaw out or their
work becomes inefficient. The
station house is marked on the
highway by a conspicuous red
light for the guidance of both
traffic and foot travelers seek-
ing information.—Gold Hill News

Narrow Escape—
Luck and presence of mind
Thursday saved the life of John
Inman of Grants Pass, who is cut-
ting timber near the city. At the
time of the accident he was cut-
ting wood alone. His left arm
was caught in the buzz saw and
it was only by quick thinking and
great effort that he was able to
cut off the switch which prevent-
ed him from being dismembered.
The saw tore off his shirt and
grazed the abdomen. His left arm
was badly mangled between the
elbow and wrist. He was brought
to town and given medical atten-
tion immediately.—Grants Pass
Courier.
