FLUSH THE KIDNEYS BEFORE BREAKFAST

Drink Lots of Water, Also Take a Little Salts if Back Hurts

No man or woman can make a mistake by flushing the kidneys occasionally, says a well-known authority. Eating too much rich food creates acids, which excite the kidneys. They become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood. Then we get sick. Rheumatism, headaches, liver trouble, nervousness, sleeplessness and urinary disorders often come from sluggish kidneys.

The moment you feel a dull ache in the kidneys, or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, begin drinking a quart of water each day, also get about four ounces of Jad Salts from any pharmacy; take a table spoonful in a glass of water before breakfast, and in a few days your kidneys may act fine.

This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to flush and stimulate the kidneys; also to help neutralize the acids in the system, so they no longer cause irritation, thus often relieving bladder weaknesses.

Jad Salts is inexpensive; makes a delightful effervescent lithia-water drink which everyone should take now and then to help keep the kidneys clean and active and the blood pure, thereby often avoiding serious kidney complications. By all means have your physician examine your kidneys at least twice a year.

Missionary Supper

The members of the W. F. M. S. and W. H. M. S. of the Methodist Church were hostesses to the members of the Standard Bearers and Queen Esthers the foreign and home missionary organization of young girls Tuesday evening.

Plates were laid for fifty four and for two hours these young people were busily engaged with the good things before them and no less happily interested in the program which followed.

Mrs. Herndon, superintendent of the Standard Bearers acted as chairman and after an earnest talk on work in which her girls were interested, called on Clara Huck who told why she was a Standard Bearer. She also called on Dimple Slack who gave some very practical ideas on what she would need as equipment should she become a missionary.

Annie Wells and Frances Greene represented the Queen Esthers and talked along the same line, their subjects being "The Kind of a Missionary One Should Be" and "Why I am a Queen Esther." The Standard Bearers are studying the foreign work and the Queen Esthers the home work and one had only to look at their eager faces to know they are doing the work for practical service.

Mrs. Hunt, Superintendent of Queen Esthers talked on the subject "Following the Gleam" and out of a heart full of love for the girls and the work, told of their aims, what they are doing and how deeply interested they were. She gave the "Vision of Sir Launfal" so effectively that the thought of service was deeply

impressed on the hearts and minds of all present.

Instrumental music, songs and yells enlivened the occasion. One of the yells was in the nature of an appreciation to the hostesses, as the girls were very thankful for the good time which was given them.

Civic Club

One of the outstanding programs of the year will be given at the Civic Club next Tuesday when Mrs. William Glenn will tell "Stories From Snowland." This is a new lecture prepared especially for the Civic Club by Mrs. Glenn and it will consist of stories of her experiences while in Alaska.

Mrs. Glenn is an excellent speaker and her ability is well known here as she spoke to the Civic Club last year. The club feels very fortunate in being able to secure her as a speaker and the meeting is being looked forward to with much interest.

The Club wishes to announce that not only members are invited but everyone interested in hearing this speaker is urged to come. In addition to the main address of the afternoon a short musical program has been arranged.

Dinner Guests—Mr. and Mrs. J. H. Fuller were dinner guests of Mrs. M. C. Reed at the Plaza Tuesday evening.

Visiting Day—Linen glass towels, cotton huck guest towels, costume slips and "step-ins" and dresses will be on display at the Junior High School on "Visiting Day" Friday. The exhibits have been prepared by the Seven A and Seven B sewing classes under the capable supervision of Miss Beryl Jermon.

During the afternoon opportunity will be given for each par-
