MASTER THIS WOMAN was taken in adultery. Moses commanded us that such should be stoned; but what sayest thou? He said unto them that is without sin among you, let him first cast a stone at her—John 8:4, 5, 7.

A SILENT SENATOR

The "Oregon Voter" in its January 17 issue, which is devoted mainly to short sketches of the various members of the Oregon Legislature for 1925 claims that "If a check had been made upon the 1923 Senate to determine the relative loquacity of the members, it is very likely that Senator George W. Dunn would have been found the least talkative of the thirty."

We, in Ashland who know Senator Dunn personally are even more confident of his ability and proud of his efforts. It is refreshing to find a man in a public office, especially in the state legislature, who forgets the rhetorical brilliance of the politician and gets down to work.

There will be much legislation come up at this session of the state law makers which will directly affect Jackson County and Ashland. A bill for the establishment of normal schools throughout the state, with one at Ashland will likely be brought before the senate.

CONFIDENCE IN ASHLAND

A news story carried in The Tidings a few days ago stated that O. T. Bergner formerly a resident of this city, who has been away for some time, had purchased the Oregon Hotel because he had "confidence in Ashland."

And further, Mr. Bergner stated, "I have yet to find a better place in which to live than Ashland and I have looked the country over." This statement means much to those who are looking to the upbuilding of the city.

To have "confidence in Ashland" to the extent of his latest investment means that Mr. Bergner has enough confidence in the city to invest a great deal of money, to back his judgment with more money.

MORE GOOD ADVERTISING

J. H. Mulchay, assistant freight traffic manager of the Southern Pacific railroad company, likes the booklet recently issued by the county, "Where Nature Laid Her Bounties," of which 10,000 more will be delivered to the county and the Ashland Chamber of Commerce in the near future by The Ashland Tidings.

"Have just received copy of booklet entitled 'Where Nature Laid Her Bounties,' recently gotten out under your direction, and wish to take occasion to compliment you on the very comprehensive manner in which the information has been prepared, and trust the splendid spirit which has prompted the effort to place the many resources of southern Oregon and Jackson county particularly, before the public, will be fully appreciated by all residents of the county."

"I have carefully perused the entire book and was much impressed with the manner in which you have not only summed up the entire situation, but at the same time have given space to each community. Am sure the time and effort put forth in the preparation and distribution of this literature will in a very short time be repaid by not only numerous inquiries from prospective settlers, but by actual increase in the agricultural and other industries of Jackson county, and which in the end will have a beneficial effect on the entire state."

FIRE DESTRUCTION AFFECTS EVERYONE

When a serious fire occurs, particularly if it involves a business structure, its ramifications are almost endless. Suppose, for example that an enterprise constituting the major support of a whole town is wiped out by the flames and because of various reasons the plant is not rebuilt. Employees' wages are at once cut off and it becomes impossible for them to find other work in that town.

the building and loan societies. Cheaper living quarters must then be sought and the storekeepers begin to notice that their sales are falling off. The amusement business drops to almost nothing and church contributions decline. Soon there begins a general exodus to other cities where jobs are to be had. Families are uprooted, children taken out of school and in a few months the place is only a shadow of its former prosperous self.

Of course, insurance against fire and business interruption can prevent such disastrous consequences and is doing it every day, but insurance does not restore; it simply replaces destroyed buildings and commodities; property that has gone up in smoke is forever lost to society.

Conservatives are people who think "radical" and "discontented" synonymous.

AMERICAN COLONY IN TOKIO GROWING

TOKIO, Jan. 12. — Except for Chinese, there are more Americans in Tokio than any other foreign element, according to statistics of the Foreign Affairs Section of the Metropolitan Police Board.

All told, there are more than 6000 foreigners in the Japanese Capital. Chinese number 3,700. Next in the list are Americans, numbering 630; the British, with 450; Russia, with 350, and Germany with 300. There are only 120 Frenchmen in Tokio, and the Swedes and the Swiss are at the bottom of the list, with thirty-seven and thirty-five, respectively.

The foreign population of Tokio has more than doubled in the last six months, the police declare. In June-4 it was estimated there were less than 3000 citizens of foreign countries in the city.

The only foreigners that are causing the police any worry, it is said, are the Russians. Police declare that many ostensible Russian traders who come here to sell woolen cloth and other merchandise give more time to propaganda than to business.

KLAN IS CHASED OUT OF KANSAS

TOPEKA, Kansas, Jan. 12. — The Ku Klux Klan was ousted from the state of Kansas by the State Supreme Court today. The court issued an order in the state suit to drive the Klan out of Kansas, brought three years ago by Attorney General Hopkins. The decision is based on the point that the purchase of lodge supplies without a charter is illegal in Kansas.

LIVELY TRADING LIKELY BEFORE SOUTH BECKONS

NEW YORK, Jan. 12.—Dame Rumor has it that there will be considerable trading between clubs of the National League before the training season begins. With the exception of Pittsburgh and Chicago, the clubs in the older organization have done little to strengthen themselves. At the joint meeting of the two leagues here practically all the trading was done by American League managers.

The tastiest breakfast dish New Style H-O

THE only oats that cook into granular oatmeal. Nothing else like it. Meaty granules stimulate digestion. Never cook sticky or pasty. Wonderful flavor. More than a new oatmeal—a new cereal. Energy-building carbohydrates, tissue-building proteins, a wealth of vital minerals. And New Style H-O takes only 2 to 3 short minutes to cook—the quickest cooking cereal—quick as a flash!
