Teourtellotte, Portland.

'Accidents will Happen'

That's such a worn-out expression that we just quote it. But it's like so many other trite sayings, in that it is distressingly true! And the wisest chap that lives has no advance information on accidents—only the probability can be estimated.

It is upon probabilities and experience that the best accident policies are based. They are in such form as to provide protection against losses in accidents in almost every circumstance. Let us explain a few of them to you.

MONDAY - THRIFT OR BANK DAY Monday, January 19th is BANK DAY There are two very necessary accounts to have with a bank. A CHECKING ACCOUNT AND A SAVINGS ACCOUNT The checking account enables you to pay your bills in a business like way—your cancelled checks are receipts for paid bills. A savings account encourages you to save systematically—so that little by little you will soon amass a safe nest egg. A savings account pays you interest on your money, so while you are not using it, it is earning more for you. Save steadily each week or month—no matter how little—never decrease the amount—when you feel that you can afford it, increase it; but not until you can continue to save that same amount each week. A CHECKING ACCOUNT WILL HELP YOU PAY YOUR BILLS—A SAVINGS ACCOUNT WILL KEEP THE WOLF FROM YOUR DOORS The First National Bank The Citizens Bank of Ashland The State Bank of Ashland (THIS IS THE THIRD OF A SERIES OF THRIFT WEEK TALKS)
