# DOCTORS SAY: NEGLECT

Physicians warn against neglecting coughs and colds and tell of the serious lung 'complications that may result. Leading physicians now prescribe BALSAMEA for all bronchial affections. BAL-SAMEA is a pure vegetable preparation made from a newly discovered plant, Dr. Benj. F. Crabtree, Anderson, Mo., writes: Upholstering, refinishing, re-gluesure and safe in its action like nothing else."

Toward the end of the influenza epidemic a government physician noticed that a tribe of Indians in Nevada, by the use of oils from a native plant were immune from the ravages of Influenza. He used these oils among his white patients and then in a hospital everflowing with 'death" cases. News of the results swept the world and for some time it was not possible to supply the demand.

BALSAMEA has now been rtandardized and gives uniformly "fraculous results in four ways: 1. It soothes the inflamed membranes and relieves irritation, 2. It increases secretion of mucous and permits easy expectoration, 3. It stimulates pores of the skin in throwing off body poisons and 4 It strikes at the cause, checking Combat those germs, clear the nostrils, germ action immediately.

# Is The Golden Age The Gland Age?

In a recent press dispatch, a London physician stated that the Golden Age of man bids fair to be the glandular age, when salvation will be taken in tablet form. He said further that the average man believes that his thoughts. action and feelings are controlled by his mind. But it is possible to show that mind is itself under the despotic sway of the ductless glands, which generate in the system the chemical fluids on which depend health, happiness

and morality. Glandogen, the new scientific gland tonic, prepared h tablet form provides a simple method of taking glandular treatment .-East Side Pharmacy will supply
