Drink Water to Help Wash Out Kidney Poison

If Your Back Hurts or Bladder Bothers You, Begin Taking Salts

When your kidneys hurt and you: ack feels sore don't get scared and proeed to load your stomach with a lot o lrugs that excite the kidneys and irri ate the entire urinary tract. Keel our kidneys clean like you keep you lowels clean, by flushing them with a nild, harmless salts which helps to remain the mild, harmless salts which helps to remain the mild salts nove the body's urinous waste and stim ilates them to their normal activity The function of the kidneys is to filte: he blood. In 24 hours they strain from t 500 grains of acid and waste, so we an readily understand the vital imporance of keeping the kidneys active.

Drink lots of good water—you can' frink too much; also get from any phar-nacist about four ounces of Jad Salts ake a tablespoonful in a glass of water refore breakfast each morning for a ew days and your kidneys may then cet fine. This famous salts is made rom the acid of grapes and lemor nice, combined with lithia, and has beer ised for years to help clean and stimuate clogged kidneys; also to neutralize he acids in the system so they are no onger a source of irritation, thus ofter elieving bladder weakness.

Jad Salts is inexpensive; can not in ure; makes a delightful effervescen ithia-water drink, which everyone hould take now and then to help keep heir kidneys clean and active. Try his; also keep up the water drinking nd no doubt you will wonder wha che. By all means have your physican examine your kidneys at least twice

Send your name and address plainly written together with 5 cents (and this Meines, Iowa, and receive in return trial package containing Chamberlain's Cough Remedy for coughs, colds, croap bronchial, "flu" and whooping coughs and tickling throat; Chamberl. Stomach and Liver Tablets for stomach trou bles, indigestion, gassy pains that crowe the heart, biliousness and constipation Chamberlain's Salve, needed in every family for burns, scalds, wounds, piles, and skin affections; these valued family medicines for only 5 cents. Don't miss it

Hall's Catarrh Medicine will do what we claim for it -rid your system of Catarrh or Deafness caused by Catarrh.

New Way to Quickly Stop Worst Cough

A remarkable new and simple rheumatic pains, etc., is red pepper.

method for treating a cough gives relief with the first doses and usually breaks a severe cough in 24 Nothing else creates such concentrated

The treatment is based on the prescription known as Dr. King's New Discovery for Coughs. You take just one teaspoonful and hold it in your throat for 15 or 20 seconds before swallowing, without following with water. The prescription has a double action. If not only soothes and heals soreness and irritation, but it quickly loosens and removes the phlegm and congestion which are the direct cause of the coughing. People have been astonished how quickly the coughing stopped with this new treatment, and the whole cough condition goes in a very short time.

The prescription is for coughs, chest colds, hoarseness, bronchitis, spasmodic croup, etc. It is excellent for children as well as grownups-no harmful drugs. Economical, too, as the dose is only one teaspoonful, At all good druggists. Ask for

heat. We know that heat is genaction, but it would appear from our more ripe and modern study of the subject that this is probably incidental rather than the cause of the manifestation of energy known as muscular strength. We also know that waste matter is consumed by chemical union with oxygen, forming carbon dioxide, or carbonic acid gas, as it is more popularly known; among other things this corebustion produces is heat. It would appear also, that the breaking down of muscular tissue which gives rise to this waste matter is only incidental rather than the cause of the expression of energy. As already said, we know that the muscles do not and cannot act of themselves, but only through the nerve impulses transmitted from the brain; and we can scarcely avoid the conclusion that the actual power which operates in these tissues is the electrical force or dynamic energy which comes from the spine and b this energy is regained through the building up and revitalizing

MACFADDEN

It has been thought that energy is generated in the muscles, but we know that the muscles are powerless to act without the impulses from the nerves. Then is not the power that moves them the electrical or motive force that comes from the brain and the spine? The theory was that the union of oxygen with the tissues of the muscles, producing combustion, liberated energy, just as It is liberated in the combustion of wood and coal by fire, resulting in erated in the process of muscular
