SERIOUS LUNG TROUBLE STARTS WITH COUGHING

Physicians warn against neglecting coughs and colds and tell of the serious lung complications that may result. Leading physicians now prescribe BALSAMEA for all bronchial affections. BALSAMEA is a pure vegetable preparation made from a newly discovered plant... Dr. Benj. F. Crabtree, Anderson, Mo., writes: "I use it exclusively for my practice and my family. It is quick, sure and safe in its action like nothing else."

Toward the end of the influenza epidemic a government physician noticed that a tribe of Indians in Nevada, by the use of oils from a native plant were immune from the ravages of influenza. He used these oils among his white patients and then in a hospital overflowing with "death" cases. News of the results swept the world and for some time it was not possible to supply the demand.

BALSAMEA has now been standardized and gives uniformly satisfactory results in four ways: 1. It soothes the inflamed membranes and relieves irritation. 2. It increases secretion of mucous and permits easy expectoration. 3. It stimulates pores of the skin in throwing off body poisons and 4. It strikes at the cause, checking germ action immediately.

Be sure you get BAL-SA-ME-A with the picture of the Indian on the package. Guaranteed to relieve any cough, no matter from what cause, or your money back. All druggists sell BALSAMEA. In Ashland buy it from Eastside Pharmacy.

into ecstasies over the chances of his team in the American League race this year, but does remark that he hoped to give the league considerable run for its money.

Cobb, who won no little renown as a man who would take almost any kind of a chance when he was playing baseball under another man, has developed into a cautious cuss when it comes to talking about pennants.

"I won't predict that the Tigers will win a pennant," he told International News Service, "but I will say that I think the Tigers have a chance," and then added with some of his old-time speed "that is if we don't run into a lot of injuries."

Ty harked back through the agonies of the last three years, when Tiger teams, seemingly driving along under considerable momentum, paused with a loud thump because of injuries here and there. He referred particularly to the distressing accident which befell Bunny Brief at the far end of the last campaign, just when Brief was hitting a pinch-slugging stride that was standing out as a fine example to ambitious young men.

"A team may look mighty good when it is going along and it may

to these young pitchers who served us so well last year. Our pitching staff is no longer to be looked upon with scorn by other clubs."

Cobb revealed that he is looking for someone to understudy his own aging legs.

"I'll be out there playing when the bell rings," he said, "but I don't intend to play through every game every day if I don't feel well up to it. I'm not as young as I used to be, you know. If I feel myself getting tired I'll get on to the bench and let someone else have a crack at it."

"We have very few new players. Those we have will be given every opportunity to make the grade.

"Much attention is to be given Read the Tidings ads.
