A COUGH REMEDY WITHOUT OPIATES
Many cough preparations contain one or more harmful drugs which are added to take the place of opiates. None of these narcotic substitutes have ever been used in FOLEY'S HONEY AND TAR COMPOUND. The name of every ingredient is plainly printed on every carton. You know what you are taking when you take Foley's. It clings to the throat. Good for old and young. You have a cough, why not try it. Refuse substitutes.

Never Suffer From pains you can stop
Most of the pains you suffer can be stopped at once. These include rheumatic pains, soreness, lameness, backache. And the congestion of chest colds. The way is to rub the sore spot with St. Jacobs Oil. Cause a counter irritation. Or relieve the congestion by bringing the blood to the skin. A moment does this, and comfort follows before the rubbing stops. St. Jacobs Oil has done this for 65 years. It has saved people from pain. Anybody who has used it will tell you that these pains are folly. A little rubbing and the pain is soothed. It seems to evaporate. The Nature has a chance to cure while you rest in comfort. Get this time-tried method proved by millions. You will never find anything better. It is sure and soothing, and it doesn't burn. Have it ready when the pain begins. Keep it on your shelf. The cost is but 35 cents. And the time is bound to come when it will save someone about you many hours of pain. Ward off the suffering which is so unnecessary.
