MY GUIDE

There is no path in this desert waste.
 For the winds have swept the shifting sands;
 The trail is blind where the storm has raged,
 And a stranger, I, in these fearsome lands.
 But I journey on with a light-some tread;
 I do not falter nor turn aside;
 For I see his figure, just ahead,
 He knows the way I take—my Guide.

There is no path in this trackless sea,
 No map is dimmed on the restless waves;
 The ocean snares are strange to me
 Where the unseen wind in its fury raves;
 But it matters naught; my sails are set,
 And my swift prow toesses the seas aside;
 For the changeless stars are steadfast yet,
 And I sail by his star-blazed trail—my Guide.

There is no way in this starless night;
 There is naught but cloud in the lanky skies;
 The black night smothers me, left and right;
 I stare with a blind man's straining eyes;
 But my steps are firm, for I can not stray;
 The path to my feet seems light and wide;
 For I hear his voice—"I am the way!"
 And I sing as I follow him on—my Guide.

—Robert J. Burdette.

Wednesday Club Meeting—The Wednesday club held their first meeting since the summer season yesterday afternoon at 2:30 in the parlor of the Presbyterian church.

A regular business meeting was held to decide the plans for the year. The presiding officers were Mrs. W. M. Poley, president; Mrs. L. S. Brown, vice president; Mrs. L. J. Harner, treasurer; Mrs. C. B. Howell, secretary.

Mrs. H. S. Harrison delighted the club with a number of selections on the piano. Readings were also given.

The room was prettily decorated with beautiful flowers. Tea was served by the hostesses, Mrs. W. M. Poley, Mrs. L. J. Harner and Mrs. Grace Andrews.

Calendar Of Events—The Daughters of the Nile will meet in Medford at the Masonic Hall Saturday, September 12 at 2:00.

Surprise Party—Miss Florence Allen who is to teach in Visalia, Calif., was surprised Tuesday evening at the home of Miss Eva Poley with a surprise party.

There were about twenty-one present from the choir and Westminster Guild of the Presbyterian church.

Mrs. Wilmer Poley delightedly entertained with some of her readings.

At a late hour refreshments were served of ice cream and wafers. The guests of honor, Miss Florence Allen was pro-

MARINE CORPS IS OPEN TO RECRUITING

Sergeant A. W. Carlson of the U. S. Marine recruiting corps, spent Labor Day in Ashland. He was prepared to receive recruits for the marine corps but either due to a lack of advertising of his visit here or a dearth of candidates for the service in these parts his visit was barren of results. Any young man who may be attracted by the many inducements the Marine Corps service now affords and who may wish to enlist should apply to the Postmaster at Ashland.

RUM RUNNING PLOT UNCOVERED AT BLAINE

SEATTLE, Sept. 9.—(U. P.)—District Attorney Nevelle was today starting an investigation into what is believed to have been a widespread liquor plot, involving rum runners, smugglers, hi jackers and customs and immigration officers at the Canadian border.

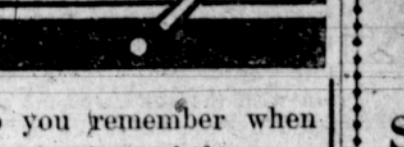

He was to confer today with William Karzmark, deputy customs collector in charge at Blaine. As the result of the preliminary investigation, Inspector Allen of the United States border patrol has resigned, according to the immigration commissioner at Seattle. The alleged plot came to light after a battle between rum runners and hi jackers near Blaine last Saturday night.

FIRE ENDANGERS CANADIAN TOWN

OTTAWA, Sept. 9.—(U. P.)—The fate of Hawkesbury village depended today on the vagaries of the wind, as one of the greatest forest fires in Canadian history roared through the timber lands about the town.

CYCOL MOTOR OIL
 FREE FROM DESTRUCTIVE SULPHUR COMPOUNDS

Service is essential in night driving

Driving at night, perhaps for greater comfort or to avoid the congestion of traffic, or under stress of necessity—dependability of your motor oil is of vital importance. For service stations and garages are closed and aid for the stalled motorist is extremely uncertain.
 You can depend on Cyclo to protect your motor every inch of the way. For Cyclo is refined to produce correct lubricating "bodies" for various motors and operating conditions. Dependability in Cyclo results from the refining treatment, which starts with the crude oil itself—during the very first stage of distillation; later, perfect filtration of the distilled oil; then redistillation and finally, a mechanical process which forces out any possible lingering impurities. All this is in addition to the usual purifying processes recognized by refiners. That's why Cyclo wears so well and is so economical to use.
