VISION
'Tis fine to have a vision fair and bright,
And good to dream the dreams of noble thought—
But better if you bring these things to pass
With hope transmuted into substance wrought.
Oh, let not rosy visions fade away—
Let them be mandates that the wise obey.

The people perish—where no visions are—
With eager heart, oh, make them all come true,
Till they are brighter than yon distant star
And joy of service rendered comes to you.
Ah! You can do no higher, better deed
Than give the world that which the world doth need.
—MRS. FRANK A. BRECK.

Civic Club Meeting—“Summer Vacation Reminiscences,” was the theme of Tuesday's meeting of the Civic Improvement Club which convened at 2:30 p. m., in regular session, following the Executive Board meeting at which business matters were largely taken care of for the coming month. The meeting with Mrs. Gordon MacCracken in the chair was opened by the salute to the flag, followed by the official club song, “America the Beautiful,” led by Mrs. Fred Neil, with Miss Berna Haight at the piano. Interesting reports of committees were given during the business session, and six new members were welcomed into the club. Advance announcement was made concerning the “Rummage Sale,” which is a Fall event in club annals, and the chairman asked that all bear the date in mind and lay aside articles during their fall cleaning that would be available for this sale which would be held early in October.

The chairman of the program committee, Mrs. Louis Dodge, then announced the opening number of the day's entertainment, which was a group of delightful selections, pleasingly interpreted by Miss Berna Haight, who told of the compositions, both Autumn pieces; the one MacDowell's “In Autumn” from his Woodland Sketches, the other from another American composer. She graciously returned, playing another bright selection. In Mrs. Pell's unavoidable absence, “The West,” which was the first in the symposium of “Vacation Reminiscences,” was omitted.

Mrs. William Myer whose theme was “The North,” came next. In the hour that followed the speaker, after a very clever introduction started with her party from Seattle to the north-land. The personnel of this group was composed of the following: Mrs. William Myer, h-

Members received today were the Mesdames P. R. Hardy, Nellie Babcock, Daisy McGarry, W. C. Myer, E. G. High and Mrs. J. W. McCoy.

Reception At Sap And Salt—Mr. Jesse Winburn entertained a few of his friends Sunday at his mountain home Sap and Salt. A delicious seven course French dinner was served to the guests.

Those present were Mrs. McCasky, Central Point; Mrs. L. A. Salade, Sr., Mr. and Mrs. Salade, Jr., Central Point; Miss Morgan of Medford, and Mr. and Mrs. Roy Bebb and Mr. and Mrs. Bert Moses of Ashland.

Citizens Bank Meeting—The sessions of the organization of the Citizens Bank were resumed last evening after having been suspended during the vacation months.

To show their interest in the organization which styles itself “The Junior Directors” the directors of the bank tendered a dinner for the opening meeting which was served at the Blue Flower Lodge.

The wives of the employees being included as guests. The occasion was much enjoyed by all present and it was felt that it was a most auspicious beginning for a pleasant and profitable series of meetings.

Miss Harriet Dodge, Mr. and Mrs. Arthur Hink, Mrs. Gladys Applegate, Miss Nell Carter, and Miss Frances Keroman, a friend who joined them at Portland. The pleasant little visit in Seattle, the establishment on board the “Admiral Rogers,” the various stops enroute, the side trips, the visits to different glaciers, and the longer stay at Sitka, all were graphically pictured. In Sitka, the Sheldon Jackson School, the Little Presbyterian church in which President Harding sat at worship and the pew of which is now marked with a brass plate, was visited, the legends, the flowers, were all described. Many interesting bits of life on the boat, people and entertainment were glimpsed in this delightfully told summer's outing.

“The South and West” was the theme of Mrs. J. W. McCoy's story of a vacation, covering months in time and in which twenty-seven states were visited. With but a brief word concerning Los Angeles, Houston, and Dallas, Texas were visited; historic Vicksburg, Greensboro, Ala., different cities of Florida, with illuminating discussion of their beauty, the progressiveness and products of the state all had a share of the speaker's attention. “Because so different, Florida and California should not be compared.” The longest and one of the most interesting visits was made at Norfolk, Va., where two and a half months were spent. After telling of the things that most deeply impressed her in Washington, Mrs. McCoy lightly glimpsed the homeward journey, with a day of intense heat in the desert as high lights on the westward way.

The club appreciated deeply the addresses given, with the strong contrasts from our fartherest north to the sunny southlands, so interestingly told by the travelers.

Just before announcing that tea was served, Mrs. MacCracken presented the club with a lovely punch ladle to accompany the bowl which was a gift to the club from the Chamber of Commerce. Mrs. Harris Dean and Mrs. Frank Jordan, as hostesses, poured at a daintily appointed table.

ASSOCIATED GASOLINE
CLEAN

Indeed yes, cleanliness in gasoline has everything to do with the value or miles you get in exchange for your motor-fuel money.

Why? Consider these facts. The gasoline cleanliness that really insures “more miles to the gallon” is unseen. You feel it in your motor. For it results in instant ignition at the spark, and complete “burning” or explosion, with no wasted or unconsumed fuel. Your engine gets every ounce of power contained in each “charge.”

Associated Gasoline is distilled by methods that provide a scientifically correct range or “chain” of boiling points, gradually rising from the lower or more “volatile” parts on up through the heavier or power-yielding parts. Associated is thorough-bred, unmixed, honest, dependable. It does a clean, thorough job in a snappy, business-like manner. Use Associated. Get “more miles to the gallon” through sustained quality.

The Resale Value of Your Home

It will be increased by “Check” Seal electrical wiring.

If you ever want to sell your home, you will find its resale value increased by a “Check” Seal electrical installation.

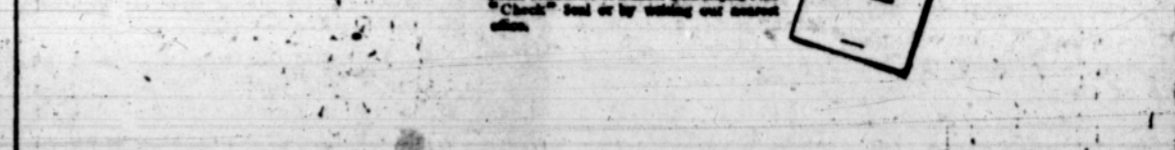

The “Check” Seal is a recognized mark of identification for qualified electrical contractors who make your house a real home of electrical comfort. Like modern plumbing and hardwood flooring, “Check” Seal wiring is a definite resale asset.

Before you build or buy, insist on “Check” Seal electrical wiring. And when you buy electrical appliances, remember also that the “Check” Seal identifies electrical retailers who sell quality electrical merchandise.
