# Get ready for tomorrow ~ Everyone

Within the next ten years, we see more industries, better development of the resources of this region, better business for everyone; and now is the time to get ready.

Our New Industries Department is with you-new capital and new people are needed to make the most of your wealth of natural resources.

The New Industries Department is disclosing to investing capital the great raw material wealth of our Agriculture. Timber and Minerals. It is working for the legitimate expansion of every industrial possibility for the region, and supplying a consolidated, supplementary Chamber of Commerce type of service for the five Oregon counties and the one California county within our territory.

We have every confidence in what the future holds in store, and hydro-electric power's participation in it. At present the Industries of this region are counting more on electricity than ever before; and we are proud to be able to say that the communities we serve have advanced further in the use of labor-saving household equipment than many of the largest cities on this coast or anywhere else. If you are ready to have your household work done electrically -a member of this company will be glad to tell you how little it costs.
