October, on the farms in Oregon!  
 Here came the pioneers to find and found  
 A paradise, that steadfast men have kept

Here fall the autumn rains in measured music,  
 Rhythmically, a melody as lovely as an ancient anthem  
 Played by dreamy gods on harps of jade

Rain-music on the roofs, in Oregon!  
 Sweet peace within the homes where there abides  
 The spirit of that swiftly passing clan

Sweetness that is of blended memories sanctified  
 Through years that have wrought gold of character  
 From those rough nuggets of an early day

The rain upon the roofs of quiet country homes  
 In valley places and upon the hills, tonight  
 Is mystic music of muted violins  
 Playing the witching harmonies of nature's overtures  
 To audiences of royalty, listening in their dreams.

Calendar of Events—  
 The Upper Valley Community club will meet at the home of Mrs. Fred Holmes next Tuesday, with Mesdames Mary Tucker and Betty Goettsche, acting as hostesses. This will be a "get-together" meeting, and a large attendance has been urged by the hostesses.

**ANNOUNCEMENT**

No society reports will be published in The Daily Tidings until Monday, October 12, when a change in policy and handling of Society Notes will become effective when the first installment under the new plan will be published.

Last year, due to the lack of space to properly handle the Society Notes in three installments each week, a change was

made whereby the Society was published each day. Within a short time The Tidings will make several improvements which will permit more space for Society and hereafter, instead of publishing a small amount of Society Notes in each issue, longer and more detailed reports will be published twice each week.

These reports will be in the Monday and Thursday issues of The Tidings, starting with the issue of October 12.

The Tidings management is also glad to announce that arrangements have been made whereby Mrs. Grace Andrews, who is recognized as the premier society editor of the city, has consented to edit the Society Notes, beginning with the Monday issue. Mrs. Andrews is closely connected with practically every club and other sources of society news in the city and Tidings readers are assured of the best possible Society columns in The Tidings beginning next Monday.

Later, when extensions are completed, The Tidings will publish each Thursday in connection with Society, a Woman's Page, embodying special features, articles and interesting illustrations.

**Now Listen to This--**

Speaking of auto supply houses, here's what we heard one man say—  
 "If Leedom's ain't got it there ain't nobody got it."  
 Such bad grammar he used.

And then one day we overheard someone tell a man this—  
 "If it is unobtainable at Leedom's Auto Supply, it's quite beyond the realm of possibility that a continuance of your search will reward your efforts with the part desired for your motor conveyance."  
 Can you imagine that?

Say it any way you want—it all means the same. If we don't have what you want for your car it's mighty hard to get it.

**GET READY for TOMORROW**  
 ~Everyone

Within the next ten years, we see more industries, better development of the resources of this region, better business for everyone; and now is the time to get ready.

Our New Industries Department is with you—new capital and new people are needed to make the most of your wealth of natural resources.

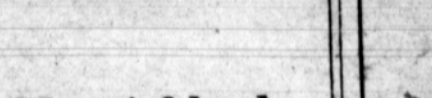

The New Industries Department is disclosing to investing capital the great raw material wealth of our Agriculture, Timber and Minerals. It is working for the legitimate expansion of every industrial possibility for the region, and supplying a consolidated, supplementary Chamber of Commerce type of service for the five Oregon counties and the one California county within our territory.

We have every confidence in what the future holds in store, and hydro-electric power's participation in it. At present the Industries of this region are counting more on electricity than ever before; and we are proud to be able to say that the communities we serve have advanced further in the use of labor-saving household equipment than many of the largest cities on this coast or anywhere else. If you are ready to have your household work done electrically—a member of this company will be glad to tell you how little it costs.
