ASHLAND, OREGON, WEDNESDAY OCT. 14, 1925

ASHLAND CLIMATE
Without the use of medicine, severe
colds come out of ten of a hundred.
This is a proven fact.

FINANCE DRIVE OF Y. M. C. A. IS NOW UNDER WAY

Twenty Local Business Men
Work as Solicitors For
Association

TO MEET EACH NIGHT

Two Men Teams to Stage Contest
in Obtaining Funds For
Y. M.

The Ashland Y. M. C. A. Finance Campaign opened today with twenty leading business and professional men working in the drive.

A preliminary meeting was held last night in the Plaza Confectionery at six o'clock. The meeting was in charge of O. F. Carson, president of the Association. Mr. Carson stated briefly the high points of the past year's work calling attention to the fact that 175 boys had been enrolled in intensive club programs. These club boys ranged from ten to eighteen years of age, the younger boys being enrolled in what is known as the Friendly Indian program. The boys twelve to fifteen were enrolled in the Pioneer and Boy Scout programs. For four years the high school boys have had what is known as a Hi-Y club, under the leadership of V. O. N. Smith. Mr. Carson praised the work of the local secretary, Cleo V. Howell, who teaches half time in the schools and gives half time to the Association.

Mr. Carson called upon Ronald Parks, president of the Hi-Y club for a statement. Mr. Parks spoke enthusiastically of the past year and said the prospects for this year were splendid. Already the club is organized and a number of new members are coming in. The program as outlined by Mr. Park includes a regular schedule of meetings, initiation of new members, special meetings for fathers and parents, active discussion meetings and throughout the year a special emphasis upon clean athletics, clean speech, clean life and clean scholarship. Mr. Park said that ten of the members were players on the football team, others were in other school activities and all leaders in Ashland High.

Homer Billings and H. C. Galey were called upon and responded by putting on a demonstration in solicitation. A. E. Yount, state boys' work secretary for the Y. M. C. A. explained the plan of the campaign. Those present were O. F. Carson, Homer Billings, George A. Briscoe, Harry Yeo, H. C. Galey, Randall J. Woods, Clarence Evans, V. O. N. Smith, J. H. Fuller, Cleo V. Howell, A. E. Yount, John Rigg, Dr. G. W. Gregg, Carl J. Brommer, W. W. Robinson, J. A. Putnam, H. C. High and Ronald Parks, president of the Hi-Y club.

These men were divided into teams of two men each and are calling upon prospective subscribers. The campaign is scheduled for three days, Wednesday, Thursday and Friday with a meeting each evening at six o'clock at the Plaza, when the teams will make reports on the canvass.

Fire Ruins House On Otis Street, Damage About \$350

Fire shortly before eleven o'clock this morning badly damaged a small house on the lower end of Otis street, causing damage estimated by Fire Chief Baughman at \$350.

The fire started, according to Baughman, from a concrete flue which was defective. It quickly spread to the attic of the building, and by the time the department was called, had ruined the rear of the structure.

Walter Holmes, who occupied the building, was preparing to move, his furniture being packed. He declared he was to have moved tomorrow morning.

The house is owned by L. P. Jacker of Los Angeles. Both the loss on the furniture and the house was covered by insurance.

Eugene—Negotiations under way for big lined mill to employ 300.

Tong Wars Puzzling to Chinese People

PEKING, Oct. 14—(LP)—"What is a 'tong war'?" News from America of tong wars there is as novel here as in London, Moscow. Peking has never had a tong war and has no idea what they are all about. The explanation is that China is so vast a country that the Cantonese, with whom America's tong wars originated, speak a different language from the Pekingese, think different thoughts, and even fight different fights.

HUNT SEASON ON PHEASANTS OPENS OCT. 15

Birds Scarce This Season
Say Hunters. Quail Season Opens Tomorrow

For sixteen days, starting tomorrow, hunters of Oregon will be allowed to enjoy what many of them claim to be the greatest of all field sports, China pheasant hunting. The season opens tomorrow and closes on October 31.

However, those who have been out looking the situation over, lining up the best hunting grounds, declare that the pheasants are scarce this season, in comparison with last season, and almost all are unanimous in declaring that the hunter who obtains the limit of five birds will be very lucky.

Quail season also opens tomorrow morning, and these birds are declaring to be plentiful in the Valley, even more plentiful than in past seasons. With the northern flight of ducks starting in the Klamath section, duck hunters are in for some good sport for the remainder of the season. Many hunters are planning on making a two or three day hunting trip to the Klamath country, combining duck and pheasant hunting. Pheasants are said to be plentiful in the vicinity of Klamath Falls.

Hunters are warned by the game warden not to kill the Hungarian partridges, which were set free in Jackson county some time ago. These birds are now in the vicinity of Jacksonville. There is no open season on these birds, since an effort is being made to propagate them in Southern Oregon.

SIMS ENTERS INTO NAVAL BOARD QUERY

WASHINGTON, Oct. 14—(LP)—Admiral William S. Sims, retired, commander of the United States fleet in European waters during the World War, and himself a hero of a contest twenty years ago between himself and the navy department, over a gunner, entered the aircraft controversy before a special air inquiry board here today.

The navy is without a definite air policy today, or a real airplane organization he said, and is without a policy to realize the use of the airplane can be made. "The navy department belittles the power of the airplane, while airmen are enthusiastic over its development and purpose," he declared.

Sims was followed on the stand by Rear Admiral Robert E. Coontz, former commander of the fleet, who said the navy needed more planes and airplane carriers. He agreed with what Sims said in that the navy could not triumph in the next war unless control of the air was obtained.

RANDOW DIES
LONDON, Oct. 14—(LP)—Eugene Sandow, famous "strong man" who appeared in vaudeville throughout the world, died here today, following the bursting of a blood vessel in his brain.

BACK IN LINEUP

Walter Johnson, veteran speed ball pitcher of the Senator pitching staff, who was scheduled to take the mound today in his third game of the series. Johnson has turned back the Pirates twice already in this series, and Manager Harris is confident he will sew up the series tomorrow.

Fellow Prisoners Give Prompt Aid to Wife, Children

LOS ANGELES, Oct. 14—A hard boiled lot are the prisoners at the county jail, perhaps, but Harley W. Azlin and his wife and six children do not think so. Azlin, whose home is in Tulare, was jailed on a burglary charge recently and the family dependent upon him came to desperate straits.

Yesterday Mrs. Azlin and the six children came to the county jail to see what could be done about it. Something had to be done, for they had sold their furniture, and were penniless.

Fellow prisoners of Azlin heard about it and before his large family left the jail, \$79.75 had been collected to put a silver lining to their cloud of despair.

One prisoner had contributed the use of "a house at Maywood that I am not able to occupy at present."

LOCAL SQUAD WORKING HARD FOR NEXT GO

With the season officially opened when they took a 12-7 trouncing at the hands of the Klamath Falls high eleven, the Ashland high gridders have settled down to the hardest work they have been given this year, and are now pounding away, getting into shape for their clash with Grants Pass Saturday at the high school field. The game Saturday will be the first of the season staged in Ashland.

Hughes gave his men plenty of work last night, and tonight will be another evening of labor for the aspiring candidates. The men showed lots of rough spots in their play Saturday, and Hughes is attempting to smooth these up before the tussle with Grants Pass.

According to the dope, Grants Pass and Ashland should stage a real battle. Klamath Falls trounced the Pass boys, 7-0, in their first game, and then won from Ashland by a five point margin. Although in most instances, this dope will not work, both wins for Klamath Falls were against teams playing their first game of the season, and it may amount to something Saturday.

THE WEATHER
Oregon and Washington—Fair, with moderate temperature. Light northerly winds.

Autos Carrying Liquor Not Public Nuisance

SAN FRANCISCO, Oct. 14—An automobile is not a public nuisance, even though it be used to transport liquor, the United States circuit court of appeals held today in reversing a portion of a decree handed down in the federal court at Seattle.

One James McLean appealed from a judgment convicting him of violating the liquor laws and branding his small coupe as a "public nuisance," that should be abated.

The circuit court concurred in McLean's conviction, but balked on the public nuisance court order. The higher court conceded that an automobile used for transporting liquor is subject to seizure and subsequent forfeiture, but was unwilling to admit that such an automobile is a public nuisance, so the Seattle case was remanded or a new trial.

INSTITUTE OF TEACHERS TO OPEN FRIDAY

Good Program Arranged For
Three Days of
Session

A pretentious program is planned for the teacher's institute which opens in Medford tomorrow morning. It was announced today by Susanne Holmes Carter, county superintendent of schools. Instruction will be given the teachers on every subject taught in the county schools.

Next year, the institute will be held in Ashland, according to an announcement made at the chamber of commerce forum luncheon yesterday.

The program for the institute follows:
Thursday A. M., October 15, 1925
9:00 America. Welcome—Supt. E. H. Hedrick. Medford Schools. O. S. T. A. Membership report. Are we 100 per cent?
9:40 Address—Educational Responsibility in an Industrial Age—President Landers.

10:30 Departments. High School.—The question of Ethical Instruction—Dr. Tuttle. Advanced Grades. Room 8, Grammar—Miss Arbuthnot. Rural, Room 2, The Significance of the Rural School—President Landers. Intermediate, Room 3, Arithmetic—Miss Beardsley. Primary, Room 5, Language—Miss Emma Henkle.

11:15 Departments. High School. The Present Trend of Psychology—President Landers. Advanced Grades, Oral and Silent Reading—Supt. Hedrick. Intermediate, Geography—Miss Arbuthnot. Primary, Language—Miss Henkle. Music, Room 10, upstairs—Miss Leona Marsters.

12:00 Cafeteria Luncheon at High School.
Thursday P. M., October 15, 1925
1:00 Group of Primary songs—Mrs. Canode's Room, Washington School.

1:30 Assembly Address, Leadership—President Landers.
2:15 Departments. High School. Teaching How to Study—President Landers. Advanced, Spelling, Arithmetic—Miss Beardsley. Primary, Language—Miss Henkle. Music, Room 10, upstairs—Miss Leona Marsters.

3:00 Departments. High School. The Use of Motives in Conduct Training—Dr. Tuttle. Advanced, Geography—Miss Arbuthnot. Intermediate, History—Miss Beardsley. Primary, Language—Miss Henkle.

3:45 Assembly Address—"Educational Pads—their Cause and Cure"—Dr. Tuttle.
Friday A. M., October 16, 1925
9:00 Assembly, Singing and Victrola Song Work—Miss Marsters.
9:45 Assembly Address—Dean H. D. Sheldon.

10:30 Departments. High School. Concrete plans for Moral and Civic Education—Dr. Tuttle. Advanced, Reading—Miss Arbuthnot. Intermediate, Geography—Miss Beardsley. Primary, Language—Miss Henkle.

SEVENTH GAME OF SERIES IS POSTPONED BY JUDGE LANDIS BECAUSE OF RAIN

Downpour Starting Two Hours Before Game Time, Continues After Temporary Postponements, and Commissioner Landis is Forced to Call Game Off. Teams Will Play Final Game of Series Tomorrow at Pittsburg. Walter Johnson and Vic Aldridge Were Heavies Selected for Game Today. Will Pitch Tomorrow

FORBES FIELD, PITTSBURG, Oct. 14. — (U. P.) — With 48,000 frantic fans inside the park, and many thousands outside, striving vainly to gain admittance, Judge Landis, high commissioner of baseball at 2:35 this afternoon called off the seventh game of the worlds series because of rain.

With the Senators and Pirates tied with three games each, Jupiter Pavius stepped into the series, and put a stop to any attempt today to break the deadlock. For several hours this morning, rain fell intermittently, but up to game time it was not decided whether the game would be postponed. However, just before game time, the rain increased to a steady downpour, and although Commissioner Landis waited 35 minutes, hoping that the rain would cease enough so play could be started, he was finally forced to call the game off.

During the 35 minute wait, Managers Harris and McKechnie of the contending teams, and the umpires several times conferred with Landis, all urging that the game be immediately postponed. However, the Judge sat tight, and refused to postpone the contest until the last shred of hope was gone. At the time the game was called, even though the rain had ceased, it would have been impossible to play, the diamond being a quagmire.

Had the game been played today, it would have been a battle of giants, with Walter Johnson, ace of the Senator staff opposing Vic Aldridge on the mound. Each of these hurlers have won two games during the present series, and it has been their work that has kept their teams in the battle.

Johnson, when he warmed up today, showed all the stuff he possessed during his two previous appearances. His fast ball, and there is none faster in baseball, was hopping six inches, while his curve was hooking the corners of the plate beautifully. He gave no sign of the injured thigh, which it was believed would bother him. However, it was announced by Manager Harris that the club physician and the club trainer had worked most of the night on Johnson's injured leg, steaming it, applying packs, and then taping it up tightly, in an effort to have him in shape for the game today.

Eddie Moore, Pirate second baseman, whose long swat to the score board in yesterday's game put the Pirates in the lead, and enabled them to draw up on even terms with the Senators in the worlds series.

ASHLAND LEADS ALL STATE IN REGISTRATIONS

Medford is Second, 21,095
Cars Are Registered Here
During 9 Month Period

Foreign motor vehicle registrations for the month of September, 1925, in the state of Oregon, numbered 9,178, as compared to 8,401 for the corresponding month of 1924 and 6,852 for September of 1923, an increase of 9.25 and 34 per cent, respectively, according to the records in the office of the Secretary of State. The registrations of the first nine months of 1925 numbered 72,111 as against 68,033 for the same period of 1924. The total registrations for the year 1924 was 75,671, and, from May 23 to December 31, 1923, it was 44,460.

(Continued on Page Four)

It is doubtful, however, which team will be the more benefited by the rain. Aldridge, although younger than Johnson, pitched Monday, and had been started today, it would have been his second appearance in three days. He is a curve ball pitcher, and needs plenty of rest between starts.

Both teams show signs of the terrific strain they have been under during the past eight days, and the rest will do both outfits a world of good.

Although the fans clamored for action just before game time, when it became apparent that the game could not be played, most of them left their seats, and started for home. The gatekeepers were kept busy for two hours passing out rain checks, which will be used tomorrow, when play is resumed.

The same lineups which faced each other yesterday, with the exception of the pitchers and catchers, were ready for action today, with McInnis still holding down first base for the Pirates, in place of Grantham.

Campbell—Towle Co., of Klamath Falls builds remanufacturing plant at its Sprague River mills.

FAIR PLAY

On practically every residence door entrance in this city there is a cardboard sign, warning agents, peddlers and other order takers that they are not welcome and that the citizens of Ashland order their merchandise from Ashland merchants.

Yet, there is sufficient job printing being ordered by some of the merchants, professional and business men of Ashland from outside printing house representatives, peddlers, agents or order-takers, whatever you might want to call them, to keep at least one or two more printers busy in Ashland if the same orders, all of which could be printed in Ashland, were placed locally instead of sending the money to Los Angeles, Portland and other distant cities.

And these same merchants, professional and business men — the ones who are ordering from the outside will of course know that this includes them — are the ones who profit from the benefits accruing from the warning which the citizens of Ashland have permitted on their door entrances!

The cold facts are these: In Ashland there are only two printers devoting their time exclusively to job printing, two men and their dependants who are spending their salaries in Ashland; while in Los Angeles, Portland and other outside cities there are several printers whose salaries are being paid in whole or in part from the profits derived from the printing orders which are being sent out of Ashland, without any reason whatever.

D. M. LOWE IN AUTO SMASHUP WRECKS TRUCK

MEDFORD, Oct. 14—While in the city Monday from his ranch near Talent, D. M. Lowe figured in an auto collision which did havoc to his light touring car and truck. It is said that he had parked his truck directly in front of the touring car used by his son in attending school.

Mr. Lowe wishing to use his son's car attempted to drive it out of a very tight parking space, and while so doing his foot slipped from the brake pedal to the accelerator. The car shot ahead into the rear of the truck, breaking and bending equipment of both vehicles.

The crash of the collision, which occurred near the high school, aroused the students within to the extent that they nearly called the police believing that young Lowe's car was being stolen.
