New Lamp Burns 94 Per Cent Air
 Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 25 leading universities and found to be superior to all ordinary oil lamps. It burns without odor, smoke or noise—no pumping up; is simple, clean, safe. Burns 94 per cent air and 6 per cent common kerosene (coll oil). The inventor, V. M. Johnson, 181 North Union Ave., Portland, Ore., is offering to send a lamp on 14 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.

SAYS HARD TO GET TEACHERS FOR NORMAL

SALEM, Ore., Oct. 15—Salaries of normal school instructors and department heads in the middle west range from \$9 to \$6 per cent higher than in Oregon, consequently it is difficult to bring instructors from those states into Oregon, says J. A. Churchill, after a trip of inspection of normal schools. Mr. Churchill is state superintendent of schools and president of the new normal school to be established at Ashland. He visited normal schools in Minnesota, Wisconsin, Michigan, Ohio, Illinois and Iowa. Mr. Churchill says he gleaned many valuable ideas for normal school operation while on the trip.
