IF THEY COULD STOP AND REST

Do you know that your kidneys have worked without ceasing from the hour of your birth? They filter and remove from the blood stream waste matter which if permitted to remain and re-enter the system, may cause serious diseases. If overworked you can help them by taking FOLEY PILLS, a diuretic-stimulant for the kidneys, which gently flush the kidneys and increase the elimination of waste matter from your system. Try them today. Sold by all good drug stores. Sold everywhere.
